Explanatory Memorandum**

This Explanatory Memorandum relates to the Extraordinary General Meeting of members of Genetic Signatures Limited (**Company** or **Genetic Signatures**) to be held at the offices of BDO at Level 11, 1 Margaret Street, Sydney NSW 2000 on Thursday, 13 October 2016 at 11.00am (AEDT).

Background

As announced on 2 September 2016, Genetic Signatures has successfully completed an institutional placement to raise \$14 million through the issue of 29.8 million new Shares (**Offer**).

The proceeds from the placement will be used for commercial expansion in Australia, the European Union and the USA, obtaining further regulatory approvals to Genetic Signatures' products, further product development and working capital purposes.

The placement was priced at \$0.47 per share, representing a 7.8% discount to the last close price prior to the placement on Tuesday, 30 August 2016 and a 9.6% discount to the 30-day volume weighted average price to that date.

The placement received strong support from offshore specialist healthcare investors and domestic institutional investors, resulting in the placement being well oversubscribed at the offer price.

The placement is being completed in two tranches:

- The first tranche of the new Shares, being 10,901,161 Shares, were issued on 8 September 2016 (**Tranche 1 Placement**) under Genetic Signatures' capacity pursuant to ASX Listing Rule 7.1.
- The second tranche of the new Shares, being 18,886,074 Shares, (**Tranche 2 Placement**) is proposed to be issued on 19 October 2016, subject to approval by Shareholders. The Directors propose to participate in the Tranche 2 Placement to acquire a maximum total of 980,000 Shares, subject to approval by Shareholders.

The purpose of the Meeting is to seek ratification by Shareholders of the Tranche 1 Placement and approval by Shareholders to the Tranche 2 Placement and the participation of Directors in it.

Further information in relation to each of the Resolutions is set out below.

In conjunction with the placement, a share purchase plan is being offered to eligible Shareholders in Australia and New Zealand (**SPP**). Under the SPP, holders of existing shares in Genetic Signatures on the share register as at 7.00pm (AEDT) on the record date of Thursday, 1 September 2016 and who are eligible Shareholders in Australia or New Zealand are invited to subscribe for up to \$15,000 of new fully paid ordinary shares in Genetic Signatures per eligible Shareholder. The SPP is capped at \$1 million.

Participation in the SPP is optional. Further information in relation to the SPP, including the SPP terms and conditions, are outlined in a separate SPP Booklet which will be dispatched to eligible Shareholders.

Resolution 1 – Ratification of Tranche 1 Placement

Listing Rule 7.1 of the ASX Listing Rules restricts the number of equity securities that a listed company may issue in any 12 month period, without the approval of shareholders, to 15% of the number of ordinary securities on issue at the start of the period, subject to certain adjustments and permitted exceptions. In calculating the 15% limit, the entity is entitled to deduct any ordinary securities issued in the 12 month period that were issued with the approval of shareholders for the purposes of Listing Rule 7.1.

Under Listing Rule 7.4 of the ASX Listing Rules, an issue of securities without approval under Listing Rule 7.1 will be treated as having been made with shareholder approval for the purposes of Listing Rule 7.1 if the original issue did not breach the 15% limit under Listing Rule 7.1 and shareholders subsequently approve the issue.

The approval by Shareholders of Resolution 1 will provide the Company with flexibility in considering any necessary further fundraising or acquisitions and will enable the Company to raise further funds at any time during the next 12 months by issuing up to the full 15% of its issued share capital. Any Share issues approved in accordance with Resolution 1 will not be counted towards the calculation of the 15% limit.

The information in relation to the Tranche 1 Placement set out below is required to be provided to Shareholders under the Listing Rules with respect to obtaining this approval:

- 10,901,161 Shares were issued under the Tranche 1 Placement.
- These Shares were issued at a price of \$0.47 per Share.
- The Shares issued were fully paid ordinary shares in Genetic Signatures and have the same terms as, and rank equally with, all other Shares on issue.
- The Shares were issued to institutional investors identified by Genetic Signature's placement agent, Bell Potter Securities Limited.
- The funds raised from the issue of Shares will be used by Genetic Signatures for commercial expansion in Australia, the European Union and the USA, obtaining further regulatory approvals to Genetic Signatures' products, further product development and working capital purposes.

Resolution 2 – Approval of Tranche 2 Placement (excluding participation by Directors)

The issue of Shares under the Tranche 2 Placement will exceed the limit of equity securities that Genetic Signatures can issue under Listing Rule 7.1 (as described above) without Shareholder approval. Accordingly Resolution 2, if approved, operates to satisfy the requirement of Listing Rule 7.1 so as to permit the Company to undertake the Tranche 2 Placement.

Resolution 2 seeks Shareholder approval for the issue of Shares to participants in the Tranche 2 Placement who are not related parties of the Company. Shareholder approval for the proposed participation of Directors in the Tranche 2 Placement is not being sought under Resolution 2. Instead, proposed participation of Directors in the Tranche 2 Placement is subject to separate Shareholder approval for the purposes of Listing Rule 10.11 (as described below and as sought by Resolutions 3(a) to 3(e)). This is because Shareholder approval under Listing Rule 7.1 (as is being sought by Resolution 2) is not required if Shareholder approval is given under Listing Rule 10.11.

The following information is required to be provided to Shareholders under the Listing Rules with respect to obtaining this approval:

- The maximum number of Shares that are intended to be issued by the Company pursuant to the Shareholder approval sought by Resolution 2 is 17,906,074 Shares. When aggregated with the maximum 980,000 Shares proposed to be issued to Directors subject to Shareholder approval of Resolutions 3(a) to 3(e), this equals the 18,886,074 Shares proposed to be issued by the Company pursuant to the Tranche 2 Placement.
- The Shares will be issued on the allotment date for the Tranche 2 Placement. This is expected to occur on 19 October 2016, and in any event will occur within 3 months of the date of the Meeting.
- The issue price of each Share will be \$0.47.
- The Shares will be issued to institutional investors identified by Genetic Signature's placement agent, Bell Potter Securities Limited.

- The terms of the Shares issued under the Tranche 2 Placement will, upon issue, be identical to the terms of all other fully paid ordinary shares in the capital of the Company.
- The funds raised from the issue of Shares will be used by Genetic Signatures for commercial expansion in Australia, the European Union and the USA, obtaining further regulatory approvals to Genetic Signatures' products, further product development and working capital purposes.

Resolutions 3(a) to 3(e) – Participation of Directors in Tranche 2 Placement

Resolutions 3(a) to 3(e) approve the participation of Directors in the Tranche 2 Placement.

Listing Rule 10.11 prohibits a company from issuing shares to a related party without shareholder approval, subject to certain exceptions. None of these exceptions apply.

Accordingly each of Resolutions 3(a) to 3(e), if approved, operate to satisfy the requirement of Listing Rule 10.11 so as to allow for the participation of the relevant Directors in the Tranche 2 Placement. A maximum total of 980,000 Shares are proposed to be issued to the Directors, subject to Shareholder approval. These Shares form part of, and are not in addition to, the 18,886,074 Shares to be issued under the Tranche 2 Placement.

The following information is required to be provided to Shareholders under the Listing Rules with respect to obtaining these approvals:

- The persons who will receive the Shares, their relationship to a Director (if they are not one) and the maximum number of Shares to be issued to them, is set out below:

Resolution	Person who will receive Shares	Director / Relationship to a Director	Maximum number of Shares
3(a)	Platon Ventures Pty Ltd	Company controlled by Nick Samaras, a Director	532,000
3(b)	John Melki	Director	21,000
3(c)	Michael Aicher	Director	107,000
3(d)	Juleyu Pty Ltd	Trustee of the self-managed superannuation fund of which Phillip Isaacs, a Director, is a member	213,000
3(e)	Koona Nominees Pty. Ltd.	Trustee of the self-managed superannuation fund of which Anthony Radford, a Director, is a member	107,000

- The Shares will be issued on the allotment date for the Tranche 2 Placement. This is expected to occur on 19 October 2016, and in any event will occur within 1 month of the date of the Meeting.
- The issue price of each Share will be \$0.47.
- The funds raised from the issue of Shares will be used by Genetic Signatures for commercial expansion in Australia, the European Union and the USA, obtaining further regulatory approvals to Genetic Signatures' products, further product development and working capital purposes.

If any of Resolutions 3(a) to 3(e) is approved (meaning that approval is given under Listing Rule 10.11), approval is not required under Listing Rule 7.1 to the issue of the relevant Shares.
