Total Shares on Issue	99,165,607

Yours faithfully

Tim Slate
Company Secretary

About Eumeralla Resources Ltd

Eumeralla is an emerging ASX-listed (ASX:EUM) metals explorer. The Company was listed on the ASX on 3 May 2012 for the primary purpose of acquiring and exploring mining projects initially in Mongolia and more recently, Myanmar. The company's strategic vision includes discovering commercially significant minerals deposits. In Mongolia, the license covers an area of 12,657 hectares and encompasses the historical Chuluun Khoroot tungsten mine, which was active during the period 1945-1955. The License area is located in NE Mongolia approximately 20 km north of the town of Dashbalbar, 850 km NE of Ulaanbaatar and 85 km NW of the Soloweysk-Choibalsan railway. In Myanmar, the company has three separate JV partners with applications pending for several mining leases. The biggest of which is a 400km² concession in Kayah State, which plays host to the historical Mawchi Tungsten mine. The Company's initial metal focus will be on tin and tungsten, although other commodities may be targeted in the future. Eumeralla is constantly assessing other projects throughout SEA with a view to add value to shareholders.
