Commentary

Operations

There have not been any significant changes to the business objectives and strategies as outlined in the half-year report for the period ending 31 Dec 2011 released to the market today. The Group continues to focus its efforts in growing the IT trading and UPS segments as well as securing new business opportunities.

On 8 February 2012, Byte Power established an Asian Business Division which will focus on pursuing both investment and business trade opportunities in Asia, with an initial focus in China, Hong Kong, Singapore and Malaysia.

With Byte Power's existing history of doing business in Asia, the directors believe strongly that the Company is well positioned to take advantage of business and trade opportunities as and when they arise through this new division.

Funding

The Company's ongoing fundraising activities, as well as the continuation of shareholder support will address any negative cash flow in the short to medium term.
