Australia's leading renewable energy innovator, Solahart, joins the zipMoney Platform

zipMoney Limited (ASX: ZML) (zipMoney) is pleased to announce that following a successful pilot program it has finalised arrangements with Solahart Australia ("Solahart") to be the preferred interest-free partner delivering simple, digital, payment solutions to families throughout Australia.

For over 60 years, Solahart has been Australia's most trusted name in solar with an unrivaled passion for innovation and technology. Whilst Solahart is widely recognised as a pioneer in solar water heating, they also offer a range of high quality solar power systems, for a complete solution of products that generate energy free from the sun. In 2016, the Company teamed up with Tesla to offer households a 'one stop shop' for all their renewable needs and began introducing the TeslaPowerwall. Solahart operates across 80 dealers nationally and is one of Australia's leading renewable energy solution innovators with an installed base of over one million systems.

Solahart's General Manager, Stephen Cranch, said "Interest Free has been a pivotal driver of our growth over the last few years, and after a successful trial, we have chosen to partner with zipMoney. Enabling consumers to sign-up on their smartphone in minutes, zipMoney offers the leading interest-free payments experience in the market. We expect the zipMoney platform to complement Solahart's comprehensive range of integrated products that will assist consumers in engaging with the rapidly changing Australian energy landscape."

zipMoney COO and Executive Director Mr Peter Gray commented "We are delighted to partner with Solahart who is recognised as Australia's leading renewable energy solution innovator. There is strong alignment between the two companies given our respective investments in the relentless pursuit of innovation. We look forward to working collaboratively with the Solahart team to deliver strong outcomes for its extensive Dealer base."

About Solahart

In 1953, SW Hart and Co., a pioneering plumbing company based in Perth, decided that the sun was the best energy source to heat water in Western Australian homes. As a result, solar hot water in Australia was born and Solahart geared up for expansion. Since then Solahart has built a reputation as a world leader in solar innovation and technology and invested millions of dollars into R&D and manufacturing. They have installed over one million systems in over 80 countries around the world. In early 2016, Solahart has joined forces with US energy storage pioneer Tesla Energy to offer households a one stop shop for all their renewable energy needs. For more visit www.solahart.com.au.
