If the Unitholder appoints two proxies and does not specify the proportion or number of votes each proxy may exercise, then each proxy may exercise half of the votes.

If the Unitholder's nominated representative does not attend the Meeting, then that Unitholder's proxy will revert to the Chairman of the Meeting who may vote as he thinks fit in relation to any motion or resolution other than those (if any) in respect of which an indication of the manner of voting is given on that Unitholder's proxy form.

Undirected proxies

Explanatory memorandum

Resolution 1 – Ratification of institutional placement

On 22 November 2013, the Responsible Entity announced a fully underwritten institutional placement to certain institutional, professional and other wholesale investors which raised gross proceeds of approximately \$80 million by way of the issue of 21,052,632 fully paid ordinary units at \$3.80 per unit. The units were issued pursuant to the REIT's 15% capacity under Listing Rule 7.1 (the **Institutional Placement**). The proceeds of the Institutional Placement were used to partially fund the acquisition of Rosebud Plaza.

Under Listing Rule 7.1, subject to certain exceptions, a listed entity may not issue equity securities in any 12 month period which exceed 15% of the number of securities of the entity on issue at the beginning of the 12-month period, except with the prior approval by the security holders of the entity of the precise terms and conditions of the proposed issue.

Under Listing Rule 7.4, an issue of securities made without security holder approval under Listing Rule 7.1 is treated as having been made with approval for the purposes of that Listing Rule 7.1, if the issue did not breach Listing Rule 7.1 and the holders of ordinary securities subsequently approve the issue.

Resolution 1 seeks the ratification by Unitholders of the issue of the 21,052,632 units pursuant to the Institutional Placement. The outcome of this Resolution 1 will have no effect on the issue of the 21,052,632 units to certain institutional, professional and other wholesale investors as these have already been issued within the REIT's annual 15% limit prescribed by Listing Rule 7.1.

For the purposes of Listing Rule 7.5, details of the Institutional Placement are as set out below:

- (i) Number of securities issued:
21,052,632 fully paid ordinary units
- (ii) Price at which securities were issued:
\$3.80 per unit
- (iii) The terms of the securities:
The units issued under the Institutional Placement rank equally in all respects with existing issued fully paid ordinary units of the REIT quoted on ASX, from their issue on 28 November 2013 and subsequent quotation by ASX.
- (iv) The name of the allottees:
The units were issued to certain institutional, professional and other wholesale investors who were identified by Citigroup Global Markets Australia Pty Limited and Macquarie Capital (Australia) Limited, the joint lead managers and underwriters of the Institutional Placement.
- (v) Use (or intended use) of funds raised:
The funds raised were used by the REIT to partially fund its acquisition of Rosebud Plaza.

If Resolution 1 is approved, Unitholders will ratify the issue of units under the Institutional Placement and preserve the REIT's capacity to issue up to the maximum number of units permitted within its annual 15% limit in the next 12 months under Listing Rule 7.1 and the Constitution, if required.

Directors' recommendation

The Directors unanimously recommend that Unitholders vote in favour of this resolution.

Voting exclusion statement

The Responsible Entity will disregard any votes cast on this Resolution by:

- (i) Any person who participated in the Institutional Placement and their associates.
- (ii) Any proxy holder, whether of a directed or undirected proxy, for any person who participated in the Institutional Placement and their associates.

However, the Responsible Entity need not disregard a vote if:

- (i) it is cast by a person as proxy for a person who is entitled to vote, in accordance with the directions on the proxy form; or
- (ii) it is cast by the person chairing the meeting as proxy for a person who is entitled to vote, in accordance with a direction on the proxy form to vote as the proxy decides.

Resolution 2 – Approval of issue of units to Charter Hall Group

On 22 November 2013, the Responsible Entity announced that Charter Hall Group (being a stapled entity comprising Charter Hall Limited and Charter Hall Funds Management Limited as responsible entity for Charter Hall Property Trust) had accepted its offer of a conditional pro-rata placement of 2,186,273 units at \$3.6635 per unit, which is subject to Unitholder approval (the Conditional Placement). The issue price per unit under the Conditional Placement reflects the price at which units were issued under the Institutional Placement, less an amount representing the December 2013 half-year distribution. This is because the units to be issued under the Conditional Placement, unlike the units issued under the Institutional Placement, do not carry any entitlement to the December 2013 half-year distribution.

Under Listing Rule 10.11, subject to certain exceptions, an entity must not issue or agree to issue equity securities, without the approval of holders of ordinary securities, to a related party or a person whose relationship with the entity or a related party is, in ASX's opinion, such that approval should be obtained.

Charter Hall Group is a related party of CHRML in its capacity as responsible entity of the REIT.

Resolution 2 seeks the approval by Unitholders of the issue of the 2,186,273 units pursuant to the Conditional Placement.

For the purposes of Listing Rule 10.13, details of the Conditional Placement are as set out below:

- (i) Name of the relevant person:
Charter Hall Co-Investment Trust
- (ii) Maximum number of securities to be issued:
2,186,273 fully paid ordinary units
- (iii) The date by which the securities will be issued:
The date of the December 2013 REIT's half year results announcement, anticipated to be on or about 14 February 2014, and in any case no later than one month after the date of the Meeting

(iv) Nature of relationship between the parties:

CHRML (the responsible entity of the REIT) is a subsidiary of Charter Hall Limited, which is also the parent company of the responsible entity of Charter Hall Property Trust. The Charter Hall Co-Investment Trust is a sub-trust of Charter Hall Property Trust, and is therefore a related party of CHRML.

(v) The issue price of the securities and a statement of the terms of the issue:

The units will be issued at a price of \$3.6635 per unit, and will rank equally in all respects with existing issued fully paid ordinary units of the REIT quoted on ASX, from their issue and subsequent quotation by ASX.

(vi) Intended use of funds:

The funds raised will be used by the REIT to partially repay debt used to fund the acquisition of Rosebud Plaza.

If Resolution 2 is approved, the Conditional Placement will become unconditional and will raise approximately \$8 million in funds from the Charter Hall Group, which will be used to partially repay debt used to fund the REIT's acquisition of Rosebud Plaza.

Directors' recommendation

The Independent Directors unanimously recommend that Unitholders vote in favour of this resolution.

Voting exclusion statement

The Responsible Entity will disregard any votes cast on this Resolution by:

- (i) Charter Hall Group and its associates.
- (ii) Any proxy holder, whether of a directed or undirected proxy, for Charter Hall Group and its associates.

However, the Responsible Entity need not disregard a vote if:

- (i) it is cast by a person as proxy for a person who is entitled to vote, in accordance with the directions on the proxy form; or
- (ii) it is cast by the person chairing the meeting as proxy for a person who is entitled to vote, in accordance with a direction on the proxy form to vote as the proxy decides.

Resolution 3 – Amendments to constitution

CHRML proposes to amend the provisions of the Constitution of the REIT to allow CHRML to rely, in certain circumstances, on the more flexible unit pricing class order relief recently issued by ASIC when raising capital in the future. CHRML also proposes to make other amendments to the Constitution to give CHRML greater flexibility in its administration of the REIT and to modernise the terms of the Constitution by reflecting other changes in law, ASIC policy and market practice which have occurred since the Constitution was last amended in 2010.

A copy of the proposed supplemental deed that would give effect to the amendments to the Constitution can be viewed prior to the Meeting on the REIT's website at www.charterhall.com.au/cqr.

1. Background

Under the Corporations Act, the Constitution of the REIT must make adequate provision for the issue price of interests in the REIT. This requires the Constitution to set out prescriptive pricing provisions for the issue of units in the REIT.

Under the previous ASIC Class Order [CO 05/26] (Class Order 05/26) relief, on which the Constitution is currently partly based, these requirements were relaxed to allow a responsible entity to exercise limited discretions, provided certain pricing restrictions (e.g., maximum discounts) and other conditions were met, when setting the issue price for units in placements, rights issues, under security purchase plans and distribution reinvestment plans.

ASIC has recently completed a review of the issue price relief and determined to issue new unit pricing relief pursuant to ASIC Class Order [CO 13/655] (Class Order 13/655) to allow greater flexibility for responsible entities to set the price at which interests may be issued. All managed investment schemes registered from 1 October 2013 must operate under Class Order 13/655. For existing registered managed investment schemes, such as the REIT, the responsible entity may elect to opt in to take the benefit of the new unit pricing relief.

2. Proposed amendments

The effect of the proposed amendments is as follows:

Issue	Operation of current provisions¹	Proposed amendments
Placements	<p>While units are Officially Quoted, CHRML may at any time issue units to any person:</p> <p>(a) at the current Market Price of units; or</p> <p>(b) at a price which is not less than 85% of the weighted average market price, provided that CHRML complies with the ASX Listing Rules and any applicable ASIC relief – including a 15% annual volume cap.</p> <p>Even if units are issued by way of a placement at a price which is not less than 85% of the weighted average market price, there is current a separate pricing restriction in the Constitution which prohibits CHRML from issuing units at more than a 10% discount to the current Market Price without having obtained Member approval.</p>	<p>It is proposed that these provisions be amended so as to clarify that:</p> <p>(a) CHRML can determine the issue price for placements in its discretion without obtaining Unitholder approval provided that the issue price is not at more than a 10% discount to the current Market Price (ie, retaining this existing limit); and</p> <p>(b) units may be issued under a placement at an issue price which reflects a discount of more than 10% subject to CHRML first obtaining Unitholder approval.</p> <p>In order to avoid inconsistency with the ASX Listing Rules, it is also proposed to amend the Constitution so as to remove certain conditions in accordance with Class Order 13/655.</p>
Rights issues	<p>While units are Officially Quoted, CHRML may at any time issue units to all Unitholders without member approval by way of a rights issue provided that:</p> <p>(a) all members are offered units at the same Application Price on a pro rata basis; and</p> <p>(b) the Application Price is not less than 50% of the current Market Price.</p>	<p>It is proposed that these provisions be amended so as to allow CHRML to determine the issue price for rights issues in its discretion (i.e., removing the maximum discount) and removing certain other conditions in accordance with Class Order 13/655.</p>
Distribution reinvestment plan	<p>While units are Officially Quoted, the Application Price payable for each additional unit on reinvestment of distributions is determined with reference to the Market Price of the units after they go ex-distribution less such discount, if any, not exceeding 10% as CHRML determines.</p>	<p>It is proposed that these provisions be amended so as to allow CHRML to determine the issue price (including the method by which that price is determined) for distribution reinvestment in its discretion (i.e., removing the maximum discount) in accordance with Class Order 13/655.</p>
Interest purchase plans	<p>The current provisions of the Constitution do not include a specific mechanism allowing CHRML to issue units at a discount to existing Unitholders (up to an annual cap of \$15,000 per Unitholder) in accordance with ASIC Class Order [CO 09/425]. Under the current arrangements, CHRML is permitted to undertake interest purchase plans but there are restrictions around the price at which those interests may be issued.</p>	<p>It is proposed that CHRML include a provision in the Constitution giving CHRML power to issue units pursuant to interest purchase plans at a price determined by CHRML in accordance with ASIC Class Order [CO 09/425].</p>
Power to issue options	<p>Currently, the Constitution expressly contemplates that options may be issued, but that express power is limited to issues to existing members.</p>	<p>It is proposed that a more general power to issue options be included in the Constitution.</p>

Note:

1. The capitalised terms which appear in this column and are not otherwise defined in this document, have the meaning given to those terms in the Constitution. For instance, 'current Market Price' generally means the volume weighted average price (VWAP) of units in respect of the 10-business-day period ending on the business day prior to the day on which the market price is being determined.

Issue	Operation of current provisions ¹	Proposed amendments
Options issued pro rata to members	The current provisions of the Constitution impose a maximum discount of 20% in relation to the exercise price for a unit to be issued on exercise of an Option, where the Option is issued pursuant to pari passu offer to all Members and subject to certain other conditions.	While it is not proposed to change the existing maximum discount of 20% for pro rata issues of options, it is proposed to remove certain other conditions in accordance with Class Order 13/655.
Power to issue financial instruments	Not applicable.	<p>It is proposed that a provision expressly providing CHRML with the power to issue financial instruments such as convertible notes be included in the Constitution.</p> <p>Any redemption or conversion into units would be in accordance with applicable ASIC pricing relief and the provisions of the Constitution.</p> <p>To contemplate the REIT having financial instruments on issue, a number of consequential amendments will be required throughout the Constitution to ensure that relevant provisions applicable to units will apply equally to financial instruments (e.g., in relation to transfers, registers, notices to holders, complaints by holders, information from members, recoverable expenses etc.). These provisions will also be amended to apply equally to options where they do not already.</p>
Constitutional amendments for statutory requirements	Clause 22.2 of the existing Constitution contemplates that the Constitution be able to incorporate, by reference, updated ASIC Policy and updated ASX Listing Rules requirements in certain circumstances.	It is proposed that this clause be amended to provide greater flexibility to CHRML such that, if the amended clause was in force, CHRML would be able to opt in to changes to ASIC policy (e.g., the unit pricing regime) from time to time without having to obtain Unitholder approval in accordance with a special resolution.
Information from unitholders	Not applicable	<p>It is proposed that a clause be inserted into the Constitution which would require Unitholders to provide to CHRML any information that CHRML requests and which it reasonably believes is necessary to comply with the law, avoid amounts being withheld from any payments to the REIT or Unitholders, or lessen the risk of the REIT or any Unitholder suffering a material detriment.</p> <p>Such a clause would, for instance, assist CHRML in its compliance with legislation such as the Anti-Money Laundering and Counter-Terrorism Financing Act 2006 (Cth) and Chapter 4 of subtitle A of the Internal Revenue Code of 1986 (US), which is commonly referred to as FATCA, which can require responsible entities to enter into an agreement with the US Internal Revenue Service or provide information about US-based Unitholders.</p>

Directors' recommendation

The Directors unanimously recommend that Unitholders vote in favour of this resolution.
