### **Appointment of Director.**

Krucible Metals Ltd is pleased to announce the appointment of Mr Andrew Vigar (BSc - Applied Geology) as an independent non-executive director of the Company.

The directors are pleased to welcome Andrew who brings widespread technical, industrial, corporate and geological experience to the Krucible Board. As the Company's Competent Person since 2012 Andrew has extensive and intimate knowledge of Krucible's geological tenements, discoveries, activities and exploration strategies. This appointment ensures the continuity and retention of that expertise and practice.

A brief summary of Andrew's past experience and qualifications is attached.

Mike Meintjes

Company Secretary

#### **About Krucible Metals Limited:**

*Listed on Australia's main stock exchange since 2007, Krucible is an Australian-based resources company with an enviable history of discovery in phosphorus and rare earths as well as other elements. Krucible continues to explore for precious metals, base metals and strategic metals, and is transitioning to a combined exploration and mining company. Krucible has plans and expectations to ultimately enter joint ventures to develop mines on its tenements in the mineral rich Mount Isa area of Northwestern Queensland and elsewhere. Krucible has a strong industry-based board and management, who promote aggressive value-added mining projects.*

For personal use only

Andrew James Vigar, BSc (App. Geol.) FAustIMM, MSEG, has 34 years' experience in the minerals industry covering areas from regional exploration to mining, corporate administration and finance. He has been Krucible Metals' Competent Person since 2012 and part of the Company's technical advisory body.

He completed a degree in geology in 1977 and later studied Geostatistics at the University of Queensland where he still lectures in Ore Body Modelling.

He held company positions with Utah, Emperor, WMC, Pancontinental and CRA prior to commencing consulting in 1996 as Vigar & Associates, which became part of SRK Consulting where he built and managed the Brisbane practice. He left SRK in 2003 to pursue a range of minerals related interests, including the founding of the advisory group Mining Associates and assistance with the formation of the public companies Drummond Gold (ASX:DGO) in 2007 and Crazy Horse (TSXV:CZH) and Alligator Energy (ASX:AGE) in 2010; he is a current Director of Alligator Energy.

He is a Fellow and long term supporter of the AusIMM, being a former local branch Treasurer, Chairman and Councillor. A former Chairman of the International Mine Geology conference and member the AusIMM Geoscience and Emerging Issues Committees.

He is the founder and Chairman of the highly successful Brisbane Mining Club.

Currently based in Hong Kong as President of the International arm of Mining Associates which is further developing links to the mining and finance communities.

Andrew's participation on Krucible's Board will ensure the business development and technical strengths of the current directors are enhanced with deep geological knowledge relevant to the Company's tenements, discoveries and exploration strategies.
