About Daton Group Australia Limited:

Listed on Australia Securities Exchange since 2011 (ASX Code: DTG), Daton is an Australian fertiliser manufacturer with a new plant being built in Brisbane. Through its wholly owned subsidiary company, Apollo fertiliser Queensland Pty Ltd, Daton has expanded the business in Australia. Daton has a professional technology research team and a management team with extensive experience. With focus into Australia and the dynamic future of the agribusiness, Daton is confident in its long term growth and returns to its shareholders.

About Krucible Metals Limited:

Listed on Australia's main stock exchange since 2007, Krucible is an Australian-based resources company with an enviable history of discovery in phosphorus and rare earths as well as other elements. Krucible continues to explore for precious metals, base metals and others, and is transitioning to a mining company. Krucible has expectations to enter a joint venture to develop a mine at Korella in the mineral rich Mount Isa area of north western Queensland where the company discovered phosphate and rare earths. Krucible has a strong industry-based board and management, who promote aggressive value-added mining projects.
