Company Announcement Office  
ASX Limited

### China Growth Minerals Limited becomes a significant shareholder in A-Cap

The Board of A-Cap wishes to announce that China Growth Minerals Limited "CGM" a Hong Kong Investment company, has acquired an initial 13M shares or 8.11% of the issued capital of A-Cap from "Polo Resources plc" for 38.5 cents per share, and has an option to acquire a further 13M shares within six months at a price of either:

- a) the 15 day VWAP of the 13M shares for the 15 days prior to the completion of the sale and purchase of those 13M A-Cap shares plus 10%, OR
- b) 40 cents per share.

CGM has advised A-Cap that the acquisition is a strategic long term investment based on several factors;

- 1) The Letlhakane Uranium Project is a high class uranium deposit which has high tonnes at low grade that from past scoping study reports indicate an economic model based on achievable uranium pricing.
- 2) The Letlhakane tenement has further exploration potential as seen with the recent drill results at the new Serule discovery only 10 km s resource.
- 3) A-Cap significant other exploration potential in Botswana which has surface anomalism and requires further exploration.

The board of A-Cap welcome the arrival of CGM onto the A-Cap register and look forward to their continued involvement with the Company
