

iSonea Announces Changes to Board of Directors

Sydney, Australia and Severna Park, MD — 3 April, 2012 — Medical technology company [iSonea Ltd.](#) (ASX: ISN; OTCQX: ISOAY) has appointed Dr. Ross Macdonald and Dr. Stewart Washer to its Board of Directors and Mr. Donal O’Dwyer as a special advisor to the Board.

Concurrently, Mr. Paul Hopper and Mr. Fabio Pannuti will step down from Director positions as of March 31, 2012.

“We thank both Paul Hopper and Fabio Pannuti for the many contributions they have made to iSonea through their experience and leadership as Directors,” said Ross Haghghat, Chairman of the Board of iSonea Ltd.

“They have played a pivotal role in positioning the evolving company for a successful future. We are also extremely pleased to welcome such esteemed new members to our Board.”

The company’s chief executive officer, Mr. Mike Thomas added: “We are excited to gain the extensive expertise and insights that Dr. Ross Macdonald and Dr. Stewart Washer will bring to the commercialisation opportunities that lie ahead for us, as iSonea achieves significant milestones and introduces innovative medical devices and mobile health solutions to the world’s key markets for asthma and other respiratory disorders.

“iSonea is at the forefront of changing the way asthma is managed around the world. The addition of Dr. Macdonald and Dr. Washer to our board, and the addition of Mr. O’Dwyer as an advisor, will enhance iSonea’s leadership during these exciting times.”

Dr. Macdonald brings extensive local and international biomedical experience in general management, technology commercialisation, capital raising, and business development, including licensing, mergers and acquisitions.

He was formerly Managing Director and CEO of Living Cell Technologies Ltd (ASX: LCT; OTCQX: LVCLY), a development stage biotechnology company focused on therapeutics for type-1 diabetes, Parkinson’s disease, and stroke.

Dr. Macdonald is currently a Member of the Investment Committee of Uniseed Management Pty Ltd, a venture fund established to commercialise research outcomes from the Universities of Queensland, Melbourne and New South Wales, and serves as a Director for pharmaceutical development companies Telesso Technologies Ltd (ASX: TEO) and Hatchtech Pty Ltd.

For personal use only

Previously he was Vice President, Business Development for Sinclair Pharmaceuticals Ltd, Vice President of Corporate Development for Stiefel Laboratories, Inc., and was Vice President of Business Development for Connetics Corporation when it was acquired by Stiefel. He was also Vice President of Research & Development for F.H. Faulding & Co, Ltd, Australia's largest and oldest pharmaceutical company.

Dr. Washer has 15 years of senior executive and Board experience at medical device, drug development and agrifood companies. He was a venture partner with Inventages, a Nestlé fund and is currently Investment Manager with IB Managers, which manages Australian life-science funds. Dr. Washer was previously the CEO of Calzada Ltd (ASX: CZD); the founding CEO of Phylogica Ltd (ASX: PYC); CEO of Celentis; and managed the commercialization of intellectual property from AgResearch in New Zealand.

He has held a number of Board positions, including Chairman of Resonance Health Ltd (ASX: RHT) and Hatchtech Pty Ltd; and Director of iCeutica Pty Ltd and AusBiotech Ltd. He was also a Senator with Murdoch University and is currently a Director of Healthlinx Ltd (ASX: HTX) and Immuron Ltd (ASX: IMC).

Mr. Donal O'Dwyer brings extensive worldwide sales, marketing, product development and manufacturing operations experience in the healthcare products and medical device industries. He was formerly Worldwide President of Cordis Cardiology, a Johnson & Johnson Company, during which time he re-established their position as a leader in international cardiology with the development and launch of the revolutionary Cypher coronary stent. He oversaw the growth of that business from USD500M per annum to over USD2B per annum.

Mr. O'Dwyer is currently Deputy Chairman of the Board at Mesoblast Limited (ASX: MSB; OTC ADR: MBLTY), the world's leading developer of biological products for regenerative medicine. He is also a member of the Board at Cochlear, the leading global hearing solution company. Previously, he was President of the Cardiovascular Group, Europe, for Baxter Healthcare. He was chairman of the Board of AtCor Medical and has served as Director on the Boards of Angioblast Systems and Sunshine Heart.

About iSonea Limited

iSonea Limited (ASX:ISN; OTCQX:ISOAY) is an emerging medical technology company developing innovative, non-invasive devices and mobile health apps to improve the management of chronic, costly respiratory disorders such as asthma and COPD. By leveraging iSonea's proprietary Acoustic Respiratory Monitoring™ (ARM) technology with its AsthmaSense™ mobile applications, iSonea is turning smartphones into medical devices—enabling anyone, anywhere, at any time to monitor breathing distress symptoms, in order to take action. iSonea's ARM devices have been cleared for use by the U.S. Food and Drug
