During February the pre-tax NTA of the Alternatives Fund increased by 0.28 cents per share, or 0.25%, to \$1.0945. The gain was the result of growth in the value of the Blue Sky Water Fund, as well as an uplift in the value of the residential development at Duke Street, Kangaroo Point.

During the month, several quarterly and half year income distributions were received from underlying funds. No new investments or realisations were made in February.

INVESTMENT PERFORMANCE

• Blue Sky Water Fund

The Alternatives Fund's investment in the Blue Sky Water Fund increased 0.72% in February.⁵ Almost all of the Water Entitlements held in the portfolio appreciated over the last month. The price of Water Allocations softened slightly, however the effect was negligible as the Blue Sky Water Fund has now sold the vast majority of its Water Allocations for FY17.

• Duke Street Kangaroo Point Trust

The Duke Street Kangaroo Point Trust is developing a 125 apartment development in Kangaroo Point (known as The Duke). Construction of the project is progressing well with the contractor completing the structure to full height during the month. The carrying value of the Alternatives Fund's investment in the Duke Street Kangaroo Point Trust increased by 10% in February after meeting project milestones during the month.

The project is expected to reach completion in the second half of CY17.

DISTRIBUTIONS

In early February, the Alternatives Fund received cash distributions from the following funds (which were accrued in December 2016):

- Blue Sky Hotel Fund – a 2.5% quarterly distribution;
- Blue Sky Aquila Fund – a 2.5% dividend in respect of 1H FY17; and
- Blue Sky Water Fund – a 2.5% interim distribution in respect of 1H FY17.

INTERIM DIVIDEND TO SHAREHOLDERS

On 10 February 2017, the Alternatives Fund's Board was pleased to announce a maiden interim dividend of 1.0 cent per share fully franked in respect of the half-year ended 31 December 2016.

As announced on 26 May 2016, the Alternatives Fund is committed to paying annual dividends targeting at least 4.0% of closing post-tax NTA for each financial year, franked to the highest extent possible (provided the Alternatives Fund has sufficient profit and cash flow to do so).
