Alcidion to Present at the AusBioTech WA Broker Meets Biotech Lunch

Alcidion Group Limited (ASX:ALC) today announced that it will present at the AusBioTech WA Broker Meets Biotech Lunch on Thursday, 15 September 2016.

Executive Director, Mr. Nathan Buzza will present to brokers, investors and financial advisors, on behalf of Alcidion. Updating the group on the latest developments within the company, since being publicly listed in February 2016.

This event will be hosted by Mr. Brian Leedman, Co-Chairman of AusBioTech WA and Non-Executive Director to Alcidion Group Limited.

It will feature a keynote presentation from Mr. Mark Dehring, Head of Investor Relations for CSL Limited, an overview of the biotechnology industry investment landscape from Mr. Stuart Roberts, Life Sciences Analyst at NDF Research.

Spotlight presentations from three biotechnology companies, including Alcidion, will follow. Guests will be served lunch and drinks, followed by networking with investors, presenting companies and senior members of Perth's biotechnology community.

Event Details

Date: Thursday 15 September 2016

Time: 2:00pm arrival for a 2:30pm start

Venue: Parmelia Hilton Perth, 14 Mill Street Perth

Registration is free for brokers, investors and financial advisors.

Disclaimer

This presentation has been prepared by Alcidion Group Limited (the "Company"). It does not purport to contain all the information that a prospective investor may require in connection with any potential investment in the Company. You should not treat the contents of this presentation, or any information provided in connection with it, as financial advice, financial product advice or advice relating to legal, taxation or investment matters.

No representation or warranty (whether express or implied) is made by the Company or any of its officers, advisers, agents or employees as to the accuracy, completeness or reasonableness of the information, statements, opinions or matters (express or implied) arising out of, contained in or derived from this presentation or provided in connection with it, or any omission from this presentation, nor as to the attainability of any estimates, forecasts or projections set out in this presentation.

This presentation is provided expressly on the basis that you will carry out your own independent inquiries into the matters contained in the presentation and make your own independent decisions about the affairs, financial position or prospects of the Company. The Company reserves the right to update, amend or supplement the information at any time in its absolute discretion (without incurring any obligation to do so).

Neither the Company, nor its related bodies corporate, officers, their advisers, agents and employees accept any responsibility or liability to you or to any other person or entity arising out of this presentation including pursuant to the general law (whether for negligence, under statute or otherwise), or under the Australian Securities and Investments Commission Act 2001, Corporations Act 2001, Competition and Consumer Act 2010 or any corresponding provision of any Australian state or territory legislation (or the law of any similar legislation in any other Jurisdiction), or similar provision under any applicable law. Any such responsibility or liability is, to the maximum extent permitted by law, expressly disclaimed and excluded.

Nothing in this material should be construed as either an offer to sell or a solicitation of an offer to buy or sell securities. It does not include all available information and should not be used in isolation as a basis to invest in the Company.

Future matters

This presentation contains reference to certain intentions, expectations, future plans, strategy and prospects of the Company. Those intentions, expectations, future plans, strategy and prospects may or may not be achieved. They are based on certain assumptions, which may not be met or on which views may differ and may be affected by known and unknown risks. The performance and operations of the Company may be influenced by a number of factors, many of which are outside the control of the Company. No representation or warranty, express or implied, is made by the Company, or any of its directors, officers, employees, advisers or agents that any intentions, expectations or plans will be achieved either totally or partially or that any particular rate of return will be achieved.

Given the risks and uncertainties that may cause the Company's actual future results, performance or achievements to be materially different from those expected, planned or intended, recipients should not place undue reliance on these intentions, expectations, future plans, strategy and prospects. The Company does not warrant or represent that the actual results, performance or achievements will be as expected, planned or intended.

Digital Health is very board

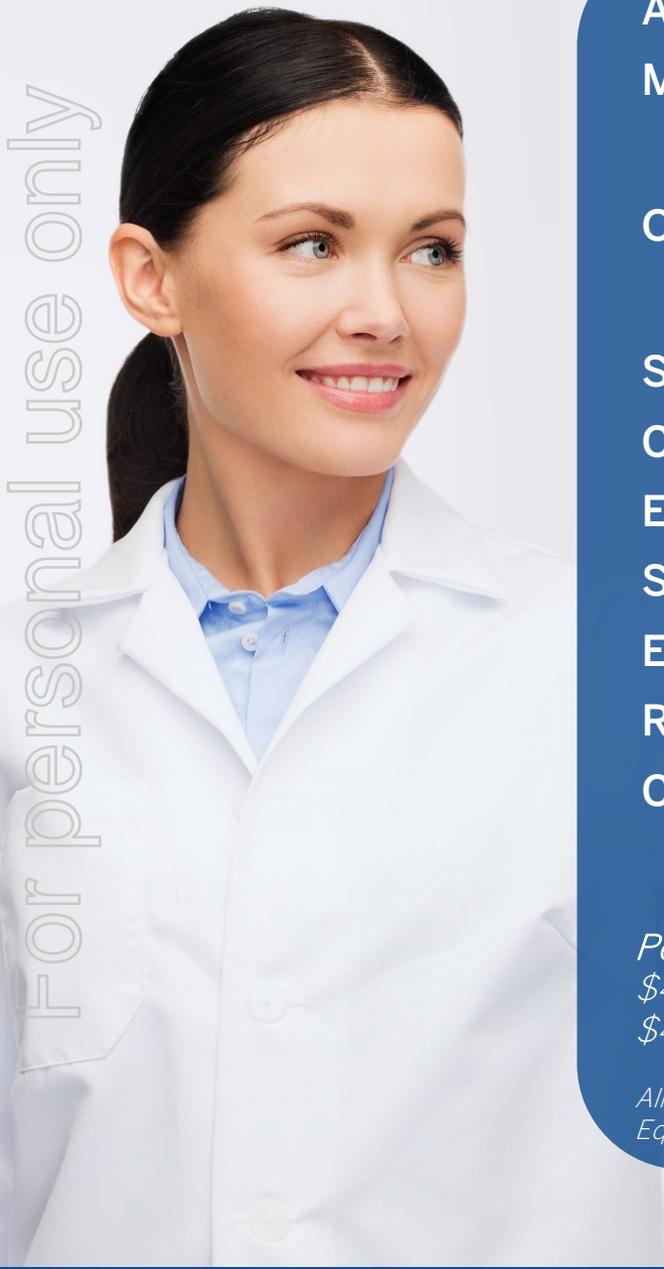

- The global population is aging, resulting in a dramatic and unparalleled increase in population, complex patients with multiple co-morbidities.
- The United States spends 18% of GDP on Healthcare, representing over \$USD3.0 trillion dollars annually, which is set to grow to 37% by 2050.
- Global expenditure on Healthcare IT is \$USD40.4b, growing to \$USD56.7b by 2017.
- The Obama Administration introduced the Patient Protection & Affordable Care in 2010, mandating that all US hospitals upgrade their Clinical Information Systems.
- This Act stipulates that healthcare providers must demonstrate the meaningful use of health IT by 2016 or face a reduction in Medicare reimbursements.

- Global adoption of the “Electronic Medical Records Adoption Model (EMRAM)”, supported by government funding.
- The rise of interoperability and global standards.
- Mobile Health technology is growing from \$USD6.9b market to \$USD23b market by 2017.
- Apple introducing HealthKit and Research Kit, coupled with the launch of powerful mobile tablets.
- FDA Regulating the environment.
- Global Government allocating funds to Digital Health:
 - The United States government has set aside more than \$USD20 billion in stimulus funds to implement Electronic Health Records nationwide
 - The United Kingdom has allocated £4 billion to transition the National Health Service into a paperless environment (7th Feb 2016).
 - Australian Digital Health Agency formed 27th Jan 2016.
- The adoption of Digital Health encourage the adoption of Digital Health – a self fulfilling prophecy.

For personal use only

- Hospitals are built upon a complex eco-system of disparate Clinical Information Systems.
- Alcidion's Miya platform integrates disparate Clinical Information Systems to identify emerging clinical risk and push this clinical intelligence to the care team via a continuum of mobile and desktop devices.
- Under the stewardship of our CMO, Professor Malcolm Pradhan and CEO Ray Blight, the former Chief Executive of the SA Health Commission, Alcidion has invested over \$18m in the development of the Miya Platform.
- The technology is already deployed and operational at Western Health, Northern Territory Health Department, Tasmania Health and the Royal Melbourne Hospital.
- By providing clinicians with decision support tools and prompting care guidance in accordance with hospital approved clinical protocols, patient clinical outcomes may be improved.
- Alcidion is intending to revolutionize the healthcare industry, by providing an agnostic Clinical Information System that resides over the top of the existing systems.

- Listed Alcidion on the ASX on February 29 2016, with \$7m in cash, with minimal debt.
- Commenced our commercialiation strategy, which in broad terms will see the Alcidion Sales Team systematically engage the continuum of Australian and New Zealand healthcare organisations.
- Executed a \$2.35 MoU with Western Health, signifying the transition of our Patient Flow and Bed Management applications from Pilot Site to commercial utilization.
- Announced that our strategic partner, FUJIFILM had secured multiples sales of our intelligent Cardiovascular Information System (iCVIS).

- Appointed Resapp Health co-founder, Mr. Brian Leedman to the Board.
- Alcidion invested \$1.5m developing a Computerized Physician Order Entry (CPOE) platform, in the form of a Best Practice Pathology Ordering product that automates the electronic ordering of pathology for ED physicians.
- Entered into a non-binding discussions with a major North American healthcare technology provider.
- Tasmania's Northern Integrated Care Service went live with Alcidion.
- Deployed our Critical Test Results Management Platform across the Northern Territory.

- Transition the company from a private entity to a publicly listed business and secure funding to commercialize the product portfolio.
- Transition the existing pilot installations to commercial deployments.
- Productize the Miya Platform and develop toolsets to facilitate rapid deployments and on site configuration.
- Develop an extensive marketing capability, inclusive of promotional materials and develop brand equity across the continuum of healthcare.

FY15/16

- Rebalance the organization from its core focus of engineering to a balanced business with a significant sales and marketing capability;
- Accelerate the selling and delivery of the Miya Platform across Australia & New Zealand.
- Commercialize Alcidion's CDSS and SmartForms platforms within the domestic market.
- Forge strategic partnerships within the healthcare ecosystem.
- Secure a North American Pilot site by the end of FY17.

FY16/17

- Target a total of 40 hospitals across Australia and New Zealand, to compliment the existing 11 installations.
- Implement QSR820 and registered with the FDA as a Class II FDA 510(k) cleared device.
- Elevate and build the Alcidion brand in the United States.
- Establish an office in the United States by January 2018.

FY17/18

Unique Opportunity To Be Part of the New Digital Health Economy

For personal use only

The introduction of the Patient Protection & Affordable Care Act 2010 (“Obamacare”) requires US hospitals to adopt Electronic Medical Records or face a reduction in Medicare reimbursements.

Experienced Management Team

“Capable and Experienced Management Team with a strong track record of commercializing healthcare software, including the former CEO & Chairman of the South Australian Health Commission, a Stanford qualified Medical Doctor and a former Ernst & Young Entrepreneur of the Year.”

Proven Technology

For personal use only

Alcidion's platform is installed into 11 large tertiary hospitals including Footscray, Sunshine, Williamstown, Royal Darwin & Alice Springs Hospitals and throughout Tasmania.

Disruptive Technology Platform

For personal use only

The platform is at the forefront of medical technology, on the crest of the next generation of healthcare technologies.

Strong Growth Platform

The business recently secured a \$1.75m contract with the Northern Territory Health Department to roll out a pilot of the Computerised Physician Order Entry technology (CPOE).

Several new contracts are presently being negotiated with leading public and private hospitals throughout Australia and New Zealand.
