MEDIA RELEASE

Lumo signs gas sales agreement with Esso Australia Resources and BHP Billiton Petroleum 14 May 2013

Lumo Energy has entered into a new gas sales agreement with Esso Australia Resources Pty Ltd and BHP Billiton Petroleum (Bass Strait) Pty Ltd. This agreement will supply 22 petajoules (PJ) of gas from the Gippsland Basin over a three year period from 2015. Pricing under this agreement incorporates an oil linkage mechanism.

Lumo's General Manager Wholesale, Justin Mulder said, "This contract is significant for Lumo Energy, strengthening its position in the market place, providing additional capacity and flexibility to Lumo's existing gas portfolio and confidence of supply in the uncertain gas environment ahead."

Lumo Energy is the fourth largest residential retailer of gas and electricity in South East Australia. Lumo has 500,000 customer accounts, retails gas in Victoria and New South Wales and electricity in Victoria, South Australia, New South Wales and Queensland. Lumo has a well-balanced wholesale position comprising of physical and financial products to support retailing activities ensuring it has the capacity and flexibility to meet our customer's needs at competitive prices.
