ASX Release

## Clarification on the Restatement of the Results for the Period Ending 31 December 2014

### Background of the Restatement - Business Combinations and Reverse Takeover Acquisition

On the 19 July 2014 Fatfish Internet Group Limited (formerly Atech Holdings Limited) acquired 100% of the shareholding of Fatfish Internet Pte Ltd and 50% of the shareholding of Fatfish Capital Pty Ltd by way of issue of 72 million shares and 18 million shares respectively at a price of \$0.20 per share.

Subsequent to the lodgement of the 2014 Annual Report it was discovered that the acquisition did not meet the definition of a "business combination" in accordance with AASB 3 Business Combinations.

Atech Holdings Limited was not deemed to be a business for accounting purposes and therefore the transaction was subsequently deemed to not be a business combination within the scope of AASB 3.

The amended accounting treatment accounted for the acquisition as a share based payment transaction using the principles of AASB 2 Share Based Payment.

The main point of difference in adopting AASB 2 Share Based Payment requires that any difference in the fair value of the shares issued by the accounting acquirer (Fatfish Internet Pte Limited) and the fair value of the accounting acquiree's (Fatfish Internet Group Limited) identifiable net assets represents a listing cost incurred by Fatfish Internet Pte Ltd rather than Goodwill on acquisition.

Accordingly the consolidated Financial Report for the year ended 31 December 2014 of Fatfish Internet Group Limited has been prepared as a continuation of the business and operations of Fatfish Internet Pte Limited and the later has been deemed the accounting acquirer.

### Restatement of 31 December 2014 Results

The legal parent of the consolidated Group is Fatfish Internet Group Limited however the accounting acquirer as determined by AASB 2 Share Based Payment is Fatfish Internet Pte Limited, a company domiciled in Singapore.

The original Consolidated Full Year Statutory Accounts as released to ASX on 31 March 2015 were prepared on the basis that the Legal parent of the consolidated group was also the accounting acquirer. Subsequently, as noted above, Fatfish Internet Pte Limited was determined to be the accounting acquirer and as such an accounting restatement for the six months ended 31 December 2014 has been undertaken to record the correct disclosure.

The tables below demonstrate the impact of the restatement on the relevant areas of disclosure within the Consolidated Full Year Statutory Accounts for the period ending 31 December 2014.

The Company included a summary of the below restatements within Note 1 of the Half Year Financial Report released to ASX on 31 August 2015. The tables below have been disclosed to enable stakeholders to fully understand the impact of the restatement at 31 December 2014 including the relevant adjustments. The Company's auditors have reviewed and concur with adjustments as disclosed below.
