- These presentations include certain forward-looking statements that are based on information and assumptions known to date and are subject to various risks and uncertainties. Actual results, performance or achievements could be significantly different from those expressed in, or implied by, these forward-looking statements. Such forward-looking statements are not guarantees of future performance and involve known and unknown risks, uncertainties and other factors, many of which are beyond the control of Telstra, which may cause actual results to differ materially from those expressed in the statements contained in these presentations. For example, the factors that are likely to affect the results of Telstra include general economic conditions in Australia; exchange rates; competition in the markets in which Telstra will operate; the inherent regulatory risks in the businesses of Telstra; the substantial technological changes taking place in the telecommunications industry; and the continuing growth in the data, internet, mobile and other telecommunications markets where Telstra will operate. A number of these factors are described in Telstra's Financial Report dated 13 August 2009 and 2009 Annual Debt Issuance Prospectus lodged with the ASX.
- The Chinese online business results are from unaudited management accounts converted from local currency into Australian Dollars.
- All forward-looking figures in this presentation are unaudited and based on A-IFRS. Certain figures may be subject to rounding differences. All market share information in this presentation is based on management estimates based on internally available information unless otherwise indicated.
