### ACTIVITIES REPORT

### SEPTEMBER QUARTER 2015

#### MYANMAR

As announced on 29 October 2014, Eumeralla Resources Ltd's 70% controlled Myanmar subsidiary, Mawsaki Mining Co., Ltd ('Mawsaki'), received State Government approval for its exploration permit in the State of Kayah. During the quarter, Mawsaki held numerous meetings with the Department of Geological Survey and Mineral Exploration (DGSE) aimed at finalising the agreement, regarding the terms and conditions of the exploration area.

Mawsaki progressed with the process towards being granted the required approvals to clear the way for consideration of the proposed exploration terms and conditions by Cabinet of Union Government of Myanmar.

This approval process is the next step following the successful negotiations over the licence area with the Office of Chief Minister, Kayah State Government, Chief Minister, Ministry of Forest and Mines, both the State Forest Department and State Land Records Department in Loikaw and Office of Township Administration, Hpa-hsaung.

The Company understands that approval by the Union Government will be the final step in the approval process.

Subsequent to the end of the quarter, the Company engaged Lunda LLC (Lunda) to perform an IP/Res Gradient Survey. Lunda have performed the IP/Res Gradient Survey and are in the process of preparing a report to be submitted to the Mineral Resources Authority (MRAM) of Mongolia.
