

ASX Release 26 August 2016

# Issue of Shares – Appendix 3B & S708A Notice

Danakali Ltd (ASX:DNK) ("Danakali" or "Company") advises that 125,000 new fully paid ordinary shares have today been allotted and issued upon the exercise of unlisted options.

A completed Appendix 3B has been lodged together with this announcement.

### **Secondary Trading Exemption**

Danakali gives notice under section 708A(5)(e) of the Corporations Act 2001 (Cth) ("Act") of the following:

- 1. the shares were issued without disclosure under Part 6D 2 of the Act;
- 2. this notice is being given under section 708A(5)(e) of the Act;
- as at the date of this notice, the Company has complied with:
  - (a) the provisions of Chapter 2M of the Act as they apply to the Company; and
  - (b) section 674 of the Act; and
  - as at the date of this notice, there is no information:
  - (a) that has been excluded from a continuous disclosure notice in accordance with the ASX Listing Rules; and
  - (b) that investors and their professional advisers would reasonably require for the purpose of making an informed assessment of:
    - (i) the assets and liabilities, financial position and performance, profits and losses and prospects of the Company; or
    - (ii) the rights and liabilities attaching to the shares.

Shareholders can view all of Danakali's announcements on the ASX website (www.asx.com.au) and Danakali's website (www.danakali.com).

#### **About Danakali Limited**

Danakali is an ASX listed company and 50% owner of the Colluli Potash Project in Eritrea, East Africa. The company is currently developing the Colluli Project in partnership with ENAMCO. Colluli is 100% owned by CMSC, which is a 50:50 joint venture between Danakali and ENAMCO.

The project is located in the Danakil Depression region of Eritrea, and is c. 75km from the Red Sea coast, making it one of the most accessible potash deposits globally. Mineralisation within the Colluli resource commences at just 16m, making it the world's shallowest potash deposit. The resource is amenable to open pit mining, which allows higher overall resource recovery to be achieved, is generally safer than underground mining and is highly advantageous for modular growth.

In November 2015, Danakali released a positive DFS for Colluli which demonstrates industry leading capital intensity and the lowest development costs relative to all SOP projects at DFS level in the world. Bottom quartile operating costs are predicted and mine life is estimated at over 200 years at the DFS production pate, providing the project with substantial growth potential.

SOP is a chloride free, specialty fertiliser which carries a substantial price premium relative to the more common potash type; potassium chloride. Economic resources for production of SOP are geologically scarce. The unique composition of the Colluli resource favours low energy input, high potassium yield conversion to SOP using commercially proven technology. One of the key advantages of the resource is that the salts are present in solid form (in contrast with production of SOP from brines) which reduces infrastructure costs and substantially reduces the time required to achieve full production capacity.

The potassium bearing resource of the Danakil Depression has the unique capability to produce three of the four potash types in the global potash market which comprises potassium chloride (muriate of potash or MOP), potassium sulphate (sulphate of potash or SOP), potassium magnesium sulphate (sulphate of potash or SOP), potassium magnesium sulphate (sulphate of potash magnesia or SOP-M) and potassium nitrate (nitrate of potash or NOP). While CMSC is concentrating on achieving SOP production in the near-term, the focus is on developing a multi agri-commodity and salt business in the medium term.

The resource is favourably positioned to supply the world's fastest growing markets.

our vision is to bring the Colluli project into production using the principles of risk management, resource utilisation and modularity, using the starting module as a growth platform to develop the resource to its full potential.

### **Mineral Resource Statements**

The 2015 Colluli Potash Mineral Resource is reported according to the JORC Code and estimated at 1,289Mt @11% K20 Equiv. The Mineral Resource is classed as 303Mt @ 11% K20 Equiv Measured, 951Mt @ 11% K20 Equiv Indicated and 35Mt @ 10% K20 Equiv Inferred. The Competent Person for this estimate is Mr. Stephen Halabura, M. Sc., P. Geo., Fellow of Engineers Canada (Hon), Fellow of Geoscientists Canada, and a geologist with over 25 years' experience in the potash mining industry. Mr. Halabura is a member of the Association of Professional Engineers and Geoscientists of Saskatchewan, a Recognised Professional Organisation (RPO) under the JORC Code and has sufficient experience relevant to the style of mineralisation and type of deposit under consideration and to the activity which he is undertaking to qualify as a Competent Person as defined in the JORC Code.

The 2015 Colluli Rock Salt Mineral Resource is reported according to the JORC Code and estimated at 347Mt @96.9% NaCl. The Mineral Resource is classed as -28Mt @ 97.2% NaCl Measured, 180Mt @ 96.6% NaCl Indicated and 139Mt @ 97.2% NaCl Inferred. The Competent Person for this estimate is Mr. John Tyrrell, a geologist with more than 25 years' experience in the field of Mineral Resource estimation. Mr Tyrrell is a member of the AusIMM, is a full time employee of AMC Consultants Pty Ltd and has sufficient experience relevant to the style of mineralisation and type of deposit under consideration and to the activity which he is undertaking to qualify as a Competent Person as defined in the JORC Code.

Mr. Tyrell & Mr. Halabura consent to the inclusion of information relating to the Mineral Resource Statements in the form and context in which they appear.

### **Ore Reserve Statement**

The November 2015 Colluli Ore Reserve is reported according to the JORC Code and estimated at 1,113Mt @10% K2O Equiv. The Ore Reserve is classed as 286Mt @ 11% K2O Equiv Proved and 827Mt @ 10% K2O Equiv Probable. The Competent Person for the estimate is Mr Mark Chesher, a mining engineer with more than 30 years' experience in the mining industry. Mr. Chesher is a Fellow of the AusIMM, a Chartered Professional, a full-time employee of AMC Consultants Pty Ltd, and has sufficient open pit mining activity experience relevant to the style of mineralisation and type of deposit under consideration to qualify as a Competent Person as defined in the JORC Code. Mr Chesher consents to the inclusion of information relating to the Ore Reserve in the form and context in which it appears.

In reporting the Mineral Resources and Ore Reserves referred to in this public release, AMC Consultants Pty Ltd acted as an independent party, has no interest in the outcome of the Colluli Project and has no business relationship with Danakali Ltd other than undertaking those individual technical consulting assignments as engaged, and being paid according to standard per diem rates with reimbursement for out-of-pocket expenses. Therefore, AMC Consultants Pty Ltd and the Competent Persons believe that there is no conflict of interest in undertaking the assignments which are the subject of the statements.

Rule 2.7, 3.10.3, 3.10.4, 3.10.5

# New issue announcement, application for quotation of additional securities and agreement

Information or documents not available now must be given to ASX as soon as available. Information and documents given to ASX become ASX's property and may be made public.

Introduced 01/07/96 Origin: Appendix 5 Amended 01/07/98, 01/09/99, 01/07/00, 30/09/01, 11/03/02, 01/01/03, 24/10/05, 01/08/12, 04/03/13

Name of entity

DANAKALI LTD		

ABN

56 097 904 302

We (the entity) give ASX the following information.

## Part 1 - All issues

You must complete the relevant sections (attach sheets if there is not enough space).

- +Class of +securities issued or to be issued
- 1. Fully paid ordinary shares
- Number of \*securities issued or to be issued (if known) or maximum number which may be issued
- 1. 125,000
- Principal terms of the \*securities (e.g. if options, exercise price and expiry date; if partly paid \*securities, the amount outstanding and due dates for payment; if \*convertible securities, the conversion price and dates for conversion)
- 1. Fully paid ordinary shares

04/03/2013 Appendix 3B Page 1

<sup>+</sup> See chapter 19 for defined terms.

	4	Do the *securities rank equally in all respects from the *issue date with an existing *class of quoted *securities?	1. Yes – fully paid ordinary shares
9		If the additional +securities do not rank equally, please state:  the date from which they do  the extent to which they participate for the next dividend, (in the case of a trust, distribution) or interest payment  the extent to which they do not rank equally, other than in relation to the next dividend, distribution or interest payment	
	5	Issue price or consideration	The shares were issued on exercise of options with an exercise price of \$0.35 each.
	6	Purpose of the issue (If issued as consideration for the acquisition of assets, clearly identify those assets)	Exercise of unlisted options (Exercise price \$0.35, expiring 30 March 2018).
	6a	Is the entity an <sup>+</sup> eligible entity that has obtained security holder approval under rule 7.1A?  If Yes, complete sections 6b – 6h in relation to the <sup>+</sup> securities the subject of this Appendix 3B, and comply with section 6i	No
	6b	The date the security holder resolution under rule 7.1A was passed	N/A
	6c	Number of *securities issued without security holder approval under rule 7.1	N/A
	64		NI/A
	6d	Number of *securities issued with security holder approval under rule 7.1A	N/A

Appendix 3B Page 2 04/03/2013

<sup>+</sup> See chapter 19 for defined terms.

6e	Number of *securities issued with security holder approval under rule 7.3, or another specific security holder approval (specify date of meeting)	N/A	
6f	Number of <sup>+</sup> securities issued under an exception in rule 7.2	N/A	
6g	If *securities issued under rule 7.1A, was issue price at least 75% of 15 day VWAP as calculated under rule 7.1A.3? Include the *issue date and both values.	N/A	
	Include the source of the VWAP calculation.		
6h	17 ± 10 1 1	N/A	
OII	If *securities were issued under rule 7.1A for non-cash consideration, state date on which valuation of consideration was released to ASX Market Announcements	N/A	
6i	Calculate the entity's remaining issue capacity under rule 7.1 and rule 7.1A – complete Annexure 1 and release to ASX Market Announcements	N/A	
7	<sup>+</sup> Issue dates	26 August 2016	
	Note: The issue date may be prescribed by ASX (refer to the definition of issue date in rule 19.12). For example, the issue date for a pro rata entitlement issue must comply with the applicable timetable in Appendix 7A.

9 Number and +class of all +securities not quoted on ASX (including the +securities in section 2 if applicable)

Number	<sup>+</sup> Class
6,000,000	Unlisted Options exercisable at \$0.34 each, expiring 29 November 2016
4,600,000	Unlisted Options exercisable at \$0.278 each, expiring 17 November 2017
11,342,732	Unlisted Options exercisable at \$0.35 each, expiring 30 March 2018
800,000	Unlisted Options exercisable at \$0.35 each, expiring 13 May 2018
2,700,000	Remuneration Options exercisable \$0.405 expiring 13 May 2018
750,000	Unlisted Options exercisable at \$0.527 each, expiring 29 May 2018
600,000	Unlisted Options exercisable at \$0.55 each, expiring 30 May 2018
200,000	Unlisted Options exercisable at \$0.45 each, expiring 23 June 2018
1,000,000	Unlisted Options exercisable at \$0.408 each, expiring 4 November 2018
1,000,000	Unlisted Options exercisable at \$0.558 each, expiring 8 August 2019
308,000	Performance Rights – Class 1
150,000	Performance Rights – Class 2
1,500,000	Performance Rights – Class 4

10 Dividend policy (in the case of a trust, distribution policy) on the increased capital (interests)

N/A

# Part 2 - Pro rata issue

- 11 Is security holder approval required? N/A
- 12 Is the issue renounceable or non-renounceable?
- Ratio in which the <sup>+</sup>securities will be offered
- 14 +Class of +securities to which the offer relates

Appendix 3B Page 4 04/03/2013

<sup>+</sup> See chapter 19 for defined terms.

15	<sup>+</sup> Record date to determine entitlements	N/A
16	Will holdings on different registers (or subregisters) be aggregated for calculating entitlements?	N/A
17	Policy for deciding entitlements in relation to fractions	N/A
18	Names of countries in which the entity has security holders who will not be sent new offer documents	N/A
	Note: Security holders must be told how their entitlements are to be dealt with.	
	Cross reference: rule 7.7.	
19	Closing date for receipt of acceptances or renunciations	N/A
20	Names of any underwriters	N/A
21	Amount of any underwriting fee or commission	N/A
22	Names of any brokers to the issue	N/A
23	Fee or commission payable to the broker to the issue	N/A
24	Amount of any handling fee payable to brokers who lodge acceptances or renunciations on behalf of security holders	N/A
25	If the issue is contingent on security holders' approval, the date of the meeting	N/A
26	Date entitlement and acceptance form and offer documents will be sent to persons entitled	N/A
27	If the entity has issued options, and the terms entitle option holders to participate on exercise, the date on which notices will be sent to option holders	N/A
28	Date rights trading will begin (if applicable)	N/A
29	Date rights trading will end applicable)	(if N/A
30	How do security holders sell the entitlements in full through a broke

### **Quotation agreement**

- <sup>+</sup>Quotation of our additional <sup>+</sup>securities are in ASX's absolute discretion. ASX may quote the <sup>+</sup>securities on any conditions it decides.
- 2 We warrant the following to ASX.
  - The issue of the \*securities to be quoted complies with the law and is not for an illegal purpose.
  - There is no reason why those +securities should not be granted +quotation.
  - An offer of the \*securities for sale within 12 months after their issue will not require disclosure under section 707(3) or section 1012C(6) of the Corporations Act.

Note: An entity may need to obtain appropriate warranties from subscribers for the securities in order to be able to give this warranty

- Section 724 or section 1016E of the Corporations Act does not apply to any applications received by us in relation to any \*securities to be quoted and that no-one has any right to return any \*securities to be quoted under sections 737, 738 or 1016F of the Corporations Act at the time that we request that the \*securities be quoted.
- If we are a trust, we warrant that no person has the right to return the \*securities to be quoted under section 1019B of the Corporations Act at the time that we request that the \*securities be quoted.
- We will indemnify ASX to the fullest extent permitted by law in respect of any claim, action or expense arising from or connected with any breach of the warranties in this agreement.
- We give ASX the information and documents required by this form. If any information or document is not available now, we will give it to ASX before <sup>+</sup>quotation of the <sup>+</sup>securities begins. We acknowledge that ASX is relying on the information and documents. We warrant that they are (will be) true and complete.

# Appendix 3B - Annexure 1

Calculation of placement capacity under rule 7.1 and rule 7.1A for +eligible entities

Introduced 01/08/12

## Part 1

Rule 7.1 – Issues exc	eeding 15% of capital
Step 1: Calculate "A", the base fig capacity is calculated	ure from which the placement
Insert number of fully paid ordinary securities on issue 12 months before date of issue or agreement to issue	N/A
Add the following:	N/A
Number of fully paid ordinary securities issued in that 12 month period under an exception in rule 7.2	
Number of fully paid ordinary securities issued in that 12 month period with shareholder approval	
Number of partly paid ordinary securities that became fully paid in that 12 month period	
<ul> <li>Note:</li> <li>Include only ordinary securities here – other classes of equity securities cannot be added</li> <li>Include here (if applicable) the securities the subject of the Appendix 3B to which this form is annexed</li> <li>It may be useful to set out issues of securities on different dates as separate line items</li> </ul>	
Subtract the number of fully paid ordinary securities cancelled during that 12 month period	N/A
"A"	N/A

01/08/2012 Appendix 3B Page 9

<sup>+</sup> See chapter 19 for defined terms.

Multiply "A" by 0.15  Step 3: Calculate "C", the amount of placement capacity under 7.1 that has already been used  Insert number of equity securities issued or agreed to be issued in that 12 month period not counting those issued:  Under an exception in rule 7.2  Under rule 7.1A  With security holder approval under rule 7.1 or rule 7.4  Wote:  Include here (if applicable ) the securities the subject of the Appendix 3B to which this form is annexed It may be useful to set out issues of securities on different dates as separate line items  Include the securities on different dates as separate line items  Include the securities on different dates as separate line items  Include the securities on different dates as separate line items  Include the securities on different dates as separate line items  Include the securities on different dates as separate line items  Include the securities on different dates as separate line items  Include the securities on different dates as separate line items  Include the securities on different dates as separate line items  Include the securities on different dates as separate line items  Include the securities on different dates as separate line items  Include the securities on different dates as separate line items  Include the securities on different dates as separate line items  Include the securities on different dates as separate line items  Include the securities on different dates as separate line items  Include the securities on different dates as separate line items  Include the securities on different dates as separate line items  Include the securities on different dates as separate line items  Include the securities on different dates as separate line items  Include the securities on different dates as separate line items  Include the securities on different dates as separate line items  Include the securities on different dates as separate line items  Include the securities on different dates as separate line items  Include the securities on different dates as sepa	lultiply "A" by 0.15	[Note: this value cannot be changed]
Multiply "A" by 0.15  Step 3: Calculate "C", the amount of placement capacity under 7.1 that has already been used  Insert number of equity securities issued or agreed to be issued in that 12 month period not counting those issued:  Under an exception in rule 7.2  Under rule 7.1A  With security holder approval under rule 7.1 or rule 7.4  Wote:  Include here (if applicable ) the securities the subject of the Appendix 3B to which this form is annexed It may be useful to set out issues of securities on different dates as separate line items  Include the securities on different dates as separate line items  Include the securities on different dates as separate line items  Include the securities on different dates as separate line items  Include the securities on different dates as separate line items  Include the securities on different dates as separate line items  Include the securities on different dates as separate line items  Include the securities on different dates as separate line items  Include the securities on different dates as separate line items  Include the securities on different dates as separate line items  Include the securities on different dates as separate line items  Include the securities on different dates as separate line items  Include the securities on different dates as separate line items  Include the securities on different dates as separate line items  Include the securities on different dates as separate line items  Include the securities on different dates as separate line items  Include the securities on different dates as separate line items  Include the securities on different dates as separate line items  Include the securities on different dates as separate line items  Include the securities on different dates as separate line items  Include the securities on different dates as separate line items  Include the securities on different dates as separate line items  Include the securities on different dates as separate line items  Include the securities on different dates as sepa	Step 3: Calculate "C", the amount	
Step 3: Calculate "C", the amount of placement capacity under 7.1 that has already been used  Insert number of equity securities issued or agreed to be issued in that 12 month period not counting those issued:  Under an exception in rule 7.2  Under rule 7.1A  With security holder approval under rule 7.1 or rule 7.4  Note:  This applies to equity securities, unless specifically excluded – not just ordinary securities  Include here (if applicable) the securities the subject of the Appendix 3B to which this form is annexed  It may be useful to set out issues of securities on different dates as separate line items  IC"  N/A  Step 4: Subtract "C" from ["A" x "B"] to calculate remaining placement capacity under rule 7.1  A" x 0.15  Note: number must be same as shown in Step 2  Subtract "C"  N/A	Step 3: Calculate "C", the amount	N/A
Insert number of equity securities issued or agreed to be issued in that 12 month period not counting those issued:  Under an exception in rule 7.2  Under rule 7.1A  With security holder approval under rule 7.1 or rule 7.4  Note:  This applies to equity securities, unless specifically excluded — not just ordinary securities the subject of the Appendix 3B to which this form is annexed It may be useful to set out issues of securities on different dates as separate line items  The control of the Appendix and the securities of the Appendix		
or agreed to be issued in that 12 month period not counting those issued:  Under an exception in rule 7.2  Under rule 7.1A  With security holder approval under rule 7.1 or rule 7.4  Note:  This applies to equity securities, unless specifically excluded – not just ordinary securities  Include here (if applicable) the securities the subject of the Appendix 3B to which this form is annexed  It may be useful to set out issues of securities on different dates as separate line items  TC"  N/A  Step 4: Subtract "C" from ["A" x "B"] to calculate remaining placement capacity under rule 7.1  A" x 0.15  Note: number must be same as shown in Step 2  Subtract "C"  N/A	.1 that has already been used	t of placement capacity under

	Note: this value cannot be changed
Multiply "A" by 0.10	N/A
Step 3: Calculate "E", the amount 7.1A that has already been used	of placement capacity under rule
•	of placement capacity under rule
7.1A that has already been used  Insert number of equity securities issued or agreed to be issued in that 12 month period under rule 7.1A  Notes:	· ·
<ul> <li>7.1A that has already been used</li> <li>Insert number of equity securities issued or agreed to be issued in that 12 month period under rule 7.1A</li> <li>Notes:</li> <li>This applies to equity securities – not just ordinary securities</li> </ul>	· ·
<ul> <li>7.1A that has already been used</li> <li>Insert number of equity securities issued or agreed to be issued in that 12 month period under rule 7.1A</li> <li>Notes:</li> <li>This applies to equity securities – not just ordinary securities</li> <li>Include here – if applicable – the securities the subject of the Appendix</li> </ul>	· ·
<ul> <li>7.1A that has already been used</li> <li>Insert number of equity securities issued or agreed to be issued in that 12 month period under rule 7.1A</li> <li>Notes:</li> <li>This applies to equity securities – not just ordinary securities</li> <li>Include here – if applicable – the securities the subject of the Appendix 3B to which this form is annexed</li> <li>Do not include equity securities issued</li> </ul>

04/03/2013 Appendix 3B Page 11

<sup>+</sup> See chapter 19 for defined terms.

Step 4: Subtract "E" from ["A" x "D"] to calculate remaining placement capacity under rule 7.1A	
"A" x 0.10 Note: number must be same as shown in Step 2	N/A
Subtract "E"  Note: number must be same as shown in Step 3	N/A
<b>Total</b> ["A" x 0.10] – "E"	Note: this is the remaining placement capacity under rule 7.1A

Appendix 3B Page 12

<sup>+</sup> See chapter 19 for defined terms.
