Commentary

Operation

January was a relatively low month due to the approaching Chinese New Year holidays which is celebrated by most of the Group's key markets. The Group expects the replenishment cycle to pick up in the coming months as the festive season draws to a close and potential new markets and opportunities that the Group had been working on come into fruition.

Byte Power Group Ltd maintains a positive outlook as the Group maintains its efforts on continuing to develop new and existing opportunities within Australia and Asia across all segments.
