Alcidion and Calvary Health Care Collaboration Agreement

Alcidion Group Limited (ASX:ALC) today announced that it has signed an agreement with the Little Company of Mary Health Care (LCMHC, 'Calvary') to assist the organisation with streamlining clinical coding and patient data across their facilities. Under the agreement, Alcidion Group Limited will provide analytical services to scope opportunities for improved clinical coding and configure its Miya Platform as a Data Lake, enabling Calvary to consolidate data from various Clinical and Non-Clinical IT systems.

Ray Blight, CEO and Chairman of Alcidion Group Limited said "We are delighted that Calvary has selected Alcidion to assist them in identifying opportunities for innovation and service improvement. Calvary's Data Lake will provide the evidence for innovation opportunities and this will help drive future service improvements".

Calvary Health Care operates 15 Public and Private Hospitals, 15 Retirement and Aged Care Facilities and a national network of Community Care Centres across six States and Territories in Australia. Calvary's strategy includes the innovative use of technology and services to support new models of care that are patient-centric and sustainable.

Dr. Robin Mann, National Chief of Innovation, who leads Calvary's digital transformation; commented, "The Data Lake forms an integral part of our innovation strategy moving forward and I look forward to working with Alcidion over the coming months."
