

QUARTERLY ACTIVITIES REPORT

for the period ending 30th of June 2015

The Carajas Copper Company Limited ("the Company") is pleased to provide its report for the quarter ended 30 June 2015.

BRASIL

During the quarter, the Company continued to evaluate potential acquisition opportunities in Brasil and has been involved in discussions with a number of third parties. Additionally, the Company has been considering the prospects for its current suite of exploration projects. Whilst no definitive point has been reached, the Company remains optimistic regarding progressing these matters in the near term.

MONGOLIA

The realization process for the projects and assets in Mongolia is continuing with sale and or joint venture partners being sought. In addition the Company is actively pursuing amounts owed to it by debtors in Mongolia. The outcome of these discussions remains unclear, however the Company continues to work on realising value for these assets.

CORPORATE

During the quarter the Company completed a number of corporate actions, including a consolidation of its share capital (including options) on a 1:20 basis and the completion of a rights issue. The results of these actions have previously been announced to the ASX.
