GBM Gold announces key appointment of Mr John Harrison as General Manager of its Inglewood Project

Gold production and exploration Company, **GBM Gold Ltd (ASX: GBM)** announces it has appointed Mr John Harrison, a seasoned mining industry expert, as manager of its flagship Inglewood project.

“We are delighted to announce that John has joined the GBM team as General Manager of Inglewood. As a Mining Engineer with vast experience in gold mining, mining engineering and business management – and impressive qualifications to match the experience - he is the ideal person to manage Inglewood during its imminent steep production and revenue growth phase” said company Chairman Ian Smith “John’s relevant expertise will also help tremendously with our planned growth into open pit mining”.

A brief CV of Mr Harrison :

John Harrison ARMIT (Mining Eng), Dip CE, MBA, FAusIMM (CP), MIE(Aust) CPEng

John Harrison is a mining engineer with 41 years experience in mining and exploration in Victoria, South Australia, Queensland, New South Wales, Tasmania, Western Australia and New Zealand. John’s expertise is in management, project evaluation, planning and mining operations. During his career with the State Electricity Commission of Victoria, CSR Ltd, Australian Mining Consultants, Adelaide Hills Council and the University of South Australia he has managed engineering and operational teams, operated open pit mines, evaluated exploration and mining projects and lectured in mining engineering. He is a Member of the Institution of Engineers (Australia) and a Fellow of the Australasian Institute of Mining and Metallurgy.

Mr Harrison is presently on a contract with intent from both sides to move to a full time employed role. His direct reports are Maxwells Mine manager Neil Yurman, Mill manager James Douglass, finance manager Rhys Whalley, mining geologist Andre Viktor and his administration and community liaison personnel. GBM’s in-house exploration geology team, within GBM subsidiary Kralcopic Pty Ltd, manages the exploration geology work reporting to John and the Inglewood and GBM boards.

About GBM Gold Ltd (ASX: GBM)

GBM Gold Ltd (GBM) is focused on building a strong gold production base from what are at present 5 gold projects in Central Victoria, Australia. .

Within each of these 5 projects - Inglewood, Goldsborough, Beavis-ISG, Fiddlers Creek-Avooca and Wilsons Hill - are one or more granted Exploration or Mining licences, each containing a number of well defined Resource blocks and/or Exploration Targets. The various projects are at a mix of development stages, with some projects in production and others in later or earlier analysis, exploration or development phases.

GBM has highly experienced teams focused on the requirements of its operating areas, a centralised geology team with strong background in the Central Victoria style of mineralisation as well as Bendigo based management, finance and administration personnel.
