#### DIRECTORS' REPORT

#### **DIRECTORS' REPORT**

Your directors submit the financial report of the consolidated entity comprising Caspian Oil & Gas Limited (the "Company") and its controlled entities ("Caspian" or the "Caspian Group") for the half year ended 31 December 2011. In order to comply with the Corporations Act 2001, the directors report as follows:

#### **Directors**

The directors of the Company who held office during or since the end of the half-year and until the date of this report are listed below. All directors were in office for this entire period unless otherwise stated.

Colin John Carson Graeme Leslie Parsons Jürg Walker Michael Sandy Avraham Ben-Natan

Appointed 30 November 2011

#### Results

The consolidated loss for the half year after tax was \$42,639 (2010: \$1,618,700).

#### **Review of Operations**

#### **Background**

Caspian Oil & Gas Ltd through its subsidiary companies CJSC Textonic and South Derrick LLC holds licences in the Fergana Basin, giving it a significant exploration position within the Kyrgyz Republic. Caspian operates its own 650hp ZJ20 drilling rig which is capable of drilling to a depth of 2,500m in its Kyrgyz operations. Caspian also maintains strategic interests in mineral assets.

#### Kyrgyz Operations

Caspian drilled the West Mailisu #2 well during the half-year. The well encountered good oil shows over 1,691m-1,697m and produced a minor amount of oil (~20bbls) on test. The results are not considered to be a fair indication of the potential as it is likely that the formation is damaged due to heavy drilling fluids. Initial estimates for the well map a mean potential resource of around 1 million barrels.

During November, 20km of 2D seismic was recorded over four leads in the East Mailisu and Charvak licences. A review of this and other regional seismic has identified large potential Palaeozoic structures. Studies are currently underway to determine how best to highgrade the opportunities.

At the end of 2011, following negotiations with the Government, a rationalisation of the licences has been made.

The least prospective portions of the Akbura licence (east) and the Sulukta licence (south) and the entire Katran licence are to be relinquished. New 10 year terms have been applied for all the other licences and are currently awating final Government ratification.

Approximately 2,470 barrels of oil were produced from Caspian's operations in the half year.

Caspian is currently active in seeking joint-venture participants.

#### DIRECTORS' REPORT

#### Mineral Assets

Caspian Oil & Gas Ltd retains a number of minerals related assets, which, given buoyant conditions in that sector and pleasing progress made on these assets during the past half-year period, are taking on greater significance to the Company. These assets include shares in listed gold producers and explorers, royalty interests and gold and diamond projects in Ghana, Guinea and the Democratic Republic of Congo (DRC). Caspian continues to be presented with new opportunities in the hard rock mineral sector and will continue to follow up on interesting leads.

The Company has continued to fund its activities by the sale of shares in listed minerals companies. At the date of this report the market value of Caspian's listed minerals company shares is \$1.8 million.

Results from a 60-hole, 5,880m reverse circulation (RC) and diamond core drilling program at the Mansounia Gold Project, Guinea, were announced by Caspian's JV partner, Burey Gold Limited, in November 2011. The program, which achieved results including 18m at 3.0g/t, 13m at 3.4g/t, 2m at 9.1g/t and 13m at 1.8g/t Au, tested extensions and infill to the low grade Mansounia gold deposit. Caspian understands that Burey will update the resource estimate for Mansounia before assessing possible development options.

Caspian retains an 8% interest in the Mansounia project, carried to completion of a feasibility study, at which time it is also entitled to a US\$500,000 cash payment.

Caspian owns the Osenase, Pramkese and Asamankese licences in Ghana, which are prospective for alluvial and hard rock diamonds and gold. The Company is in discussion with potential farm-in partners for these projects.

Caspian holds 0.5% royalties on production from Perseus Mining Limited's Tengrela Gold Project in Ivory Coast and Grumesa Gold Project in Ghana, both of which are moving towards possible development over the next two years and will be expected to provide an initial cash flow of around US\$1.3m per year from late 2013 if current gold prices are maintained. It also has a joint venture on two diamond exploration licences at Tshikapa in the Democratic Republic of Congo which is funded by its joint venture partner, Delrand Resources Limited.

#### **Auditor's Independence Declaration**

Section 307C of the Corporations Act 2001 requires the Company's auditors, HLB Mann Judd, to provide the directors of the Company with an Independence Declaration in relation to the review of the half-year financial report. This Independence Declaration is set out on the next page and forms part of this directors' report for the half-year ended 31 December 2011.

This report is signed in accordance with a resolution of the Board of Directors made pursuant to Section 306(3) of the Corporations Act 2001.

Dated this 15th day of March 2012

The information in this report that relates to oil and gas exploration results and hydrocarbon reserves is based on information compiled by Mr Graeme Parsons, who is a petroleum geoscientist. Mr Parsons is a Director and full-time employee of the Company. Mr Parsons has more than 30 years' experience in this discipline and he consents to the inclusion in this report of the matters based on his information in the form and context in which it appears.

Exploration results referred to at the Mansounia Project above are obtained from public records of Burey Gold Limited, the operator of the project.

#### **AUDITOR'S INDEPENDENCE DECLARATION**

As lead auditor for the review of the financial report of Caspian Oil & Gas Limited for the half-year ended 31 December 2011, I declare that to the best of my knowledge and belief, there have been no contraventions of:

- a) the auditor independence requirements of the *Corporations Act 2001* in relation to the review; and
- b) any applicable code of professional conduct in relation to the review.

#### NOTES TO THE FINANCIAL STATEMENTS

31 December 2011

#### 1. STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES

#### **Statement of compliance**

These interim consolidated financial statements are a general purpose financial report prepared in accordance with the requirements of the Corporations Act 2001, applicable accounting standards including AASB 134: Interim Financial Reporting, Accounting Interpretations and other authoritative pronouncements of the Australian Accounting Standards Board ('AASB'). Compliance with AASB 134 ensures compliance with IAS 34 'Interim Financial Reporting'.

This condensed half-year report does not include full disclosures of the type normally included in an annual financial report. Therefore, it cannot be expected to provide as full an understanding of the financial performance, financial position and cash flows of the group as in the full financial report.

It is recommended that this financial report be read in conjunction with the annual financial report for the year ended 30 June 2011 and any public announcements made by Caspian Oil & Gas Limited and its subsidiaries during the half-year in accordance with continuous disclosure requirements arising under the Corporations Act 2001 and the ASX listing rules.

#### **Basis of preparation**

The interim report has been prepared on a historical cost basis, except for available-for-sale financial assets which are measured at fair value. Cost is based on the fair value of the consideration given in exchange for assets. The Company is domiciled in Australia and all amounts are presented in Australian dollars, unless otherwise noted.

For the purpose of preparing the interim report, the half-year has been treated as a discrete reporting period.

The accounting policies and methods of computation adopted in the preparation of the half-year financial report are consistent with those adopted and disclosed in the Company's 2011 annual financial report for the financial year ended 30 June 2011.

#### Significant accounting judgements and key estimates

The preparation of interim financial reports requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expense. Actual results may differ from these estimates.

In preparing this interim report, the significant judgements made by management in applying the Group's accounting policies and the key sources of estimation uncertainty were the same as those that applied to the consolidated financial report for the year ended 30 June 2011.

#### Adoption of new and revised Accounting Standards

In the half-year ended 31 December 2011, the Directors have has reviewed all of the new and revised Standards and Interpretations issued by the AASB that are relevant to its operations and effective for annual reporting periods beginning on or after 1 July 2011.

It has been determined by the Directors that there is no impact, material or otherwise, of the new and revised Standards and Interpretations on its business and, therefore, no change is necessary to Group accounting policies.

The Directors have also reviewed all new Standards and Interpretations that have been issued but are not yet effective for the half-year ended 31 December 2011. As a result of this review the Directors have determined that there is no impact, material or otherwise, of the new and revised Standards and Interpretations on its business and, therefore, no change is necessary to Group accounting policies.

#### INDEPENDENT AUDITOR'S REVIEW REPORT

To the members of Caspian Oil and Gas Limited

#### Report on the Condensed Half-Year Financial Report

We have reviewed the accompanying half-year financial report of Caspian Oil and Gas Limited ("the company") which comprises the condensed statement of financial position as at 31 December 2011, the condensed statement of comprehensive income, condensed statement of changes in equity and condensed statement of cash flows for the half-year ended on that date, notes comprising a summary of significant accounting policies and other explanatory notes and the directors' declaration of the consolidated entity comprising the company and the entities it controlled at the half-year end or from time to time during the half-year.

Directors' responsibility for the half-year financial report

The directors of the company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such controls as the directors determine is necessary to enable the preparation of the half year financial report that is free from material misstatement, whether due to fraud or error.

Auditor's responsibility

Our responsibility is to express a conclusion on the half-year financial report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the financial report is not in accordance with the *Corporations Act 2001* including: giving a true and fair view of the consolidated entity's financial position as at 31 December 2011 and its performance for the half-year ended on that date; and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*. As the auditor of the consolidated entity, ASRE 2410 requires that we comply with the ethical requirements relevant to the audit of the annual financial report.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Independence

In conducting our review, we have complied with the independence requirements of the *Corporations Act 2001*.

Matters relating to the electronic presentation of the reviewed half-year financial report

This review report relates to the half-year financial report of the company for the half-year ended 31 December 2011 included on the company's website. The company's directors are responsible for the integrity of the company's website. We have not been engaged to report on the integrity of this website. The review report refers only to the half-year financial report identified above. It does not provide an opinion on any other information which may have been hyperlinked to/from the half-year financial report. If users of the half-year financial report are concerned with the inherent risks arising from publication on a website they are advised to refer to the hard copy of the reviewed half-year financial report to confirm the information contained in this website version of the half-year financial report.

#### Conclusion

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of Caspian Oil and Gas Limited is not in accordance with the *Corporations Act 2001* including:

- a) giving a true and fair view of the consolidated entity's financial position as at 31 December 2011 and of its performance for the half-year ended on that date; and
- b) complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.
