## Key achievements

- Created a strong foundation to grow profit
- On track to achieve the upper end of guidance, and have therefore tightened this to 5-6% EPS growth in FY14
- Good progress on business priorities
  - Improving profitability trend for Residential and Retirement Living
  - Over \$450m of accretive Commercial Property development underway
  - Process improvement and operational efficiencies emerging
- Recognised leader in sustainability
  - Only Australian property company in the Global 100
  - Awarded Industry Leader and Gold Class distinction by RobecoSAM (DJSI)
- Launched our new employee values: CARE
  - (Community; Accountability; Respect; Excellence)
- Operating performance in line with expectations

### Our purpose

We believe there's a better way to live

### Our vision

To be a great Australian property company that delivers value to all stakeholders

### Our values

Community  
Accountability  
Respect  
Excellence

### Our primary objective

To deliver EPS growth and total risk-adjusted securityholder returns above the sector average

## Improving results in variable market conditions

- Results reflect improving operational performance
- Underlying profit up 4.8%
- Underlying EPS in line with 1H13 and up 7.4% on 2H13, noting the full effect of impairments and more conservative future assumptions implemented during 2H13
- Capitalising on improving residential markets
- Maintained strong balance sheet, gearing within target range and extended debt tenor
- 1H14 distribution stable at 12.0cps
- ROE impacted by utilisation of impairment provision, due to disposal of non-core projects. ROE would increase by 0.4% if impaired projects were excluded

- Underlying Profit is a non-IFRS measure that is determined to present, in the opinion of the Directors, the ongoing operating activities of Stockland in a way that appropriately reflects its underlying performance. Underlying Profit is the basis on which distributions are determined. Refer to Statutory Accounts for the complete definition
- Funds from Operations (FFO) is determined with reference to the PCA guidelines
- Return on Equity (ROE) is a measure that accumulates individual business Return on Assets and incorporates the cash interest paid and average drawn debt for the period. Comparative is based on FY13
- ROE impacted by utilisation of impairment provision, due to disposal of non-core projects. ROE would increase by 0.4% if impaired projects were excluded

## Efficient capital management maintained a strong balance sheet

### Capital management

- Gearing maintained within target range (20-30%)
- A-/stable metrics; rating confirmed in June 2013
- DRP reinstated, 28% take up
- Improved interest cover ratio on June 2013
- Expect FY14 average cost of debt ~6.4%
- Focus on maintaining diverse funding sources
- Recent USPP issuance in February 2014 (USD125m, 15 year) extends weighted average debt maturity to 6.1 years
- Target hedge ratio is 45-55%
- Cash position is strong, cash generation/distribution differential has narrowed to \$16m

### Key debt metrics

## Retail: sales growth positive in challenging market

- Total MAT growth has increased boosted by development completions
- 1.4% annual MAT growth. Supermarkets and specialty sales have trended positively
- Comparable MAT growth improved in Q2 to 1.2%, after a slow Q1
- Comparable specialty sales of over \$8,500 per square metre, exceed the Urbis average by 7.6%
- Recovery in specialty sales, up 1.5% in Q2

1. Excludes UPF assets

## Retail: leasing activity reflects remixing strategy

- Maintained high occupancy within our operating retail centres
- Reversionary rental growth has improved despite challenging conditions
- No leasing incentives on renewals
- Reduction in tenant retention compensated by new leases with rent growth
- New leases tied to value added remixing strategy
- Slight reduction in portfolio occupancy cost ratio reflects the changing basket of stable assets
- Majority of specialty rents have fixed annual reviews of 4-5%

- Core excludes impaired, develop out and disposal projects
- Of the 2,872 contracts on hand, 2,236 are due to settle in 2H14, and 636 are due to settle in FY15

## Market improvement broadening

### Total settlement volumes have increased by 8%

- **VIC▲9%:** volumes improving, limited price growth to date
- **QLD▲22%:** vacant land sales now growing off a low base
- **WA▲32%:** robust market conditions, expect to moderate
- **NSW▼48%:** market strong, several projects completed, Willowdale settlements to commence 2H14

### Operating profit recovery on track

- Continuing to drive operating efficiencies including marketing and project management
- Increased sales from high margin projects in VIC and WA
- Cost allocation per lot has increased as a result of more conservative escalation rates adopted from 2H13
- Adverse impact from the disposal of impaired projects

### Lots settled by location (lots)

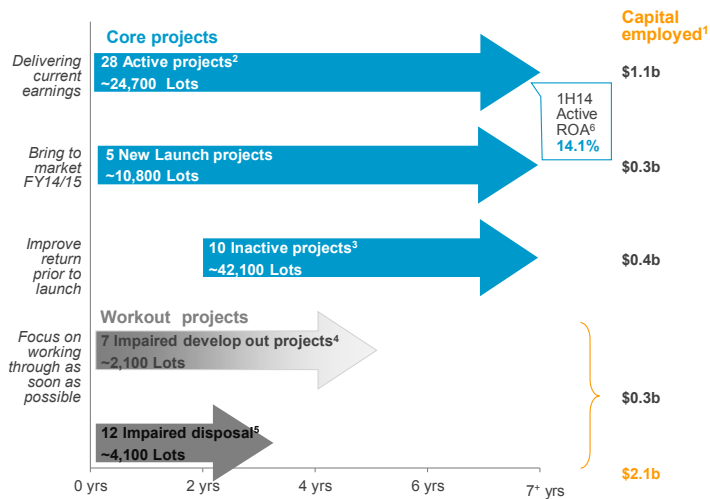

### Residential Communities Operating Profit Margin

1. 21 superlot settlements in 1H14; 19 superlot settlements in 1H13. 1H14 includes the disposal of impaired projects The Point (VIC) and Doonella Noosa (QLD)

## Retirement portfolio continues to transition in line with strategy

### Established portfolio

- Strong result, increased turnover, re-sale prices and reservations on hand
- Turnover cash margin driven by product and contract mix

### Development portfolio

- 122 new units settled across 11 projects in four states
- Affordable product settlements result in lower prices, not margin
- Volumes impacted by timing of development completions

### Second half profit skew

- Less material than FY13
- Seven new stages commenced at seven villages
- Significant development completions in the fourth quarter

 Achieved

 Ongoing

Primary objective is to deliver EPS growth and total risk-adjusted shareholder returns above A-REIT sector average

## Outlook

- New projects and re-letting activity support earnings improvement
- Reinvesting to enhance sales and acquisition capabilities and control functions
- On track to achieve the upper end of guidance, and have therefore tightened this to 5-6% EPS growth in FY14 assuming no material decline in market conditions
- Distribution per security expected to be maintained at 24.0 cents
