ASX/Media Release

13 April 2015

US BRIGADIER GENERAL STEPHEN CHENEY USMC (Ret) JOINS ALEXIUM BOARD AS NON-EXECUTIVE DIRECTOR

Perth, WA and Greer, South Carolina: Alexium International Group Limited (Alexium) (ASX:AJX, AX:AJX, OTC QX:AXXIY) is pleased to announce that United States Brigadier General Stephen Cheney will join Alexium's Board of Directors as a Non-Executive Director.

Brigadier General Stephen Cheney USMC (Ret) is the Chief Executive Officer of the American Security Project (ASP), a Washington, D.C. based think tank. A U.S. Naval Academy graduate, he capped his more than three decade Marine career as Inspector General of the Marine Corps and later Commanding General of Parris Island Marine Base. He had multiple assignments in Asia and the Pacific in the operating forces as well as having served in the Pentagon as Deputy Executive Secretary to US Defense Secretary Dick Cheney under President George H W Bush during and to US Defense Secretary Les Aspin under President Clinton. He was a Military Fellow at the Council on Foreign Relations, where he remains a member, and sits on Secretary of State John Kerry's Foreign Affairs Policy Board. Following retirement from the Marines, he was Chief Operating Officer of Business Executives for National Security (BENS), and later President/CEO of the Marine Military Academy in Harlingen, Texas.

Executive Chairman and President of Alexium, Gavin Rezos, said "General Cheney will bring to the Board, his significant defense sector and government experience and network, his strategic, logistics and organizational skills as well as his ability to help formulate opinion on important global security matters. We are grateful to have a person of the caliber and expertise of General Cheney join our Board at this important stage of our growth and commercialization of our chemistries, as well as continuing the already strong relationship with CEO and Executive Director, Nicholas Clark".

Brigadier General Cheney will join Executive Chairman Gavin Rezos, CEO and Executive Director Nicholas Clark, and Non-Executive Directors Craig Metz and Craig Smith-Gander, on the Board.

About Alexium

Alexium International Group Limited (ASX: AJX, AX:AJX OTC QX: AXXIY) holds proprietary patent applications for a process developed initially by the U.S. Department of Defense, which allows for the surface modification and attachment of nano-particles or multiple chemical functional groups to surfaces or substrates to provide functions such as fire retardancy, water proofing, oil proofing, and anti-microbial treatments. Applications under development include but are not limited to textiles, paints, and packaging, glass and building materials. Alexium's fire retardant chemical treatment are currently marketed for different fabric markets under the Ascalon™, Nycolon™, Nuvalon™, and Polytron™, Omnitron™ and Bactron™ trademarks.
