

ASX ANNOUNCEMENT

**AUDITOR REVIEWED AND UPDATED APPENDIX 4D AND HALF YEAR
ACCOUNTS**

SYDNEY, Friday 10 March 2017: Attached are the updated Appendix 4D and Half Year Accounts for the 6 month period ended 31 December 2016 of **Integrated Payment Technologies Limited (ASX: IP1)** (Company), reviewed by the Company's auditor.

As the Company was incorporated on 9 March 2016 and its first half year under the Corporations Act ended in September 2016 prior to the listing of the Company on ASX, the Company did not prepare its Appendix 4D and financial report (released on the ASX announcements platform on 28 February 2017) for the purpose of compliance with a half year reporting obligation in the Corporations Act or any requirement of the ASX Listing Rules. As such, those documents were not audited or reviewed by the Company's auditors.

However, the ASX has since exercised its discretion under the ASX Listing Rules to require the Company to re-lodge its 31 December 2016 financial report, together with an auditor's review. The ASX has advised that it has exercised its discretion in order to uphold its policy of requiring listed entities to disclose financial information to the market every 6 months. The Company is lodging the attached documents, as reviewed by its auditor, in order to comply with this exercise of discretion by ASX.

The Company notes the following material changes made to the documents that were released on 28 February 2017:

- (a) Deletion of 'Profit by Segment' section from the Directors' Report as this section did not provide any meaningful additional information;
- (b) Corrections between 'Business acquisition' and 'Proceeds from issue of share capital' in the Consolidated Statement of Cash Flows; and
- (c) Amendments to Note 11 'Business Combination' including additional notes 11.1 'Identifiable net assets', 11.2 'Goodwill' and 11.3 'Contribution to group results' in the Notes to the Condensed Interim Consolidated Financial Statements.

PRINCIPAL ACTIVITIES

The principal activities of the group are:

ClickSuper which provides clearing house services for large employers with 20 or more employees and for SMEs with less than 20 employees.

Payment Adviser which facilitates payments and communication of data concerning the payment between the payer/provider and payee/recipient using the Patents pending or granted to Jagwood.

Jagwood which has patents granted in Asia (i.e. Japan, Hong Kong, Singapore and China) and the Western World (South Africa and New Zealand) in addition to patents pending in the USA, Canada and Australia.

SERVICES UPDATE

ClickSuper Superannuation Service

Employers have the option to pay contributions directly to the super fund by direct credit or to use ClickSuper's clearing house service which collects the funds from the employer into a direct debit trust account, waits three days for the funds to clear (because direct debits can be cancelled, similar to cheques), and then forwards the contributions to the super funds.

Contributions take one day to reach the super funds by direct credit and an average of 4.2 days by direct debit.

The Company has recently announced a new service for SME's and employers that do not use direct credit called **PayVu**.

PayVu uses a contribution model called Employer Direct which meets all the compliance and messaging requirements of SuperStream via the ATOs mandated secure Gateway network while allowing the employer to make payments directly to the fund via internet banking. Subsequently the superannuation accounts of the business owner and their employees are credited the same day.

PayVu is a disruptor to the existing Clearing Houses by letting the employer pay the super fund directly and the super fund return any unreconciled contributions directly to the employer's bank account.

PayVu returns the relationship with the employer to the super fund removing the Clearing House as an intermediary.

Payment Adviser

PayVu links cloud based accounting systems to internet banking portals and is the first retail offering using the patented process.

PayVu manages all company payments; salaries, Pay As You Go tax, superannuation, invoices, GST, and payroll tax. All payments are extracted from the accounting system and when uploaded to the internet banking portal for payment their status in the accounting system is updated to paid.

PayVu manages all the SuperStream compliance requirements for superannuation and will add Single Touch Payroll compliance when it is introduced later this year.

PayVu reduces the time required to pay suppliers, salaries and other payments from a number of hours to a few minutes for just \$5 per month for up to 50 transactions.

The suppliers receive payments with a web address in the payment reference and an instruction in the remitter name to go to payvu.com.au to retrieve the payment remittance data. Having accessed the web page PayVu offers to import and reconcile any aggregated payments directly into their accounting system along with a 3 month free trial of the service.

Payment Adviser's existing clients include a disruptor in the peer-to-peer business lending space and one of Australia's top four accounting firms who use it in their SME service.

Jagwood

Jagwood was recently granted patents in Singapore and Hong Kong which means all patents applied for in Asia have now been granted.

Patent applications are continuing in the USA, Canada and Australia. Patents have been granted in South Africa and New Zealand.

REGULATORY UPDATE

ClickSuper Superannuation Service

Competitors

The majority of employers elect to use a free service offered by their default super fund to contribute to their employee's choice super funds. The default super funds generally outsource the choice super fund processing to a Clearing House. The Clearing House manages the transmission of data via their Gateway and the payment of money to the choice super funds.

What Is Single Touch Payroll?

Single Touch Payroll (STP) is a Federal Government initiative expected to be introduced in July 2017 that aims to simplify the employer's tax and superannuation reporting requirements to the ATO.

STP will enable employers to report staff salaries and wages, PAYG and Superannuation to the ATO at the same time as they pay their employees.

The ClickSuper interface is imbedded in 26 of the 30 largest software providers in Australia. Superannuation data is uploaded to ClickSuper in a secure way before being sent to the super funds via the ClickSuper Gateway.

We do not believe employers will want to send their payroll details via superannuation funds.

Initially SME's with less than 20 staff will not be required to participate in STP however they can elect to do so and PayVu will deliver STP as part of its standard service.

PayVu enables employers to report staff salaries and wages, PAYG and superannuation to the ATO at the same time as they pay their employees. The STP superannuation messages will be sent to the ATO via the secure ClickSuper SuperStream Gateway.

New Payment Platform

The Reserve Bank of Australia's New Payment Platform (NPP) is scheduled to commence later this year and will allow instant payment of cleared funds 24 hours a day 7 days a week. The NPP transfers 280 characters of remittance data with the payment and more data can be accommodated for an additional fee.

PayVu delivers same day payments with remittance data and also provides:

- Automatic update of the sender's accounting system and bank account reconciliation of aggregated payments.
- Optional update of the receiver's accounting system and bank account reconciliation of aggregated payments.
- Salary and wage payments including superannuation and other deductions and bank account reconciliation of aggregated payments.
- All for just 10 cents per transaction and a minimum of \$5 per month.

Subsequent Events

Events arising since the end of the reporting period: There are no matters or circumstances that have arisen since the end of the year that have significantly affected or may significantly affect either:

- The entity's operation in future financial years
- The result of those operations in future financial years; or
- The entity's state of affairs in future financial years.

Auditor independence

A copy of the auditor's independence declaration as required under s307C of the Corporations Act 2001 is included on the following page and forms part of this Directors report.

This report is made in accordance with a resolution of directors, perusing to section 306 (3) of the Corporations Act

Notes to the condensed interim consolidated financial statements

1 Nature of operations

Integrated Payment Technologies Limited and its subsidiaries' (the Group) principal activities include the holdings of an AFSL licence with an endorsement to facilitate the secure storage and transmission of data concerning payments.

2 General information and basis of preparation

This general purpose interim financial report for the half year ended 31 December 2016 has been prepared in accordance with AASB 134 *Interim Financial Reporting*.

These half year financial statements do not include all the notes of the type normally included in the annual financial report and therefore cannot be expected to provide a full understanding of the financial performance, financial position and financing and investing activities of the consolidated entity. Accordingly, it is recommended that the half-year financial report be read in conjunction with the unlisted public financial statements for the period ended 30 June 2016 and considered together with any public announcements made by Integrated Payment Technologies Limited during the half year ended 31 December 2016 in accordance with the continuous disclosure obligations of the ASX listing rules and the Corporations Act 2001.

The interim financial statements have been approved and authorised by the Board of Directors on 10 March 2017.

3 Statement of compliance

The financial report complies with Australian Accounting Standards applicable to interim reporting as issued by the Australian Accounting Standards Board and International Financial Reporting Standards (IFRS) applicable to interim reporting as issued by the International Accounting Standards Board.

4 Significant accounting policies

The interim financial statements have been prepared in accordance with the accounting policies adopted in the Group's last annual financial statements for the year ended 30 June 2016.

5 Estimates

When preparing the interim financial statements, management undertakes a number of judgements, estimates and assumptions about recognition and measurement of assets, liabilities, income and expenses. The actual results may differ from the judgements, estimates and assumptions made by management, and will seldom equal the estimated results.

The judgements, estimates and assumptions applied in the interim financial statements, including the key sources of estimation uncertainty were the same as those applied in the Group's last annual financial statements for the year ended 30 June 2016.

For personal use only

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Independence

In conducting our review, we complied with the independence requirements of the *Corporations Act 2001*.

Conclusion

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of Integrated Payment Technologies Limited is not in accordance with the *Corporations Act 2001*, including:

- a giving a true and fair view of the consolidated entity's financial position as at 31 December 2016 and of its performance for the half-year ended on that date; and
- b complying with Accounting Standard AASB 134 *Interim Financial Reporting* and *Corporations Regulations 2001*.
