## **Commentary**

### **Operation**

Following on from the high trading activity seen in the Consolidated statement of cash flows for July 2012, the trend has continued into the month of August.

The Company's IT business and Asian Business Division is expected to continue to perform favourably during the remainder of the 2012-13 financial year.

### **Funding**

The Company continues its capital raising activities in order to address its working capital requirements to support the recent growth in the business. As the Asian Business Division continues to develop, the Company expects positive growth in the months ahead, which will address any negative cashflow in the medium term.
