NEWSAT APPOINTS NEW CHIEF FINANCIAL OFFICER AND COMPANY SECRETARY

NewSat Limited (ASX: NWT, OTCQX: NWTLY), Australia's satellite company, is pleased to announce the appointment of Linda Dillon as Chief Financial Officer and Company Secretary, effective 8 September 2014.

Linda Dillon brings over 25 years' experience in financial management, corporate finance, corporate governance and investor relations to NewSat. Linda has held the position of Chief Financial Officer, Company Secretary and Finance Director in ASX listed entities and multinational organisations. Her experience also extends to professional services with Arthur Andersen & Co and senior financial roles at ASX 'Top 200' companies, AWB Limited and WMC Resources Limited. Prior to NewSat, Linda was Global Chief Financial Officer and Company Secretary at Woods Bagot, a large global architect and design group.

Linda is a Fellow of the Institute of Chartered Accountants in Australia, Financial Institute of Australasia and Australian Institute of Company Directors and a Chartered Secretary with the Governance Institute of Australia. She holds a Bachelor of Commerce from the University of Melbourne, along with certifications in Corporate Governance and Investor Relations.

Linda replaces Michael Hewins who has returned to his previous role as Chief Operating Officer. The appointment of Linda to the Executive Management Team will further assist and drive NewSat's transition from a teleport operator into a global satellite operator.

About NewSat:

NewSat is Australia's largest pure-play satellite communications company, delivering internet, voice, data and video communications via satellite. With award winning and unique-to-Australia teleport infrastructure, NewSat has a reputation as the partner of choice for enterprise and government customers around the world. Today, NewSat provides secure and reliable connectivity to 75% of the globe.

NewSat will be expanding its satellite capabilities with the Jabiru Satellite Program. Set to launch Australia's first commercial Ka-band satellite, Jabiru-1 will provide high-powered, flexible capacity over the MENA and Jabiru-2, launching in 2014, will deliver highly targeted coverage across Australasia.
