Provided the issue did not breach the 15% threshold in ASX Listing Rule 7.1, the ASX Listing Rule 7.4 permits the ratification of previous issues of securities made without prior shareholder approval. Subsequent approval of the placement by shareholders will "refresh" the Company's ability to issue shares up to the 15% limit without further shareholder approval.

The purpose of the issue of the placement shares was to raise capital for the Company's exploration activities and to provide working capital.

Subject to certain exceptions, ASX Listing Rule 7.1A restricts a company from issuing or agreeing to issue equity securities in any 12 months period which amount to more than 10% of the Company's ordinary securities calculated in accordance with the formula prescribed in ASX Listing Rule 7.1A.2.

In accordance with the requirements of ASX Listing Rule 7.5, the following information is provided to shareholders to allow them to assess Resolution 6:

- a) A total number of 40,603,386 shares were allotted and issued.
- b) The shares were issued at an issue price of \$0.002225 per share.

The purpose of the issue of the placement shares was to raise funds for working capital.

Subject to certain exceptions, ASX Listing Rule 7.1A restricts a company from issuing or agreeing to issue equity securities in any 12 months period which amount to more than 10% of the Company's ordinary securities calculated in accordance with the formula prescribed in ASX Listing Rule 7.1A.2.

ASX Listing Rule 7.4 permits the ratification of previous issues of securities made with approval under Listing Rule 7.1A. Subsequent approval of the placement by shareholders will "refresh" the Company's ability to issues shares up to the 10% limit.

5. Resolution 8 –Special Resolution to Approve an Additional 10% Placement Facility

ASX Listing Rule 7.1 prohibits a listed company from issuing equity securities representing more than 15% of its issued capital in any twelve month period without obtaining shareholder approval (subject to certain exceptions).

However, under ASX Listing Rule 7.1A, a company can seek shareholder approval to allow up to an additional 10% capacity to issue the same class as existing quoted class of securities over a twelve month period after an annual general meeting.

An eligible entity for the purposes of ASX Listing Rule 7.1A is an entity that is not included in the S&P/ASX 300 Index and has a market capitalisation of \$300 million or less. The Company is an eligible entity.

The Company is now seeking shareholder approval by way of a special resolution to have the ability to issue equity securities under the 10% Placement Facility. The Company has previously sought approval under ASX Listing Rule 7.1A. If Resolution 8 is approved as a special resolution then the Company, within 12 months after shareholder approval, may issue an additional 10% equity securities calculated in accordance with the formula in ASX Listing Rule 7.1A.2 which is as follows:

(A x D) – E where

A = the number of fully paid ordinary shares on issue 12 months before the date of issue or agreement to issue:

- a) plus the number fully paid ordinary shares issued in the last 12 months under an exception to ASX Listing Rule 7.2;
- b) plus the number of partly paid ordinary shares that became fully paid within the last 12 months;
- c) plus the number of fully paid ordinary shares issued in the 12 months with approval of holders of shares under ASX Listing Rule 7.1 and 7.4 (this does not include an issue of fully paid shares under the equity’s 15% capacity without shareholder approval);
- d) less the number of fully paid ordinary shares cancelled in the 12 months.

Note that **A** has the same meaning in ASX Listing Rule 7.1 when calculating an entity’s 15% placement capacity.

D = 10%

E = the number of equity securities issued or agreed to be issued under ASX Listing Rule 7.1A.2 in the 12 months before the date of issue or agreement to issue that are not issued with the approval of shareholders under ASX Listing Rule 7.1 or 7.4.

The following information is provided to shareholders for the purposes of obtaining shareholder approval pursuant to ASX Listing Rule 7.3A:

- a) the minimum price at which equity securities can be issued will be calculated in accordance with ASX Listing Rule 7.1A.3 which states the issue price of each equity security must be no less than 75% of the volume weighted average price for equity securities in that class calculated over the 15 days trading days on which trades in that class were recorded immediately before:
- the date on which the price at which equity securities are to be issued is agreed; or
 - if the equity securities are not issued within 5 trading days of the date in paragraph (a), the date on which the equity securities are issued.
- b) if Resolution 8 is approved by shareholders and the Company issues equity securities under the 10% Placement Facility, existing shareholders voting power in the Company will be diluted as shown in the table below under point d). There is a risk that:
- the market price for the Company's equity securities may be significantly lower on the date of the issue of the equity securities than on the date of this approval under rule 7.1A; and
 - the equity securities may be issued at a price that is at a discount to the market price for the Company's equity securities on the issue date or the equity securities are issued as part of the acquisition of a new asset;

which may have an effect on the amount of funds raised by the issue of the equity securities.

- c) As at the date of this Notice, the Company would have capacity to issue:
- **148,817,062 (992,113,745 x 15%)** ordinary shares on the basis that Resolutions 5, 6 and 7 are approved pursuant to ASX Listing Rule 7.1; or
 - **0 (793,690,998 x 15% - (198,422,747))** ordinary shares if Resolutions 5, 6 and 7 are not approved pursuant to ASX Listing Rule 7.1; and
 - **99,211,375 (992,113,745 x 10%)** ordinary shares on the basis that Resolutions 5, 6 and 7 are approved pursuant to ASX Listing Rule 7.1A; or

- d) the table below shows examples of possible dilution of existing shareholders, on the basis of the market price of \$0.003 per share on 05 April 2016 and the current number of fully-paid ordinary shares on issue of 992,113,745 as at the date of this Notice pursuant to the definition of variable "A" under ASX Listing Rule 7.1A;

	Funds Raised	\$297,634	\$595,268	\$1,190,536

This table has been prepared on the following assumptions:

- the Company issues the maximum number of equity securities available under the 10% Placement Facility.
- the 10% voting dilution reflects the aggregate percentage dilution against the issued share capital at the time of issue.
- the table does not show an example of dilution that may be caused to a particular shareholder by reason of placements under the 10% Placement Facility, based on that shareholder's holding at the date of the Meeting.
- the table shows only the effect of issues of equity securities under ASX Listing Rule 7.1A, not under the 15% Placement Capacity under ASX Listing Rule 7.1.

- e) Shareholder approval of the additional 10% as per ASX Listing Rule 7.1A is valid from the date of the annual general meeting at which the approval is obtained. This approval will cease on the earlier to occur of:
- o the date that is 12 months after the date of the annual general meeting at which the approval is gained; or
 - o the date of the approval by shareholders of a transaction under ASX Listing Rules 11.1.2 (a significant change to the nature or scale of activities) or 11.2 (disposal of main undertaking).
- f) the Company may seek to issue the equity securities for the following purposes:
- o non-cash consideration for the acquisition of new assets and investments. In such circumstances the Company will provide a valuation of the non-cash consideration as required by Listing Rule 7.1A.3; or

- cash consideration. As disclosed in recent ASX announcements and reports, the company is actively pursuing further growth opportunities. Any funds raised using this additional 10% capacity may be used to grow the business and / or additional working capital to fund growth opportunities.

The Company will comply with the disclosure obligations under ASX Listing Rules 7.1A (4) and 3.10.5A upon issue of any equity securities.

- g) The Company's allocation policy is dependent on the prevailing market conditions at the time of any proposed issue pursuant to the 10% Placement Facility.

The identity of the allottees of equity securities will be determined on a case-by-case basis having regard to the factors including, but not limited to, the following:

- the methods of raising funds that are available to the Company, including but not limited to, rights issue or other issue in which existing security holders can participate;
- the effect of the issue of the equity securities on the control of the Company;
- the financial situation and solvency of the Company; and
- advice from corporate, financial and broker advisers (if applicable).

The allottees under this facility have not been determined as at the date of this notice but may include new or existing shareholders who are not related parties or associates of a related party of the company.

Further, if the Company is successful in acquiring new assets or investments, it is likely that the allottees under the 10% Placement Facility will be the vendors of the new assets or investments.

- h) the Company has previously obtained approval under ASX Listing Rule 7.1A at the Company's 2014 AGM. During the Preceding 12 Months, the Company undertook various issues of Equity Securities. The particulars of the issues are set in Annexure C.
- i) a voting exclusion statement is included in the Notice for the purpose of Resolution 8.

6. Resolutions 9-12: Issue of Unlisted Options to Directors and Former Directors

6.1 Background

The Company is of the belief that its remuneration policies should align the interests of SOC Shareholders with that of Directors to promote the long-term growth and prosperity of the business. The Company believes it is important to provide incentives to directors in the form of Options which provide the opportunity to participate in the share capital of the Company. SOC expects to apply the proceeds of exercise of the Options to working capital needs, asset or business acquisitions and general corporate purposes. All Options to be issued are consistent with any applicable Listing Rules and having regard to regulatory constraints under the *Corporations Act 2001*, ASIC policy or any other law applicable to SOC.

6.2 Regulatory Framework

Chapter 2E

Chapter 2E of the Corporations Act requires that for a public company to give a financial benefit to a related party, the public company must obtain the approval of members in the manner set out in Sections 217 to 227 of the Corporations Act and give the benefit within 15 months following such approval unless the giving of the financial benefit falls within an exception set out in Sections 210 to 216 of the Corporations Act.

Directors rely on s211 of the Corporations Act and confirm that the grant of securities contemplated by Resolutions 9-12 is reasonable remuneration for services rendered as Directors by Rocco Tassone, Charles Thomas, Patrick Glovac and as a Former Director and

Chief Geologist by Michael Leu. As a result, shareholder approval for these resolutions is not sought under Chapter 2E.

The remuneration is considering reasonable for the following reasons:

- A Black Scholes valuation of all options proposed to be issued falls in the range of \$0.0000 to \$0.0007;
- Further the issue of options to directors acts as an incentive for the directors to achieve an economic outcome which is of benefit for all shareholders; and
- The proceeds of exercise of the Options will be applied to working capital needs, asset or business acquisitions and general corporate purposes.

ASX Listing Rules 10.11

In addition, ASX Listing Rule 10.11 also requires shareholder approval to be obtained where an entity issues or agrees to issue securities to a related party or a person whose relationship with the entity or a related party is in ASX’s opinion such that approval should be obtained unless an exception in ASX Listing Rule 10.12 applies.

ASX Listing Rules 7.1

Approval pursuant to ASX Listing Rule 7.1 is not required in order to issue the Shares to the related parties as approval is being obtained under ASX Listing Rule 10.11. Accordingly, the issue of the Shares to the related parties will not be included in the 15% calculation of the Company’s annual placement capacity pursuant to ASX Listing Rule 7.1.

s195(4) Directors Restrictions on Voting

As the Directors have a material personal interest in the issue of the Shares, the Company seeks approval under section 195 of the Corporations Act so that the Shareholders may pass a resolution to deal with this matter.

Unlisted Options and the proposed Share Consolidation

All Unlisted Options issued pursuant to Resolutions 9-12 are pre consolidation Options. The consolidation of securities pursuant to Resolution 15 will occur after the issue of Unlisted Options pursuant to Resolutions 9-12.

7. Resolutions 13-14: Issue of Shares to other Parties

7.2 Regulatory Framework

Shareholder approval for Resolution 13 and 14 is being sought in accordance with ASX Listing Rule 7.1.

7.3 ASX Listing Rule Disclosures

The following information is provided in accordance with ASX Listing Rule 7.3:

- i) The issue of these Unlisted Options will raise funds for the Company if the holders of the Unlisted Options exercise those Unlisted Options within the Option Period.
- j) A voting exclusion statement has been included for the purposes of Resolutions 13 and 14.

7.4 Directors Recommendations

The Directors of the Company, having no material interest in the issue of shares contemplated by Resolutions 13 and 14, recommend that Shareholders vote in favour Resolution 13 and 14.

8. Resolution 15: Consolidation Resolution

8.1 Background

On 1 April 2016 the Company announced a non-renounceable Entitlement Offer of 2 New Shares for every 5 shares held. The Entitlement Offer closes on 17 May 2016. In the event the Entitlement Offer is fully subscribed the number of share on issue by the Company will increase by 393,613,914 for a total of 1,377,648,699. Shareholders are requested to have reference to the Entitlement Offer Information Booklet available at the Company's website, www.sovereigngold.com.au for further information regarding the terms of the Entitlement Offer.

The Directors consider it appropriate to reduce the number of shares on issue by two thirds, through a consolidation of 1 share for every 3 shares held. The view of directors is that the consolidation will ensure that the number of shares on issue and trading price of Sovereign shares is at a level broadly comparable to Sovereign's peer group of companies.

Under section 254H of the Corporations Act, a company may consolidate its shares if the consolidation is approved by an ordinary resolution of shareholders at a general meeting.

If the consolidation is approved, the consolidation will take effect on and from the Determination Date. The Determination Date can be no later than 16 August 2016 being the last date the Shortfall Shares can be issued under the Listing Rules (Exception 3 to Listing Rule 7.1 as set out in Listing Rule 7.2).

8.2 Treatment of Fractions

Where the consolidation of a shareholder's holding results in an entitlement to a fraction of a share, the fraction will be rounded up to the next whole number of shares.

Where the Directors form the opinion that shareholdings have been split or aggregated to obtain the benefit of rounding, transfers of shares and aggregated parcels of shares may be disregarded for the purpose of rounding.

8.3 Reasons for Consolidation

The aim of the share consolidation is to ensure that the number of shares on issue and trading price of Sovereign shares is at a level broadly comparable to Sovereign's peer group of companies.

8.4 Effect of Consolidation - Summary

The proposed share consolidation will reduce the number of Sovereign ordinary shares on issue as follows (subject to rounding):

	Current Number of Shares on Issue	New Shares Issued pursuant to Entitlement Offer	Total Shares on Issue post completion of Entitlement Offer	Number of Shares on Issue Post Consolidation
No Shares issued pursuant to Entitlement Offer	984,034,785	Nil	984,034,785	328,011,595
Entitlement Offer 50% subscribed		196,806,957	1,180,841,742	393,613,914
Entitlement Offer fully subscribed		393,613,914	1,377,648,699	459,216,233

As the share consolidation applies equally to all Sovereign shareholders, individual shareholdings will be reduced in the same ratio as the total number of Sovereign shares (subject only to the rounding of fractions). It follows that the consolidation will have no material effect on the percentage interest of each individual Sovereign shareholder in Sovereign.

Similarly, the aggregate value of each Sovereign shareholder's holding (and the Company's market capitalisation) should not change other than minor changes as a result of rounding - as a result of the share consolidation alone (that is, assuming no other market movements or impacts occur).

Shareholders should note that the reduction of share capital, if approved, would also have an effect on Sovereign share price. The price per share can be expected to increase to reflect the reduced number of shares on issue.

If the Consolidation Resolution is passed and the conditions to its implementation are satisfied, then the Consolidation will be implemented and binding upon all Sovereign Shareholders, regardless of how (or if) they vote on the resolution.

8.5 Treatment of Convertible Securities

Having regard to the ASX Listing Rules, all convertible securities on issue will either be consolidated on the same basis as the Company's ordinary shares or the terms adjusted, so that the number of ordinary shares to be provided if the share rights vest will reflect the impact of share consolidation, with the necessary adjustments to be made to any applicable exercise or conversion price or number of securities issued on exercise or conversion.

8.6 Timetable for Consolidation

Set out below is an indicative timetable for the consolidation. These indicative dates are subject to change at the Board's discretion (subject to the Listing Rules).

Event	Business Day
General Meeting	31 May 2016
Notification to ASX that Share Consolidation is approved	31 May 2016
Last day for trading in pre-consolidated securities	1 June 2016
Trading in the consolidated securities on a deferred settlement basis commences	2 June 2016
Last day to register transfers on a pre-consolidated basis	3 June 2016
Registration of securities on a post-consolidated basis	8 June 2016
Issue Date and new holding statements to be sent to security holders Deferred settlement trading ends	10 June 2016

8.7 Tax implications for Shareholders

The summary in this section is general in nature. In addition, particular taxation implications will depend on the circumstances of each shareholder. Accordingly, shareholders are encouraged to seek their own professional advice in relation to their tax position.

Neither SOC nor any of its officers, employees or advisers assumes any liability or responsibility for advising shareholders members about the tax consequences for them from the proposed share consolidation.

The share consolidation will be undertaken in accordance with section 254H of the Corporations Act. Subject only to rounding, there will be no change to the proportionate interests held by each Sovereign shareholder in SOC as a result of the consolidation.

8.8 Directors' Recommendation

The Directors recommend that Shareholders vote in favour of Resolution 18.

9. Resolution 19: Election of Nominated Directors

9.1 Election of Brennan Westworth

Mr Brennan Westworth was nominated by a member of the Company on 12 April 2016 to seek election at this AGM as a Director of the Company.

Mr Westworth's qualifications and experiences are provided below:

Brennan is a mining and minerals industry professional with over 20 years experience planning and successfully delivering complex projects. He holds an Associate Degree in Mechanical Technology and is an Associate of the Chartered Institute of Arbitrators (awarded 23 March 2016) and member of the American Association of Cost Engineers International.

Brennan has held senior management positions within a number of public and private companies including Laing O'Rourke, ASX listed WorleyParsons (ASX: WOR) and as an Associate Director for New York Stock Exchange listed Hill International (NYSE: HIL). The breadth of his project experience encompasses scoping studies, preparation of bankable feasibility studies through to project delivery and operations. His primary experience is with the extraction and processing of gold, diamonds, coal, iron ore, bauxite, oil and gas.

Brennan specialises in lean management, which is an approach to running an organization that supports the concept of continuous improvement, a long-term approach to work that systematically seeks to achieve small, incremental changes in processes in order to improve efficiency and quality. He has a particular talent for holding organisations accountable for timelines and budgets and for delivering value.

The Company notes that Mr Westworth was requested by the Company to provide a Criminal Record check as well as an AFSA National Personal Insolvency check to the Company in compliance with ASX Corporate Governance Principles and Recommendations, Recommendation 1.2, but has failed to do so at the time of release of this Notice of Meeting

10. Resolution 17: Non-Executive Directors' Remuneration

10.1 Background

Resolution 17 seeks shareholder approval to increase the Non-Executive Directors' Remuneration Pool from \$200,000 to \$300,000 per financial year. The Non-Executive Directors' Remuneration Pool is the maximum aggregate amount available for non-executive directors' remuneration in any financial year (**NED Fee Pool**).

The current NED Fee Pool was fixed by the Board prior to its initial public offering in September 2010, as set out in section 10.11 of the Company's prospectus dated 17 September 2010.

It is not intended that should this resolution be passed, the maximum aggregate of the NED Fee Pool would not be utilised immediately. The proportion remaining unused will provide the Company with the ability to attract and retain high quality directors, to make any appropriate increases to the size of the Board and to increase fees in the future in line with market conditions.

It is important to ensure that the Company maintains the ability to pay competitive fees and attract and retain high caliber non-executive directors; and

The size of the proposed increase would be consistent with other ASX listed entities of similar market capitalisation.

10.2 Regulatory Framework and Disclosures

ASX Listing Rule 10.17 precludes an entity from increasing the total aggregate amount of directors' fees payable to the entities non-executive directors without the approval of shareholders.

The following information is provided in compliance with ASX Listing Rule 10.17

- a) The amount of the increase is \$100,000. The pool will go from \$200,000 to \$300,000 if Resolution 17 is approved.
- b) The current maximum aggregate amount of directors' fees payable is currently \$200,000.

- c) In the past three years, no securities were issued to Non-Executive Directors under ASX Listing Rule 10.11 or 10.14.
- d) Resolutions 9 to 11 if approved will result in the issue of securities to Non-Executive Directors. Rocco Tassone, Charles Thomas and Patrick Glovac will receive 35,000,000 Unlisted Options each. For further details on this issue of securities, please see Section 6 of this Explanatory Statement.
- e) For the purposes of Resolution 17, a voting exclusion statement has been provided by the Company.

10.3 Directors Recommendation

Given the nature of Resolution 17, Directors have chosen to not provide a recommendation on how shareholders should vote. As noted in the proxy form, the Chairman intends to cast all undirected proxies in favour of this Resolution.

11. Resolution 18-19: Removal and Appointment of Auditor

11.1 Resolution 18 – Removal of Auditor

An auditor of a company may be removed by an ordinary resolution of the company at a general meeting only after “Notice of Intention” of the proposed removal has been provided to ASIC and the auditor. Under s329 (1A) of the Corporations Act 2001 (Cth) (the Act) this Notice of Intention (**Special Notice**) must be given to the company by a director or a person who is normally authorised to request that a meeting be convened – they must hold at least 5% of the voting power of the Company.

The Company received a Notice of Intention from Murdoch Capital Pty Ltd on 20 April 2016 and forwarded a copy of the Notice of Intention to K S. Black & Co on the same day. The Notice of Intention has also been lodged with ASIC as required by s 329(2) of the Corporations Act.

A copy of the Notice of Intention is attached to this Notice of Meeting as Annexure A.

Resolution 18 is conditional on Resolution 19 being passed by Shareholders.

If Shareholders approve Resolution 18, the Company’s auditor KS Black & Co will be removed, subject to Resolution 19 also being approved by Shareholders.

11.2 Resolution 19 – Appointment of Auditor

Under section 327D of the Act, the Company in a general meeting may appoint an auditor to replace an auditor removed under section 329 of the Act.

If K.S. Black & Co is removed under Resolution 18, it is proposed that BDO Audit (WA) Pty Ltd be appointed as the Company’s auditor effective from the Annual General Meeting.

Plans to grow the Company in the view of the Board of Directors and the transition toward national and international audit standards, suit the nomination of BDO Audit (WA) Pty Ltd as the Company’s next auditor, as nominated by Murdoch Capital Pty Ltd in the Notice of Intention (see Annexure A).

BDO Audit (WA) Pty Ltd have provided written consent to act as the Company’s auditor in accordance with section 328A(1) of the Act, a copy of which is attached to this Notice of Meeting as Annexure B.

Resolution 19 is conditional on Resolution 18 being passed by Shareholders.

If Resolutions 18 and 19 are passed, the appointment of BDO Audit (WA) Pty Ltd as the Company’s auditor will take effect at the close of this Annual General Meeting.

Voting Information:

Voting Entitlement at the Annual General Meeting in accordance with Regulation 7.11.37 of the Corporations Regulations 2001.

For the purpose of determining a person's entitlement to vote at the Annual General Meeting, a person will be recognised as a member of the Company and the holder of shares if that person is registered as a holder of those shares at 9:00 Perth time on 29 May 2016, being within 48 hours prior to the date of the Annual General Meeting.

Votes of Members

On a show of hands, each member present in person or by proxy (or, in the case of a body corporate, by a representative) at the Annual General Meeting shall have one vote.

On a poll, every member present in person or by attorney or by proxy (or, in the case of a body corporate, by a representative) shall have one vote for each share held provided that all shares are fully paid.

Voting

Please note that for a resolution to be passed, except where otherwise indicated, a simple majority of votes from shareholders attending in person or voting by proxy is required.

Amendments to proxy voting

Shareholders are advised that the Federal government has introduced the *Corporations Amendment (improving Accountability on Director and Executive Remuneration) Act 2011 (Cth)*, which came into effect on 1 July 2011. The CA Act introduced new prohibitions on Key Management Personnel and their Closely Related Parties from voting their shares (or voting undirected proxies) on, amongst other things, remuneration matters.

However, the chair of a meeting may vote an undirected proxy (ie. a proxy that does not specify how it is to be voted), provided the shareholder who has lodged the proxy has given informed consent, in the form of an express voting direction to the chair to exercise the undirected proxy, even if the resolution is connected with the remuneration of a member of Key Management Personnel (**Informed Consent**).

In light of these legislative requirements, the Company recommends that shareholders consider the following options to ensure the validity of their votes:

- a) that shareholders direct proxies on a remuneration related resolution instead of leaving them undirected; or
- b) that shareholders nominate a proxy who is not a member of Key Management Personnel or any of their Closely Related Parties to vote on a remuneration related resolution; or
- c) that shareholders who wish to vest their undirected proxies in the chair on a remuneration related resolution ensure that they follow instructions provided on the proxy form in order to provide Informed Consent.
