### **Glossary of Terms**

In this Disclosure Statement unless the context otherwise requires:

- (a) "Bank" means ANZ Bank New Zealand Limited;
- (b) "Banking Group" means the Bank and all its controlled entities;
- (c) "Immediate Parent Company" means ANZ Funds Pty Limited, which is the immediate parent company of ANZ Holdings (New Zealand) Limited;
- (d) "Ultimate Parent Bank" means Australia and New Zealand Banking Group Limited;
- (e) "Overseas Banking Group" means the worldwide operations of Australia and New Zealand Banking Group Limited including its controlled entities;
- (f) "New Zealand business" means all business, operations, or undertakings conducted in or from New Zealand identified and treated as if it were conducted by a company formed and registered in New Zealand;
- (g) "NZ Branch" means the New Zealand business of the Ultimate Parent Bank;
- (h) "ANZ New Zealand" means the New Zealand business of the Overseas Banking Group;
- (i) "Registered Office" is Level 10, 170-186 Featherston Street, Wellington, New Zealand, which is also ANZ New Zealand's address for service;
- (j) "RBNZ" means the Reserve Bank of New Zealand;
- (k) "APRA" means the Australian Prudential Regulation Authority;
- (l) "the Order" means the Registered Bank Disclosure Statements (Overseas Incorporated Registered Banks) Order 2013; and
- (m) Any term or expression which is defined in, or in the manner prescribed by, the Order shall have the meaning given in or prescribed by the Order.

## General Disclosures

This Disclosure Statement has been issued in accordance with the Order.

### Credit Rating Information

The Ultimate Parent Bank has three credit ratings, which are applicable to its long-term senior unsecured obligations. The Ultimate Parent Bank's credit ratings are:

Rating Agency	Current Credit Rating	Qualification
Standard & Poor's	AA-	Outlook Stable
Moody's Investors Service	Aa2	Outlook Stable
Fitch Ratings	AA-	Outlook Stable

### Guarantors

As at the date of signing of this Disclosure Statement, no obligations of the NZ Branch are guaranteed.

### New Zealand Guarantee Arrangements

The Crown guarantees specific issuances of wholesale funding of participating New Zealand financial institutions under the New Zealand Wholesale Funding Guarantee Facility. The Government closed this scheme to new debt securities on 30 April 2010. The NZ Branch does not have a guarantee under this scheme. However, a member of ANZ New Zealand, ANZ New Zealand (Int'l) Limited, has debt securities with a carrying value of \$204 million for which the Crown has issued a Guarantee Eligibility Certificate.

Certain debt securities ("Covered Bonds") issued by the Bank or its wholly owned subsidiary, ANZ New Zealand (Int'l) Limited, are guaranteed by ANZ NZ Covered Bond Trust Limited (the "Covered Bond Guarantor"), solely in its capacity as trustee of ANZ NZ Covered Bond Trust. The Covered Bond Guarantor has guaranteed the payment of interest and principal of Covered Bonds with a carrying value as at 31 March 2013 of \$2,926 million, pursuant to a guarantee which is secured over a pool of assets. The Covered Bond Guarantor's address for service is Level 10, 141 Willis Street, Wellington, New Zealand. The Covered Bond Guarantor is not a member of the Banking Group and has no credit ratings applicable to its long term senior unsecured obligations payable in New Zealand dollars. The Covered Bonds have been assigned a long term rating of Aaa and AAA by Moody's Investors Service and Fitch Ratings respectively. Details of the pool of assets that secure this guarantee are provided in Note 7.

## Notes to the Financial Statements

### 1. Significant Accounting Policies

#### (i) Reporting entity and statement of compliance

These interim financial statements are for ANZ New Zealand for the six months ended 31 March 2013. They have been prepared in accordance with New Zealand Generally Accepted Accounting Practice as appropriate for profit oriented entities, the requirements of NZ IAS 34 *Interim Financial Reporting* and the Order, and should be read in conjunction with ANZ New Zealand's financial statements for the year ended 30 September 2012.

#### (ii) Basis of measurement

These financial statements have been prepared on a going concern basis in accordance with historical cost concepts except that the following assets and liabilities are stated at their fair value:

- derivative financial instruments, including in the case of fair value hedging, the fair value of any applicable underlying exposure;
- financial instruments held for trading;
- financial assets treated as available-for-sale; and
- financial instruments designated at fair value through profit and loss.

Insurance policy assets are measured using Margin on Services principles, and defined benefit obligations are measured using the Projected Unit Credit method.

#### (iii) Changes in accounting policies

The accounting policies adopted by ANZ New Zealand are consistent with those adopted and disclosed in the previous full year Disclosure Statement.

#### (iv) Presentation currency and rounding

The amounts contained in the financial statements are presented in millions of New Zealand dollars, unless otherwise stated.

#### (v) Comparatives

Certain amounts in the comparative information have been reclassified to ensure consistency with the current period's presentation. This includes reclassifying, in the Balance Sheet as at 31 March 2012, collateral received of \$604 million from derivative financial instruments asset to due to other financial institutions and collateral paid of \$1,144 million from derivative financial instruments liability to due from other financial institutions.

#### (vi) Principles of consolidation

The consolidated financial statements of ANZ New Zealand comprise the financial statements of the NZ Branch and all the New Zealand businesses of all the subsidiaries of the Ultimate Parent Bank (those entities where it is determined that the Ultimate Parent Bank has capacity to control).

## Notes to the Financial Statements

### 3. Segmental Analysis

For segment reporting purposes, ANZ New Zealand is organised into four major business segments - Retail, Commercial, Wealth and Institutional. Centralised back office and corporate functions support these segments. These segments are consistent with internal reporting provided to the chief operating decision maker, being the Bank's Chief Executive Officer.

Segmental reporting has been updated to reflect minor changes to ANZ New Zealand's structure. Comparative data has been adjusted to be consistent with the current period's segment definitions.

#### Retail

Retail provides products and services to personal customers via the branch network, mortgage specialists, the contact centre and a variety of self service channels (internet banking, phone banking, ATMs, website and mobile phone banking). Core products include current and savings accounts, unsecured lending (credit cards, personal loans and overdrafts) and home loans secured by mortgages over property. Retail distributes insurance and investment products on behalf of the Wealth segment.

#### Commercial

Commercial provides services to Business Banking, Commercial & Agri, and UDC customers. Business Banking services are offered to small enterprises

Profit before income tax	505	825	108	428	(197)	1,669

<sup>1</sup> Intersegment transfers are accounted for and determined on an arm's length or cost recovery basis.

<sup>2</sup> This segment has negative external revenues as this segment incurs funding costs on behalf of ANZ New Zealand and is reimbursed internally.

(typically with annual revenues of less than \$5 million). Commercial & Agri customers consist of primarily privately owned medium to large enterprises. ANZ New Zealand's relationship with these businesses ranges from simple banking requirements with revenue from deposit and transactional facilities, and cash flow lending, to more complex funding arrangements with revenue sourced from a wider range of products. UDC is principally involved in the financing and leasing of plant, vehicles and equipment, mainly for small and medium sized businesses, as well as investment products.

#### Wealth

Wealth includes private banking and investment services provided to high net worth individuals, the OnePath wealth management and insurance businesses, and other investment products.

#### Institutional

Institutional provides financial services through a number of specialised units to large multi-banked corporations, often global, who require sophisticated product and risk management solutions. Those financial services include loan structuring, foreign exchange, wholesale money market services and transaction banking.

#### Other

Other includes treasury and back office support functions, none of which constitutes a separately reportable segment.

## Notes to the Financial Statements

### Other assets under administration

Other assets under administration are any loans, not being impaired or 90 days or more past due, where the customer is in any form of voluntary or involuntary administration, including receivership, liquidation, bankruptcy or statutory management.

### Credit quality of financial assets that are past due but not impaired

A large portion of retail credit exposures, such as residential mortgages, are generally well secured. That is, the fair value of associated security should be sufficient to ensure that ANZ New Zealand will recover the entire amount owing over the life of the facility and there is reasonable assurance that collection efforts will result in payment of the amounts due in a timely manner.

#### ANZNZ Covered Bond Trust ("the Covered Bond Trust")

Substantially all of the assets of the Covered Bond Trust are made up of certain housing loans and related securities originated by the Bank which are security for the guarantee by ANZNZ Covered Bond Trust Limited as trustee of the Covered Bond Trust of issuances of covered bonds by the Bank, or its wholly owned subsidiary ANZ New Zealand (Int'l) Limited, from time to time. The assets of the Covered Bond Trust are not available to creditors of the Bank, although the Bank (or its liquidator or statutory manager) may have a claim against the residual assets of the Covered Bond Trust (if any) after all prior ranking creditors of the Covered Bond Trust have been satisfied.

ANZ New Zealand continues to recognise the assets of the Covered Bond Trust on its balance sheet as, although they are pledged as security for covered bonds, the Bank retains substantially all the risks and rewards of ownership.

### 10. Capital Adequacy

#### Adoption of Basel III capital framework

Effective 1 January 2013, APRA has adopted the majority of Basel III capital reforms in Australia. The Basel III reforms include: increased capital deductions from common equity tier 1 capital, an increase in capitalisation rates (including prescribed minimum capital buffers, fully effective 1 January 2016), tighter requirements around new tier 1 and tier 2 securities and transitional arrangements for existing tier 1 and tier 2 securities that do not conform to the new regulations. Other changes include capital requirements for counterparty credit risk and an increase in the asset value correlation with respect to exposures to large and unregulated financial institutions.

	Overseas Banking Group			Ultimate Parent Bank (Extended Licensed Entity)		
	31/03/2013 Basel III	31/03/2012 Basel II	30/09/2012 Basel II	31/03/2013 Basel III	31/03/2012 Basel II	30/09/2012 Basel II

Total capital	11.7%	12.6%	12.2%	12.2%	12.9%	12.7%

For calculation of minimum capital requirements under Pillar 1 (Capital Requirements) of the Basel Accord, APRA has accredited the Overseas Banking Group to use the Advanced Internal Ratings Based ("AIRB") methodology for calculation of credit risk weighted assets and the Advanced Measurement Approach ("AMA") for the operational risk weighted asset equivalent.

Under prudential regulations, the Overseas Banking Group is required to maintain a Prudential Capital Ratio ("PCR") as determined by APRA. The Overseas Banking Group exceeded the PCR set by APRA as at 31 March 2013 and for the comparative prior periods.

The Overseas Banking Group is required to publicly disclose Pillar 3 financial information as at 31 March 2013. The Overseas Banking Group's Pillar 3 disclosure document for the quarter ended 31 March 2013, in accordance with APS 330: *Public Disclosure of Prudential Information*, discloses capital adequacy ratios and other prudential information. This document can be accessed at the website anz.com.

#### Market risk

ANZ New Zealand's aggregate market risk exposures below have been calculated in accordance with the RBNZ document BS2B.

#### Residential mortgages by loan-to-valuation ratio ("LVR")

As required by the RBNZ, LVRs are calculated as the current exposure secured by a residential mortgage divided by ANZ New Zealand's valuation of the security property at origination of the exposure. Off balance sheet exposures include undrawn and partially drawn residential mortgage loans as well as commitments to lend. Commitments to lend are formal offers for housing lending which may or may not be accepted by the customer.

## 11. Financial risk management

### Concentrations of credit risk

Concentrations of credit risk arise when a number of customers are engaged in similar business activities or activities within the same geographic region, or when they have similar risk characteristics that would cause their ability to meet contractual obligations to be similarly affected by changes in economic or other conditions.

Analysis of financial assets by industry sector is based on Australian and New Zealand Standard Industrial Classification ("ANZSIC") codes.

### Funding Composition

ANZ New Zealand actively uses balance sheet disciplines to prudently manage the funding mix. ANZ New Zealand employs funding metrics to ensure that an appropriate proportion of its assets are funded from stable sources, including customer liabilities, longer-dated wholesale debt (with remaining term exceeding one year) and equity.

Analysis of funding liabilities by industry sector is based on ANZSIC codes.

### Contractual maturity analysis of financial assets and liabilities

The following tables present ANZ New Zealand's financial assets and liabilities within relevant contractual maturity groupings, based on the earliest date on which the ANZ New Zealand may be required to realise an asset or settle a liability. The amounts disclosed in the tables represent undiscounted future principal and interest cash flows and may differ to the amounts reported on the balance sheet.

The contractual maturity analysis for off-balance sheet commitments and contingent liabilities has been prepared using the earliest date at which ANZ New Zealand can be called upon to pay. The liquidity risk of credit related commitments and contingent liabilities may be less than the contract amount, and does not necessarily represent future cash requirements as many of these facilities are expected to be only partially used or to expire unused.

ANZ New Zealand does not manage its liquidity risk on this basis.

### 12. Concentrations of Credit Risk to Individual Counterparties

ANZ New Zealand measures its concentration of credit risk in respect to bank counterparties on the basis of approved exposures and in respect to non-bank counterparties on the basis of limits.

For the six months ended 31 March 2013 there were no individual counterparties (excluding connected parties, governments and banks with long term credit ratings of A- or above) where ANZ New Zealand's period end or peak end-of-day credit exposure equalled or exceeded 10% of the Overseas Banking Group's equity (as at the end of the period).

This credit exposure information does not include exposures to counterparties if they are booked outside New Zealand.

### 13. Insurance business

ANZ New Zealand conducts insurance business through companies in the OnePath Insurance Holdings (NZ) Limited group. The aggregate amount of insurance business in this group comprises assets totalling \$602 million (31/03/2012: \$525 million; 30/09/2012 \$564 million), which is 0.5% (31/03/2012: 0.4%; 30/09/2012 0.4%) of the total consolidated assets of ANZ New Zealand.

### 14. Credit Related Commitments, Guarantees and Contingent Liabilities

Total guarantees and contingent liabilities	1,757	2,732	1,805

ANZ New Zealand guarantees the performance of customers by issuing standby letters of credit and guarantees to third parties, including its Ultimate Parent Bank. To reflect the risk associated with these transactions, they are subjected to the same credit origination, portfolio management and collateral requirements as for customers that apply for loans. The contract amount represents the maximum potential amount that could be lost if the counterparty fails to meet its financial obligations. As the facilities may expire without being drawn upon, the notional amounts do not necessarily reflect future cash requirements.

#### Other contingent liabilities

In October 2012 the Commerce Commission commenced an investigation, under the Fair Trading Act 1986, into the promotion and sale of interest rate swaps by certain banks (including the Bank) to rural customers. The investigation is at an early stage and the possible outcome of the investigation cannot be determined with any certainty.

On 11 March 2013, litigation funder Litigation Lending Services (NZ) announced plans for a representative action against banks in New Zealand for certain fees charged to New Zealand customers over the past six years. As at 28 May 2013, the Bank is not aware of any proceedings being issued against it or any other bank in New Zealand.

ANZ New Zealand has other contingent liabilities in respect of actual and possible claims and court proceedings. An assessment of ANZ New Zealand's likely loss in respect of these matters has been made on a case-by-case basis and provision made where deemed necessary.

## Independent Auditor's Review Report

### To the Directors of Australia and New Zealand Banking Group Limited – New Zealand Branch

We have reviewed pages 3 to 19 of the interim financial statements of Australia and New Zealand Banking Group Limited – New Zealand Branch and its related entities ('ANZ New Zealand') prepared and disclosed in accordance with the Registered Bank Disclosure Statements (Overseas Incorporated Registered Banks) Order 2013 (the 'Order') and the supplementary information prescribed in Schedules 3, 5, 7, 9, 10, 12 and 14 of the Order. The interim financial statements, and supplementary information, provide information about the past financial performance and cash flows of ANZ New Zealand and its financial position as at 31 March 2013.

#### Directors' responsibility for the disclosure statement

The Directors of Australia and New Zealand Banking Group Limited - New Zealand Branch are responsible for the preparation and presentation of the Disclosure Statement, which includes interim financial statements prepared in accordance with Clause 26 of the Order which give a true and fair view of the financial position of ANZ New Zealand as at 31 March 2013 and its financial performance and cash flows for the six months ended on that date. The Directors are also responsible for such internal controls as the Directors determine are necessary to enable the preparation of the Disclosure Statement that is free from material misstatement, whether due to fraud or error.

They are also responsible for the preparation of supplementary information in the Disclosure Statement which fairly states the matters to which it relates in accordance with Schedules 3, 5, 7, 9, 10, 12 and 14 of the Order.

#### Reviewer's responsibility

We are responsible for reviewing the interim financial statements and the supplementary information, disclosed in accordance with Clause 26, Schedules 3, 5, 7, 9, 10, 12 and 14 of the Order and presented to us by the Directors.

We are responsible for reviewing the interim financial statements (excluding the supplementary information) in order to report to you whether, in our opinion on the basis of the procedures described below, anything has come to our attention that would cause us to believe that the interim financial statements have not been prepared, in all material respects, in accordance with New Zealand Equivalent to International Accounting Standard 34 ("NZ IAS 34"): Interim Financial Reporting and do not present a true and fair view of the financial position of ANZ New Zealand as at 31 March 2013 and its financial performance and cash flows for the six months ended on that date.

We are responsible for reviewing the supplementary information (excluding the supplementary information relating to capital adequacy) in order to report to you whether, in our opinion on the basis of the procedures described below, anything has come to our attention that would cause us to believe that the supplementary information does not fairly state the matters to which it relates in accordance with Schedules 5, 7, 10, 12 and 14 of the Order.

We are responsible for reviewing the supplementary information relating to credit and market risk exposures and capital adequacy in order to state whether, on the basis of the procedures described below, anything has come to our attention that would cause us to believe that the information disclosed in accordance with Schedule 9 is not in all material respects prepared in accordance with the Capital Adequacy Framework (Standardised Approach) (BS2A); and disclosed in accordance with Schedule 9 of the Order.

We have performed our review in accordance with the review engagement standard RS-1 Statement of Review Engagement Standards issued by the External Reporting Board. A review is limited primarily to enquiries of ANZ New Zealand personnel and analytical review procedures applied to the financial data, and thus provides less assurance than an audit. We have not performed an audit and, accordingly, we do not express an audit opinion.

KPMG has also provided other audit related services to ANZ New Zealand. In addition, certain partners and employees of our firm may also deal with ANZ New Zealand on normal terms within the ordinary course of trading activities of ANZ New Zealand. These matters have not impaired our independence as auditors of ANZ New Zealand. We have no other relationship with, or interest in, ANZ New Zealand.

#### Review opinion

We have examined the interim financial statements including the supplementary information and based on our review, which is not an audit, nothing has come to our attention that causes us to believe that:

- a. the interim financial statements (excluding the supplementary information) have not been prepared, in all material respects, in accordance with NZ IAS 34: Interim Financial Reporting and do not present a true and fair view of the financial position of ANZ New Zealand as at 31 March 2013 and its financial performance and cash flows for the six months ended on that date;
- b. the supplementary information prescribed by Schedules 5, 7, 10, 12 and 14 of the Order does not fairly state the matters to which it relates in accordance with those Schedules; and
- c. the supplementary information relating to credit and market risk exposures and capital adequacy prescribed by Schedule 9 of the Order, is not in all material respects prepared in accordance with Capital Adequacy Framework (Standardised Approach) (BS2A), and disclosed in accordance with Schedule 9 of the Order.

Our review was completed on 28 May 2013 and our review opinion is expressed as at that date.
