*"Being awarded Most Disruptive CIO/CTO at the Talent Unleashed Awards is an enormous honour. As a simple, cost effective, visually inspired eLearning platform, Velpic is a truly disruptive player that is transforming the way companies train, induct, and generally upskill their workforce. It reduces training time by up to 75 percent, increases comprehension by up to 50 percent and is much more cost effective - up to 10 times less than the cost of shooting a traditional training video. We are excited about bringing this exciting platform to more and more companies across Australia and internationally in the coming months and years."*
