Dear Sandra

I refer to ASX's letter to Digital CC Limited (Company) dated 16 January 2015. In respect to your query the Company's position is as set out below:

1. The Company is not aware of any information concerning it that has not been announced to the market which would explain the recent trading in its securities.
2. N/A
3. In recent days the bitcoin price has hit a 12 month low of US\$173, from a price of over US\$800 in January 2014. The current bitcoin price impacts the profitability of the Company's ongoing bitcoin mining activities and the value of its bitcoin inventory, which is what the Company believes is the reason for the recent price movement.

Digital CC Limited continues with its development of consumer applications and is seeking to fast track the launch of these products in the coming months to become a vertically integrated payment technology company, as previously announced in December 2014. These new consumer bitcoin applications will be the focus of the Company's resources and a key driver of its future growth and value.

To date the Company has been very fortunate to be at the forefront of Bitcoin mining, which alone has generated nearly \$10 million in revenue from the commencement of these activities just over 9 months ago. This is an exceptional operational result for a start-up technology company. To maintain profitable operating margins in its mining activities given the recent decrease in the price of bitcoin, the Company has been renegotiating power and other operating costs to maintain competitiveness in a lower bitcoin price environment which currently exists.

4. The Company can confirm that it is currently in compliance with the Listing Rules, and, in particular, Listing Rule 3.1.

Yours sincerely

Rachel Jelleff
Company Secretary

Dear Rachel

Digital CC Limited (the "Entity"): ASX price query

We have noted a change in the price of the Entity's securities from a close of \$0.14 on Wednesday, 14 January 2015 to an intra-day low of \$0.083 today, Friday 16 January 2015. We have also noted an increase in the volume of trading in the Entity's securities over this period.

In light of the price change and increase in volume, ASX asks you to respond separately to each of the following questions:

1. Is the Entity aware of any information concerning it that has not been announced to the market which, if known by some in the market, could explain the recent trading in its securities?
2. If the answer to question 1 is "yes":
 - a) Is the Entity relying on Listing Rule 3.1A not to announce that information under Listing Rule 3.1?

Please note that the recent trading in the Entity's securities would suggest to ASX that such information may have ceased to be confidential and therefore the Entity may no longer be able to rely on Listing Rule 3.1A. Accordingly, if the answer to this question is "yes", you need to contact us immediately to discuss the situation.
 - b) Can an announcement be made immediately?

Please note, if the answer to this question is "no", you need to contact us immediately to discuss requesting a trading halt (see below).
 - c) If an announcement cannot be made immediately, why not and when is it expected that an announcement will be made?
3. If the answer to question 1 is "no", is there any other explanation that the Entity may have for the recent trading in its securities?
4. Please confirm that the Entity is in compliance with the Listing Rules and, in particular, Listing Rule 3.1.

When and where to send your response

This request is made under, and in accordance with, Listing Rule 18.7. Your response is required as soon as reasonably possible and, in any event, by not later than 12.00 p.m. (WST) today, Friday 16 January 2015. If we

For personal use only

do not have your response by then, ASX will have no choice but to consider suspending trading in the Entity's securities under Listing Rule 17.3.

You should note that if the information requested by this letter is information required to be given to ASX under Listing Rule 3.1 and it does not fall within the exceptions mentioned in Listing Rule 3.1A, the Entity's obligation is to disclose the information "immediately". This may require the information to be disclosed before the deadline set out in the previous paragraph.

ASX reserves the right to release a copy of this letter and your response on the ASX Market Announcements Platform under Listing Rule 18.7A. Accordingly, your response should be in a form suitable for release to the market.

Your response should be sent to me by e-mail at Sandra.Wutete@asx.com.au. It should not be sent directly to the ASX Market Announcements Office. This is to allow me to review your response to confirm that it is in a form appropriate for release to the market, before it is published on the ASX Market Announcements Platform.

Listing Rule 3.1

Listing Rule 3.1 requires a listed entity to give ASX immediately any information concerning it that a reasonable person would expect to have a material effect on the price or value of the entity's securities. Exceptions to this requirement are set out in Listing Rule 3.1A.

The obligation of the Entity to disclose information under Listing Rules 3.1 and 3.1A is not confined to, nor is it necessarily satisfied by, answering the questions set out in this letter.

In responding to this letter, you should have regard to the Entity's obligations under Listing Rules 3.1 and 3.1A and also to Guidance Note 8 *Continuous Disclosure: Listing Rules 3.1 – 3.1B*.

Trading halt

If you are unable to respond to this letter by the time specified above, or if the answer to question 1 is "yes" and an announcement cannot be made immediately, you should discuss with us whether it is appropriate to request a trading halt in the Entity's securities under Listing Rule 17.1.

If you wish a trading halt, you must tell us:

- the reasons for the trading halt;
- how long you want the trading halt to last;
- the event you expect to happen that will end the trading halt;
- that you are not aware of any reason why the trading halt should not be granted; and
- any other information necessary to inform the market about the trading halt, or that we ask for.

We may require the request for a trading halt to be in writing. The trading halt cannot extend past the commencement of normal trading on the second day after the day on which it is granted.

You can find further information about trading halts in Guidance Note 16 *Trading Halts & Voluntary Suspensions*.

If you have any queries or concerns about any of the above, please contact me immediately.

Yours sincerely
