AMBRI Limited (ASX: ABI) BioSensor Research Paper

AMBRI advises that a scientific research paper regarding the Company's biosensor membrane has been published internationally in the August 2007 edition of the Material Research Society's Journal of Materials Research.

The paper, entitled "Making lipid membranes even tougher", by Bruce Cornell and co-authored by Jognandan Prashar, Philip Sharp and Mathew Scarffe, describes work undertaken at Ambri Limited and reports on a design for a novel more robust sensor.

The paper can be viewed on our website at:

www.ambri.com/Content/display.asp?name=Technology

and at www.mrs.org/publications/jmr/.

By Order of the Board

A handwritten signature in black ink, appearing to read "Paul Jobbins".

Paul Jobbins
Company Secretary
