**CONDENSED NOTES TO THE CONSOLIDATED INTERIM FINANCIAL STATEMENTS****1. REPORTING ENTITY**

Talon Petroleum Limited (the “Company” or “Talon”) is a company domiciled in Australia whose shares are publicly listed on the ASX (ASX code: TPD). The consolidated interim financial report of the Company as at and for the six months ended 30 June 2016 comprises the Company and its subsidiaries (together referred to as the “Group”).

The consolidated annual financial report of the Group as at and for the period ended 31 December 2015 is available upon request from the Company’s registered office at Suite 2, 24 Bolton Street, Newcastle NSW 2300 or at [www.talonpetroleum.com.au](http://www.talonpetroleum.com.au).

**2. SIGNIFICANT ACCOUNTING POLICIES****a. Statement of compliance**

The consolidated interim financial report is a general purpose financial report which has been prepared in accordance with AASB 134 *Interim Financial Reporting* and the *Corporations Act 2001*. The consolidated interim financial report also complies with IAS 34 *Interim Financial Reporting*.

The consolidated interim financial report does not include all of the information required for a full annual financial report, and should be read in conjunction with the consolidated financial report of the Group as at and for the period ended 31 December 2015.

This consolidated interim financial report was approved by the Board of Directors on 2 September 2016.

**b. Going concern**

The consolidated financial statements have been prepared on a going concern basis, which assumes that the Group will be able to realise its assets and extinguish its liabilities in the ordinary course of business. The Group has incurred a loss of \$292,330 in the half year ended 30 June 2016 and has accumulated losses of \$36,079,584 as at 30 June 2016. The Group has cash on hand of \$569,096 at 30 June 2016 and used \$222,224 of cash from operating activities during the six months ended 30 June 2016. These conditions give rise to a material uncertainty that may cast significant doubt upon the Group’s ability to continue as a going concern.

The ongoing operation of the Group is dependent upon:

- the Group selling producing assets to generate cash inflows; and/or
- the Group raising additional funding from shareholders or other parties; and/or
- the Group reducing expenditure in line with available funding.

Management has prepared cash flow projections that support the ability of the Group to continue as a going concern. These projections reflect a reduction in expenditure compared to prior periods.

In the event that the Group does not obtain additional funding, and/or dispose of existing assets, and reduce expenditure in-line with available funding, it may not be able to continue its operations as a going concern and therefore may not be able to realise its assets and extinguish its liabilities in the ordinary course of operations and at the amounts stated in the consolidated financial statements.

**CONDENSED NOTES TO THE CONSOLIDATED INTERIM FINANCIAL STATEMENTS (continued)****2. SIGNIFICANT ACCOUNTING POLICIES (continued)****c. New accounting standards and interpretations**

The accounting policies applied by the Group in this consolidated interim financial report are the same as those applied by the Group in its consolidated financial report as at and for the period ended 31 December 2015.

**d. Estimates**

The preparation of interim financial reports requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expense. Actual results may differ from these estimates.

In preparing this consolidated interim financial report, the significant judgements made by management in applying the Group's accounting policies and the key sources of estimation uncertainty were the same as those that applied to the consolidated financial report as at and for the period ended 31 December 2015.

**e. Segment reporting**

The Group determines operating segments based on the information that internally is provided to the Board.

The Group operates within one business segment (the petroleum exploration and production industry) and one geographical segment (the United States of America).

An operating segment is a component of the Group that engages in business activities from which it may earn revenues and incur expenses, including revenues and expenses that relate to transactions with any of the Group's other components.

*Geographical information*

The geographical locations of the Group's non-current assets are USA \$392,114 and Australia \$nil (31 December 2015: USA \$472,696 and Australia \$nil).

*Seasonality and cyclicity*

The Group's gas prices received may be indirectly affected by seasonal impacts on demand and other factors including storage levels and well location in relation to infrastructure. Oil prices are determined globally and are impacted by world events, storage, production and infrastructure. Seasonality has not had a material impact on the Group's operations in the interim period.

## DIRECTORS' DECLARATION

In the opinion of the Directors of Talon Petroleum Limited (“the Company”):

- (a) the financial statements and notes set out on pages 6 to 14 are in accordance with the *Corporations Act 2001* (Cth) including:
  - (i) giving a true and fair view of the Group’s financial position as at 30 June 2016 and of its performance for the six month period ended on that date; and
  - (ii) complying with Australian Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001* (Cth); and
- (b) there are reasonable grounds to believe that the Company will be able to pay its debts as and when they become due and payable.

Signed in accordance with a resolution of the Directors.

## Independent auditor's review report to the members of Talon Petroleum Limited

We have reviewed the accompanying interim financial report of Talon Petroleum Limited, which comprises the consolidated statement of financial position as at 30 June 2016, consolidated statement of comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows for the interim period ended on that date, notes 1 to 6 comprising a summary of significant accounting policies and other explanatory information and the directors' declaration of the Group comprising the company and the entities it controlled at the interim period's end or from time to time during the interim period.

### *Directors' responsibility for the interim financial report*

The directors of the company are responsible for the preparation of the interim financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the interim financial report that is free from material misstatement, whether due to fraud or error.

### *Auditor's responsibility*

Our responsibility is to express a conclusion on the interim financial report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the interim financial report is not in accordance with the *Corporations Act 2001* including: giving a true and fair view of the Group's financial position as at 30 June 2016 and its performance for the interim period ended on that date; and complying with Australian Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*. As auditor of Talon Petroleum Limited, ASRE 2410 requires that we comply with the ethical requirements relevant to the audit of the annual financial report.

A review of an interim financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

### *Independence*

In conducting our review, we have complied with the independence requirements of the *Corporations Act 2001*.

### *Conclusion*

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the interim financial report of Talon Petroleum Limited is not in accordance with the *Corporations Act 2001*, including:

- (a) giving a true and fair view of the Group's financial position as at 30 June 2016 and of its performance for the interim period ended on that date; and
- (b) complying with Australian Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

*Material uncertainty regarding continuation as a going concern*

Without modifying our conclusion, we draw attention to note 2(b) 'Going concern' in the interim financial report. The conditions disclosed in note 2(b) indicate the existence of a material uncertainty which may cast significant doubt about the Group's ability to continue as a going concern and, therefore, whether it will realise its assets and extinguish its liabilities in the ordinary course of business and at the amounts stated in the interim financial report.
