Dear Shareholder,

On behalf of Estrella, we are pleased to invite you to participate in the three for five non-renounceable pro-rata entitlement offer at an issue price of \$0.007 per New Share to raise up to approximately \$576,624 (before costs). Together with recent placement the Company expects to raise up to approximately \$700,000.

Estrella is actively exploring for copper and gold at its projects in northern Chile. In late 2014 the Company was successful in removing the 'claw back rights' held by a third party to the Antucoya West project, and released a maiden JORC exploration target for the Colupo project.

With available funding the Company will look at all options to extract the best possible value for its Chile copper project in this current market and also look at other opportunities to provide significant returns to Shareholders.

The Offer is partially underwritten by Lead Manager & Underwriter Patersons Securities Limited for up to \$254,000 including the amount sub-underwritten by Black Swan Global Pty Limited for up to \$154,000. Black Swan has recently invested \$125,300 in the Company through a placement of 17,900,000 Shares at 0.7 cents per Share.

This Prospectus and personalised Entitlement and Acceptance Form should be read carefully and in their entirety before deciding whether to participate in this offer. In particular, Eligible Shareholders should consider the key risk factors outlined in section 6 of this Prospectus. These risks include risks associated with early stage exploration, market sentiment towards copper and gold (including the prevailing market price) and risks associated with operating in Chile.

Your Board invites you to consider this investment opportunity and thank you for your ongoing support for the Company.

Yours faithfully,

The Board

5 PURPOSE AND EFFECT OF THE OFFER

5.1 Introduction

The Company is seeking to raise up to approximately \$576,624 before issue costs under the Offer at a price of \$0.007 per Share by offering Eligible Shareholders three New Shares for every five Existing Shares held as at the Record Date.

The Offer is underwritten for up to \$254,000 or 36,285,710 New Shares. The lead manager and underwriter is Patersons Securities Limited. Black Swan, which currently has a voting power of 13.03% in the Company, has agreed to sub-underwrite the Offer for \$154,000.

5.2 Background

The Company has recently made a placement with Black Swan of 17,900,000 Shares at \$0.007 each raising \$125,300, amounting to an interest of 13.03% in the Company.

The Directors wish to provide existing Eligible Shareholders with the opportunity to acquire Shares in proportion to their shareholding at the same price as this placement. Black Swan has agreed to sub-underwrite the Offer for up to 22 million Shares.

As a result of the Placement and Offer, the Company will have raised up to approximately \$700,000.

5.3 Purpose of the Offer

The Directors intend to apply the proceeds from the Offer as follows:

Use of funds (approximately) ¹	Underwritten Amount \$254,000	Full Subscription \$576,624
Exploration on the Company's Chilean projects	\$100,000	\$200,000
General working capital and assessment of new opportunities ²	\$107,281	\$329,905
Costs of the Offer ³	\$46,719	\$46,719
Total use of funds	\$254,000	\$576,624

Notes:

- 1 This table is a statement of the proposed application of the funds raised as at the date of this Prospectus. As with any budget, intervening events and new circumstances have the potential to affect the Company's decisions. The Company reserves the right to, in the event more than the Minimum Subscription is raised and exploration results are not satisfactory, to vary the way funds are applied.
- 2 General working capital includes but is not limited to corporate administration and operating costs and may be applied to directors' fees, ASX and share registry fees, legal, tax and audit fees, insurance and travel costs. Further, general working capital

may be applied to evaluating new project opportunities that may complement the existing projects of the Company.

- 3 See section 10.6 for further details relating to the estimated expenses of the Offer, including lead management fees.

In the event that the amount raised under this Prospectus is more than the Underwritten Amount but less than the Full Subscription, it is intended that the additional amount raised will be applied broadly proportionately to the table in 5.3.

5.4 Statement of financial position

Set out in section 13 is the Consolidated Statement of Financial Position (reviewed) of the Company and the Consolidated Pro-Forma Statement of Financial Position, as at 31 December 2014 and on the basis of the following assumptions:

- (a) the Offer was effective on 31 December 2014;
- (b) no further Shares are issued (including by way of exercise of Options) other than all Shares issued under the Placement or offered under this Prospectus;
- (c) take up of the Offer:
 - (i) Underwritten Amount; and
 - (ii) Full Subscription.

The significant accounting policies upon which the Statement of Financial Position and the Pro-Forma Statement of Financial Position are based are contained in the annual financial report for year ended 30 June 2014.

5.5 Effect of the Offer on the Company's securities

Assuming that no Options are exercised prior to the Record Date, at the close of the Offer, the capital structure of the Company will be:

The Company also has on issue 1,866,667 Director share rights exchangeable for ordinary Shares on a one for one basis on 1 July 2015, subject to certain conditions having been met. See the Company's notice of meeting released to ASX on 17 February 2015 for further information.

5.6 Effect on control

There will be no effect on control of the Company if all Shareholders take up their Entitlement.

(a) Sub-Underwriter

Black Swan has agreed to sub-underwrite the Offer for up to \$154,000 or 22 million New Shares. Black Swan currently has a relevant interest in the Company of 13.03%.

Following is a table that sets out Black Swan's relevant interest under various scenarios following the Offer:

Level of take up from Shareholders (excluding Black Swan's Entitlement)	Number of Shares	Voting power
75% take up of Entitlement	38,493,729	16.2%
50% take up of Entitlement	39,900,000	18.30%
25% take up of Entitlement	39,900,000	19.4%
0% take up of Entitlement	39,900,000	25.05%

Black Swan may also take up its Entitlement under the Offer. In the event that Black Swan takes up its Entitlement (being 10,740,000 New Shares) as well as 22 million New Shares through Shortfall, and assuming no other Shareholders take up their Entitlement, Black Swan will have a voting power of up to 29.78% following the Offer.

The Directors do not believe that the maximum voting power of 29.78% will affect the control of the Company. Black Swan has informed the Company that, based upon the Company's present circumstances, it currently does not intend:

- (i) to make any significant changes to the Company's existing business;
- (ii) to become involved in decisions regarding the employment of the Company's present employees and contractors, and contemplates that they will continue in the ordinary course of business, other than the appointment of Guy Robertson as a Director of the Company (which has occurred);
- (iii) for any property to be transferred between the Company and Black Swan or any of its associates;
- (iv) to change the Company's existing financial policies.

Black Swan has advised that the above statements are its current intention only, and may change as new information becomes available or circumstances change.

(b) Others

As the Offer is non-renounceable, Eligible Shareholders may not rely upon item 10 of section 611 of the Corporations Act to increase their voting power to 20% or more by taking up their Entitlement under the Offer.

(c) Dilution

Shareholders who do not participate in the Offer will have their holdings diluted. Following is a table which sets out the dilutionary effect assuming only the Underwritten Amount is raised and no further Shares are issued or options exercised:

For personal use only

Holder	Holding at Record Date		Entitlement	Holding following the Offer if no Entitlement taken up	
	Number	%		Number	%
1	10,000,000	7.28	6,000,000	10,000,000	6.28
2	5,000,000	3.64	3,000,000	5,000,000	3.14
3	2,500,000	1.82	1,500,000	2,500,000	1.57
4	1,000,000	0.73	600,000	1,000,000	0.63

6 RISK FACTORS

The New Shares offered under this Prospectus are considered speculative. An investment in the Company is not risk free and the Directors strongly recommend potential investors to consider the risk factors described below and together with information contained elsewhere in this Prospectus and to consult with their professional advisers before deciding whether to apply for the New Shares pursuant to this Prospectus.

There are specific risks which relate directly to the Company's business. In addition, there are general risks, many of which are largely beyond the control of the Company and the Directors. The risks identified in this section, or other risk factors, may have a material impact on the financial performance of the Company and the market price of the New Shares.

The following is not intended to be an exhaustive list of the risk factors to which the Company is exposed.

6.1 Risk specific to the Offer

(a) Future funding and ability to continue as a going concern

The funds raised from the Offer will be used to fund further exploration on the Chilean projects and for limited general working capital. The Company will be required to raise further funds for future exploration and operational activities. There is a risk that further raisings may not be on terms favourable to existing Shareholders.

Furthermore, raising additional capital may be dilutive to existing Shareholders.

(b) Dilution

Shareholders who do not take up their Entitlement will have their holding in the Company diluted. Details of dilution are set out in section 5.6(c) above.

(c) Control

The Directors have taken all reasonable steps to limit the maximum increase in Black Swan's voting power under the Offer, including through appointing Patersons as Underwriter and Lead Manager, and secondly by pricing the Offer at a discount to the prevailing market price for Shares. However, the maximum voting power that Black Swan may have following the Offer, assuming it takes up its Entitlement, is 29.78%. There is a risk that Black Swan's interests may not align with other Shareholders' interests.

6.2 Company and industry risks

The risks outlined below are specific to the Company's operations and to the resource exploration industry in which the Company operates.

(a) Payments due under agreements with Sociedad Quimica y Minera de Chile S.A. (SQM) (NYSE:SQM)

The Company is, with respect to parts of its Chilean assets (known as the Altair Project), a party to two option agreements with SQM. Under those agreements the Company is required to pay option fees to SQM and undertake minimum

expenditure obligations, with the amounts determined by the number of hectares the subject of the option and the date of the payment/expenditure. Further payments are required if the Company wishes to exercise the option over parts of the project area.

Further details on the amounts to be paid and methods of calculation are set out in the Company's announcements to ASX on 6 December 2012, 18 February 2013 and 20 January 2015. With the exception of the Dania, the Company had paid the required option fees and met the minimum expenditure obligations for the period up to 31 March 2016.

Whilst the total annual to be paid to SQM and minimum exploration expenditure the project area depends upon the number of hectares the subject of the Option Agreement, the Company estimates that it will be up to approximately US\$1.369 million for the period to 31 March 2016.

Whilst the Company has an unfettered right to reduce some or all of the option fees and exploration commitments at any time by reducing part or all of the concession area within the Option Agreement area, there is a risk that in doing so the Company may relinquish areas of value and which the Company has incurred significant amounts on. In particular, in the event that only the Underwritten Amount is raised, the Company will give consideration to the divestment of areas within the Dania prospect.

(b) Exploration

The Company is an exploration company with various concessions and projects located in Chile that are in the exploration phase and with no known resources or reserves. Investors should understand that mineral exploration is a high risk activity. The Company does not provide any assurances that its exploration activities will guarantee the discovery and/or economic exploitation of a significant mineral resource

The exploration and operating costs of the Company are based on certain assumptions with respect to exploration methods and the timing of exploration activities undertaken. By their nature, these estimates and assumptions are subject to uncertainties and as such, actual costs may materially differ from the estimates and assumptions. No assurances can be provided that cost estimates and their underlying assumptions will be realised in practice which could adversely affect the Company.

(c) Future capital needs and additional funding

The Company recorded a net loss of \$2,378,578 and a net outflow from operating and activities of \$1,856,092 for the full year ending 30 June 2014. As at 31 December 2014, it had \$349,398 cash on hand.

The funds raised by the Offer will primarily be used to undertake further exploration at the Company's Chilean projects. There is a risk that these funds will not be sufficient to complete the proposed exploration and that further funding will be required.

The Company's ability to raise further capital (equity or debt) within an acceptable time, of a sufficient amount and on terms acceptable to the Company will vary

according to a number of factors, including prospectivity of projects (existing and future), the results of exploration, subsequent feasibility studies, development and mining, stock market and industry conditions and the price of relevant commodities and exchange rates.

No assurance can be given that future funding will be available to the Company on favourable terms (or at all). If adequate funds are not available on acceptable terms the Company may not be able to further develop its projects and it may impact on the Company's ability to continue as a going concern.

(d) Operations are in Chile

The Company's projects are located in Chile, which is a less developed country than Australia, and has associated political, economic, legal and social risks. There can be no assurance that its government and political systems will remain stable or that there will not be any changes to government regulations regarding foreign investment, repatriation of foreign currency, taxation or mining laws in Chile.

(e) Copper and gold and other commodity prices

As an explorer for copper and gold and potentially other minerals, any earnings of the Company are expected to be closely related to the price of copper and gold and other commodities.

Commodities prices fluctuate and are affected by numerous factors beyond the control of the Company. These factors include worldwide and regional supply and demand for commodities, general world economic conditions and the outlook for interest rates, inflation and other economic factors on both a regional and global basis. These factors may have a positive or negative effect on the Company's exploration, project development and production plans and activities, together with the ability to fund those plans and activities.

(f) Title and application risk

The Company's mining concessions are governed by the Government of Chile. The tenements pertaining to Antucoya West, Altair, Dania and Ivannia are registered in SQM's name and duly maintained by SQM. Estrella is the primary title holder of 6,700 ha of tenements (Saturno 1 to 17 and Mercurio A, B, 26 to 35), which Estrella has paid its annual fees in March 2015. Each concession is for a specific term and carries with it an annual lease payment and reporting commitments as well as other conditions requiring compliance. There is a risk that the Company could lose title to one or more of its concessions if concession conditions or annual lease commitments are not met or if SQM (as concession holder) is in breach of the terms of the concessions. Furthermore, there is a risk that any breach by SQM of the terms of the concessions may result in those concessions being lost. All tenements under Option Agreements with SQM are registered with Sernageomin (Chilean mines department) and are protected by the Chilean Mining Code.

6.3 Operating risks

The Company's operations may be affected by various factors including failure to locate or identify mineral deposits; failure to achieve predicted grades in exploration and mining; operational and technical difficulties encountered in mining; difficulties in operating plant

and equipment; mechanical failures or breakdowns; unanticipated metallurgical problems which may affect extraction costs; adverse weather conditions; industrial and environmental accidents; industrial disputes; and unexpected shortages or increases in the costs of consumables, spare parts, plant and equipment.

No assurances can be provided that the Company will achieve commercial viability through the successful exploration and/or mining of its concession interests. Until the Company is able to extract value from its projects, the Company is likely to incur ongoing operating losses.

(a) Resource estimates

Whilst the Company has announced a JORC Code compliant exploration target for its Colupo project, the Company has not announced resource estimates. Resource estimates are expressions of judgement based on knowledge, experience and industry practice (refer to the JORC Code for further information on resource estimation). In addition, by their very nature, resource estimates are imprecise and depend on interpretations which may prove to be inaccurate, and whilst the Company will employ industry-standard techniques including compliance with the JORC Code to reduce the resource estimation risk, there is no assurance that this approach will alter the risk. As further information becomes available through additional fieldwork and analysis, resource estimates may change. This may result in alterations to mining and development plans which may in turn adversely affect the Company.

(b) Environmental

The exploration and operational activities of the Company are subject to Chilean laws concerning the environment. The Company is required under the laws to obtain environmental approval to commence drilling.

The Company's activities are expected to have an impact on the environment particularly if advanced exploration or mine site recommissioning or development proceeds. It is the Company's intention to continue to conduct its operations and activities to the highest standard of environmental obligation including but not limited to compliance with all environmental laws and regulations.

(c) Joint venture, acquisitions or other strategic investments

The Company may in the future become a party to joint venture agreements governing the exploration and development of its projects. There is a risk that one of the Company's joint venture partners may default in their joint venture obligations or not act in the best interests of the joint venture. This may have an adverse effect on the interests and prospects of the Company.

The Company may enter into strategic investments in complementary businesses, or enter into strategic alliances or partnerships with third parties in order to enhance its business. Such arrangements involve a wide range of risks.

(d) Access risk

The Company's concession interests are governed by legislation and are evidenced by the granting of licences or leases. Each licence or lease is for a specific term and carries with it expenditure and reporting commitments. The Company could

lose title to its interests in its concessions if expenditure and reporting commitments are not met when they arise.

Adverse weather conditions may also restrict access to land for the purpose of carrying out activities such as drilling.

(e) Uninsured loss and liability

Exploration for and development of minerals involves hazards and risks that could result in the Company incurring losses and liabilities to third parties. There is a risk that the Company may not be insured against all potential losses or liabilities that could arise from its activities. If the Company incurs losses or liabilities that are not covered by its insurance policies, the funds available for exploration will be reduced and could create risk for the value of the Company's assets.

6.4 General investment risks

The risks outlined below are some of the general risks that may affect an investment in the Company.

(a) Securities investments and share market conditions

There are risks associated with any securities investment. The prices at which the securities trade may fluctuate in response to a number of factors.

Furthermore, the stock market, and in particular the market for exploration and mining companies may experience extreme price and volume fluctuations that may be unrelated or disproportionate to the operating performance of such companies. These factors may materially adversely affect the market price of the securities of the Company regardless of the Company's operational performance. Neither the Company nor the Directors warrant the future performance of the Company, or any return of an investment in the Company.

(b) Liquidity risk

The market for the Company's Shares may be illiquid. As a consequence investors may be unable to readily exit or realise their investment.

(c) Economic risk

Changes in both Australia, Chile and world economic conditions may adversely affect the financial performance of the Company. Factors such as inflation, currency fluctuations, interest rates, industrial disruption and economic growth may impact on future operations and earnings. The Company's possible revenues and price of its securities can be affected by these factors which are beyond the control of the Company and its Directors.

- (c) allow all or part of your Entitlement to lapse (see section 7.4).

7.2 Subscribe for all or part of your Entitlement

Applicants should read this Prospectus in its entirety in order to make an informed decision on the prospects of the Company and the rights attaching to the New Shares offered by this Prospectus before deciding to apply for New Shares. If you do not understand this Prospectus you should consult your stockbroker, accountant or other professional adviser in order to satisfy yourself as to the contents of this Prospectus.

If you wish to subscribe for all or part of your Entitlement, complete the accompanying Entitlement and Acceptance Form in accordance with the instructions set out on that form. The Entitlement and Acceptance Form sets out the number of New Shares you are entitled to subscribe for.

7.3 Subscribe for all of your Entitlement and apply for Shortfall Securities

Eligible Shareholders who take up their Entitlement in full may, in addition to their Entitlement, apply for Shortfall Securities regardless of the size of their present holding by completing the accompanying Entitlement and Acceptance Form in accordance with the instructions set out on that form. See section 8.6 for details of the manner in which Shortfall Securities will be allocated.

7.4 Allow all or part of your Entitlement to lapse

If you are an Eligible Shareholder and do not wish to accept all or part of your Entitlement, you are not obliged to do anything.

If you take no action, your Entitlement will lapse. You will receive no benefit or New Shares and your Entitlement will become Shortfall Securities.

If you wish to receive a benefit, you must take action to accept your Entitlement in accordance with the instructions above and on the accompanying personalised Entitlement and Acceptance Form.

The number of Existing Shares you hold as at the Record Date and the rights attached to those Existing Shares will not be affected if you choose not to accept any of your Entitlement.

7.5 Payment methods

Cheque, bank draft or money order

The completed Entitlement and Acceptance Form must be accompanied by a cheque, bank draft or money order made payable to 'Estrella Resources Limited' and crossed 'Not

Negotiable' for the appropriate application money in Australian dollars calculated at \$0.007 per New Share accepted. Your cheque, bank draft or money order must be paid in Australian currency and be drawn on an Australian branch of an Australian financial institution. The Company will present the cheque or bank draft on the day of receipt of the Entitlement and Acceptance Form. You must ensure that your cheque account has sufficient funds to cover your payment, as your cheque will be presented for payment on receipt. If your bank dishonours your cheque your application will be rejected. Dishonoured cheques will not be represented.

If the amount of your cheque(s), bank draft(s) or money order(s) for application money (or the amount for which those cheque(s) or bank draft(s) clear in time for allocation) is insufficient to pay for the number of New Shares you have applied for in your Entitlement and Acceptance Form, you may be taken to have applied for such lower number of New Shares as your cleared application money will pay for (and to have specified that number of New Shares in your Entitlement and Acceptance Form) or your Application may be rejected.

The Entitlement and Acceptance Form must be received by the Company at either of the following addresses by no later than 5.00 pm (AEST) on the Closing Date:

By Post To:	By Delivery To:
Boardroom Pty Limited GPO Box 3993 Sydney NSW 2001	Boardroom Pty Limited Level 7, 207 Kent Street Sydney NSW 2000

BPAY

Alternatively, if you are paying by BPAY, refer to your personalised instructions on your Entitlement and Acceptance Form. Shareholders who wish to pay by BPAY must ensure that payment is received by no later than 5pm AEST on the Closing Date.

You should be aware that your own financial institution may implement earlier cut-off times with regard to electronic payment, and you should therefore take this into consideration when making payment. It is your responsibility to ensure that funds submitted through BPAY are received by 5pm AEST on the Closing Date.

If you have more than one shareholding and consequently receive more than one Entitlement and Acceptance Form, when taking up your Entitlement in respect of one of those shareholdings only use the Customer Reference Number specific to that shareholding as set out in the applicable Entitlement and Acceptance Form. Do not use the same Customer Reference Number for more than one of your shareholdings. This can result in your application monies being applied to your Entitlement in respect of only one of your shareholdings (with the result that any application in respect of your remaining shareholdings will not be recognised as valid).

The Company will not be responsible for any postal or delivery delays or delay in the receipt of the BPAY payment.

7.6 Entitlement and Acceptance Form is binding

Receipt of a completed and lodged Entitlement and Acceptance Form together with a cheque for the application monies, or by making a payment in respect of an Application by

BPAY, constitutes a binding offer to acquire New Shares on the terms and conditions set out in this Prospectus and, once lodged, cannot be withdrawn.

By completing and returning your Entitlement and Acceptance Form with the requisite application monies, or by making a payment in respect of an Application by BPAY, you will be deemed to have represented that you are an Eligible Shareholder. In addition, you will also be deemed to have represented and warranted on behalf of yourself or each person on whose account you are acting that the law in your place of residence and/or where you have been given the Prospectus, does not prohibit you from being given the Prospectus and that you:

- (a) agree to be bound by the terms of the Offer;
- (b) declare that all details and statements in the Entitlement and Acceptance Form are complete and accurate;
- (c) declare that you are over 18 years of age and have full legal capacity and power to perform all your rights and obligations under the Entitlement and Acceptance Form;
- (d) authorise the Company and its respective officers or agents, to do anything on your behalf necessary for the New Shares to be issued to you, including to act on instructions of the Company's share registry upon using the contact details set out in the Entitlement and Acceptance Form;
- (e) declare that you are the current registered holder of Shares and are an Australian or New Zealand resident, and you are not in the United States or a US Person, or acting for the account or benefit of a US Person;
- (f) acknowledge that the information contained in, or accompanying, the Prospectus is not investment or financial product advice or a recommendation that New Shares are suitable for you given your investment objectives, financial situation or particular needs; and
- (g) acknowledge that the New Shares have not, and will not be, registered under the securities laws in any other jurisdictions outside Australia and New Zealand and accordingly, the New Shares may not be offered, sold or otherwise transferred except in accordance with an available exemption from, or in a transaction not subject to, the registration requirements of applicable securities laws in particular the US Securities Act.

The Entitlement and Acceptance Form does not need to be signed to be a valid application. An Application will be deemed to have been accepted by the Company upon the issue of the New Shares.

If the Entitlement and Acceptance Form is not completed correctly or if the accompanying payment of the application monies is for the wrong amount, it may still be treated as a valid application for New Shares. The Directors' decision whether to treat an acceptance as valid and how to construe, amend or complete the Entitlement and Acceptance Form is final. However, an Applicant will not be treated as having applied for more Shares than is indicated by the amount of the application monies received by the Company.

The Shortfall Offer is, to the extent it is made in Australia, made under this Prospectus. Eligible Shareholders may apply for Shortfall Securities by completing the accompanying Entitlement and Acceptance Form in accordance with the instructions set out on that form. Other investors who are not Eligible Shareholders may apply for Shortfall Securities using the Shortfall Application Form attached to this Prospectus. It is possible that there may be no Shortfall Securities available for issue.

Subject to the above, the Directors reserve the right at their absolute discretion to reject any application for Shortfall Securities or to issue a lesser number of Shortfall Securities than that applied for, and it is an express term of the Shortfall Offer that applicants for Shortfall Securities will be bound to accept a lesser number of Shortfall Securities allocated to them than applied for. 8.7 Offer outside Australia and New Zealand

Recipients may not send or otherwise distribute this Prospectus or the Entitlement and Acceptance Form to any person outside Australia and New Zealand.

8.8 Treatment of Ineligible Shareholders

Given the small number of Ineligible Shareholders and the cost of complying with applicable regulations in those jurisdictions, the Company has decided that it would be unreasonable to extend the Offer to Ineligible Shareholders. The Prospectus will not be sent to those Shareholders.

(a) New Zealand

8.9 Beneficial holders, nominees, trustees and custodians

Nominees and custodians that hold Shares should note that the Offer is available only to Eligible Shareholders. The Company is not required to determine whether or not any registered holder is acting as a nominee or the identity or residence of any beneficial owners of securities. If any nominee or custodian is acting on behalf of a foreign person, that holder, in dealing with its beneficiary, will need to assess whether indirect participation by the beneficiary in the Offer is compatible with applicable foreign laws.

8.10 Issue of New Shares and application money

New Shares will be issued only after ASX has granted permission for the New Shares to be quoted. It is expected that New Shares will be issued on 26 May 2015 and normal trading of the New Shares on ASX is expected to commence on 27 May 2015.

All application monies will be deposited into a separate bank account of the Company and held in trust for Applicants until the New Shares are issued or application monies returned. Any interest that accrues will be retained by the Company and will not be paid to Applicants.

8.11 Quotation

The Company will apply to ASX on 29 April 2015 for quotation of the New Shares offered by this Prospectus on ASX. If ASX does not grant permission for the quotation of the New Shares offered under this Prospectus within 3 months after the date of this Prospectus, or such longer period as modified by ASIC, none of the New Shares offered by this Prospectus will be issued. In these circumstances, all Applications will be dealt with in accordance with the Corporations Act including the return of all application monies without interest.

A decision by ASX to grant official quotation of the New Shares is not to be taken in any way as an indication of ASX's view as to the merits of the Company or of the New Shares.

Quotation, if granted, of the New Shares offered by this Prospectus will commence as soon as practicable after statements of holdings of the New Shares are dispatched.

8.12 Market prices of Existing Shares on ASX

8.13 CHESS

The Company participates in the Clearing House Electronic Subregister System (**CHESS**). CHESS is operated by ASX Settlement Pty Ltd (**ASPL**), a wholly owned subsidiary of ASX.

Under CHESS, the Company does not issue certificates to investors. Instead, security holders will receive a statement of their holdings in the Company, including New Shares issued under this Prospectus. If an investor is broker sponsored, ASPL will send a CHESS statement.

The CHESS statement will set out the number of New Shares issued under this Prospectus, provide details of your holder identification number and give the participation identification number of the sponsor.

If you are registered on the issuer sponsored sub register, your statement will be dispatched by the Company's share registrar and will contain the number of New Shares issued to you under this Prospectus and your security holder reference number.

A CHESS statement or issuer sponsored statement will routinely be sent to Shareholders at the end of any calendar month during which the balance of their shareholding changes. Shareholders may request a statement at any other time, however, a charge may be made for additional statements.

8.14 Taxation and duty implications

The Directors do not consider that it is appropriate to give Shareholders advice regarding the taxation consequences of the Company conducting the Offer or Shareholders applying for New Shares under this Prospectus, as it is not possible to provide a comprehensive summary of the possible taxation positions of Shareholders. The Company, its advisers and officers, do not accept any responsibility or liability for any taxation consequences to Shareholders in the Offer. Shareholders should, therefore, consult their own professional tax adviser in connection with the taxation implications of the Offer.

No brokerage or stamp duty is payable by Applicants in respect of Applications for New Shares under this Prospectus.

9 RIGHTS AND LIABILITIES ATTACHING TO SECURITIES

9.1 Rights and liability attaching to Shares

Full details of the rights and liabilities attaching to the Shares are:

- detailed in the Constitution, a copy of which can be inspected, free of charge, at the registered office of the Company during normal business hours; and
- in certain circumstances, regulated by the Corporations Act, the Listing Rules and the general law.

The following is a summary of the more significant rights and liabilities attaching to the Shares. This summary is not exhaustive and does not constitute a definitive statement of the rights and liabilities of Shareholders. To obtain such a statement, persons should seek independent legal advice.

(a) Voting rights

Subject to any rights or restrictions for the time being attached to any class or classes of shares, at a general meeting of members every member has one vote on a show of hands and one vote per Share on a poll. Voting may be in person or by proxy, attorney or representative.

(b) Dividends

Subject to the rights of any preference shareholders (of which there are currently none) the directors may from time to time declare and pay such dividend as they think appropriate.

(c) Future issues of securities

Subject to the Corporations Act and the Listing Rules, the Directors may issue, grant options over, or otherwise dispose of unissued shares in the Company at the times and on the terms that the Directors think proper and a share may be issued with preferential or special rights.

(d) Transfer of Shares

A shareholder may transfer Shares by a market transfer in accordance with any computerised or electronic system established or recognised by ASX for the purpose of facilitating transfers in Shares or by an instrument in writing in a form approved by ASX or the Board.

(e) Meetings and notices

Each shareholder is entitled to receive notice of, and to attend, general meetings for the Company and to receive all notices, accounts and other documents required to be sent to shareholders under the Constitution, the Corporations Act or the Listing Rules.

Shareholders may requisition meetings in accordance with the Corporations Act.

- (f) Liquidation rights
The Company has one class of shares on issue, ordinary shares. Each ordinary Share ranks equally in the event of liquidation.
- (g) Variation of rights
Subject to the Listing Rules, the rights attached to the Shares may be varied with the consent in writing of shareholders holding three-quarters of the Shares or by a special resolution passed at a separate meeting of the holders of the Shares in accordance with the Corporations Act
- (h) Election of directors
There must be at least 3 Directors or such greater number of Directors not exceeding 10 as the directors think fit, in office at all times at least 2 of whom must ordinarily reside in Australia. At every annual general meeting one third of the Directors (rounded up to the nearest whole number) must retire from office. Any Director who would have held office for more than 3 years if that Director remains in office until the next general meeting must retire. These retirement rules do not apply to certain appointments including the managing director.
- (i) Indemnities
To the extent permitted by law the Company must indemnify each past and present Director and secretary against any liability incurred by that person as an officer of the Company and any legal costs incurred in defending an action in respect of such liability.
- (j) Winding up
Subject to the Corporations Act, the ASX Listing Rules and any rights or restrictions attached to a class of shares, on a winding up of the Company any surplus must be divided among the shareholders of the Company.
- (k) Shareholder liability
As the Shares under the Prospectus are fully paid Shares, they are not subject to any calls for money by the Directors and will therefore not become liable for forfeiture.
- (l) Alteration to the Constitution
The Constitution can only be amended by a special resolution passed by at least three quarters of shareholders present and voting at the general meeting. At least 28 days written notice specifying the intention to propose the resolution as a special resolution must be given.
- (m) Listing Rules
As the Company is admitted to trading on the Official List, then despite anything in the Constitution, if the Listing Rules prohibit an act being done, the act must not be done. Nothing in the Constitution prevents an act being done that the Listing Rules require to be done. If the Listing Rules require an act to be done or not to be done, authority is given for that act to be done or not to be done (as the case may be). If the Listing Rules require the Constitution to contain a provision and it does not contain such a provision, the Constitution is deemed to contain that provision.

If the Listing Rules require the Constitution not to contain a provision and it contains such a provision, the Constitution is deemed not to contain that provision. If a provision of the Constitution is or becomes inconsistent with the Listing Rules, the Constitution is deemed not to contain that provision to the extent of the inconsistency.

10 ADDITIONAL INFORMATION

10.1 Continuous disclosure obligations

The Company is a 'disclosing entity' (as defined in section 111AC of the Corporations Act) for the purposes of section 713 of the Corporations Act and, as such, is subject to regular reporting and disclosure obligations. Specifically, like all listed companies, the Company is required to continuously disclose any information it has to the market which a reasonable person would expect to have a material effect on the price or the value of the Company's securities. The New Shares which will be issued pursuant to this Prospectus are in the same class of Shares that have been quoted on the official list of the ASX during the 12 months prior to the issue of this Prospectus.

This Prospectus is a "transaction specific prospectus" to which the special content rules under section 713 of the Corporations Act apply. That provision allows the issue of a more concise prospectus in relation to an offer of securities in a class which has been continuously quoted by ASX in the three months prior to the date of the prospectus. In general terms "transaction specific prospectuses" are only required to contain information in relation to the effect of the issue of New Shares on the Company and the rights attaching to the New Shares. It is not necessary to include general information in relation to all of the assets and liabilities, financial position, profits and losses or prospects of the issuing company.

This Prospectus is intended to be read in conjunction with the publicly available information in relation to the Company which has been notified to ASX and does not include all of the information that would be included in a prospectus for an initial public offering of securities in an entity that is not already listed on a stock exchange. Investors should therefore have regard to the other publicly available information in relation to the Company before making a decision whether or not to invest.

Having taken such precautions and having made such enquires as are reasonable, the Company believes that it has complied with the general and specific requirements of ASX as applicable from time to time throughout the period from lodgement of the Company's annual financial report of the Company for the financial year ended 30 June 2014 to the issue of this Prospectus which required the Company to notify ASX of information about specified events or matters as they arise for the purpose of ASX making that information available to the stock market conducted by ASX.

Information that is already in the public domain has not been reported in this Prospectus other than that which is considered necessary to make this Prospectus complete.

The Company, as a disclosing entity under the Corporations Act states that:

- (a) it is subject to regular reporting and disclosure obligations;
- (b) copies of documents lodged with the ASIC in relation to the Company (not being documents referred to in section 1274(2)(a) of the Corporations Act) may be obtained from, or inspected at, the offices of the ASIC; and
- (c) it will provide a copy of each of the following documents, free of charge, to any person on request between the date of issue of this Prospectus and the Closing Date:

- (i) the annual financial report of the Company for the financial year ended 30 June 2014 being the last financial report for a financial year, of the Company lodged with the ASIC before the issue of this Prospectus;
- (ii) any half-year financial report lodged with ASIC by the Company after the lodgement of that annual report and before the lodgement of this Prospectus; and
- (iii) any continuous disclosure notices given by the Company after the lodgement of the financial report referred to in paragraph (i) and before the lodgement of this Prospectus with ASIC.

Copies of all documents lodged with the ASIC in relation to the Company can be obtained free of charge from the Company's registered office during normal office hours.
