#### **ALEXIUM COMPLETES SUCCESSFUL SCALE UP RUN WITH NEW CLIENT IN HOME FURNISHINGS**

**Perth, WA and Greer, South Carolina: Alexium International Group Limited (Alexium) (ASX:AJX, AX:AJX, OTC QX:AXXIY)** is pleased to announce that it has successfully completed a full scale up commercial run of chemistry with its newest client in the home furnishings market in the US.

This result continues to prove Alexium's chemistry is market ready and validated within the consumer marketplace. The fabrics being tested under the successful commercial run have now be made into the complete home furnishings product with a final Quality Assurance test and check process to take place.

Alexium anticipates full scale production and consumer roll out in the large US market is less than 90 days away for this customer.

Nicholas Clark, CEO of Alexium, said "we are continuing to impress existing customers and our new customers, with our award winning and environmentally friendly flame retardant chemistries".

Mr Clark added "Alexium remains on track for revenue targets and we have since obtained a number of additional customers following the recent successful trade show appearance in Frankfurt, where we shared a trade booth with our partner, iTextiles."

Alexium will provide a further update on this opportunity to the market.

**About Alexium**

Alexium International Group Limited (ASX: AJX, AX:AJX OTC QX: AXXIY) holds proprietary patent applications for a process developed initially by the U.S. Department of Defense, which allows for the surface modification and attachment of nano-particles or multiple chemical functional groups to surfaces or substrates to provide functions such as fire retardancy, water proofing, oil proofing, and anti-microbial treatments. Applications under development include but are not limited to textiles, paints, and packaging, glass and building materials. Alexium's fire retardant chemical treatment are currently marketed for different fabric markets under the Ascalon™, Nycolon™, Nuvalon™, and Polytron™, Omnitron™ and Bactron™ trademarks.
