MAGNIS ENERGY TECHNOLOGIES

FOR RELEASE : 10 OCTOBER 2019

# Nobel Prize awarded to Magnis Director Distinguished Professor M.Stanley Whittingham

Magnis Energy Technologies Limited (**"Magnis"** or the **"Company"**) (ASX:MNS) is pleased to announce its Non-Executive Director, Distinguished Professor M. Stanley Whittingham, has been awarded the 2019 Nobel Prize in Chemistry for his work in developing the Lithium-ion battery.

The award was announced last night in Stockholm by Göran K. Hansson, Secretary General of The Royal Swedish Academy of Sciences.

**Chairman Frank Poullas commented**: "On behalf of our shareholders, Board and management team we would like to congratulate Professor Whittingham on this remarkable achievement."

"To have a Nobel Laureate as a Director, and one with such relevant sector expertise, is a great privilege, not only for Magnis but for the whole investing community in Australia".
