#### **DIRECTORS' REPORT**

The Directors present the following report including financial statements of Broken Hill Prospecting Limited (**Company**) for the six months ended 31 December 2016.

#### 1. Directors

The names of the Directors of the Company during the half-year and up to the date of this report are:

Francis Creagh O'Connor	Non-Executive Chairman	Appointed 22 June 2000
Matthew Geoffrey Hill	Non-Executive Director	Appointed 14 March 2012
Denis Geldard	Non-Executive Director	Appointed 3 August 2015
Geoffrey Guild Hill	Non-Executive Director	Appointed 27 August 2015

#### 2. Chief Executive Officer

Anthony (Trangie) Johnston Appointed 20 May 2016

#### 3. Activities

AUO BEN IBUOSIBÓ JO-

The principal activity of Broken Hill Prospecting Limited (BPL) is exploration for cobalt and heavy mineral sands (zircon, rutile and ilmenite) in the Broken Hill district (NSW). The nature of the company's business has not changed during the period under review.

Broken Hill Prospecting Limited ("BPL") is pleased to provide the following summary on exploration activities undertaken at the Company's projects near Broken Hill. Additional information about the Company is available on BPL's website at <a href="https://www.bhpl.biz">www.bhpl.biz</a>.

# 4. Thackaringa Cobalt Project, Broken Hill, NSW

Cobalt is a necessary metal for the production of the latest generation, high density Lithium-ion batteries. Due to its high run-time properties, the use of cobalt has risen dramatically as portable Liion battery usage accelerates and electric vehicles become a reality.

The majority of the world's cobalt production (98%) occurs as a by-product of copper and nickel mining. The world's largest supplier of cobalt (60%), the Democratic Republic of Congo, may be subject to increased political and economic turbulence with the potential to disrupt commodity exports.

Given this uncertain market future, BPL's Thackaringa Cobalt Project offers a rare potential future source of cobalt. Favourably located proximal to existing rail and road infrastructure and just 25km southwest of Broken Hill, the project comprises a large mineralised system of potentially world class scale.

During the reporting period, a significant metallurgical diamond drilling program commenced at the Thackaringa Cobalt project with eight (8) drill holes for a total of 1,483 metres (Photograph 1). Drilling targeted the three main zones of mineralisation at Pyrite Hill, Railway and Big Hill with results to support future scoping studies. Metallurgical studies will commence immediately following receipt of assays.

Diamond drilling is forecast to re-commence in January 2017 with an additional 1,500 metres to be completed. In addition, approvals were sought for a major reverse circulation (RC) drilling program designed to target resource growth through infill and extensional drilling of the upper (shallow) portions of the mineralised bodies and support future resource upgrades.

#### **DIRECTORS' REPORT**

Photograph 1. Mineralisation intersected by the first drill hole at Pyrite Hill completed in late 2016.

BPL entered a detailed farm-in joint venture agreement with Cobalt Blue (COB) to finance and undertake an extensive exploration and development program at Thackaringa. COB can earn 100% of the project if it completes a set of milestones before 30 June 2020. There are four stages to the farm-in.

- Stage 1 requires at least \$2 million to be spent on an approved, in-ground exploration program to define an Inferred Mineral Resource of 100 Mt and completion of a Scoping Study by 30 June 2017. In addition, COB will make an \$800,000 payment to hold a 51% beneficial interest in the project.
- Stage 2 requires COB to fund a minimum \$2.5 million in-ground exploration program to define an Indicated Mineral Resource and complete a Pre-feasibility Study of the technical, commercial and economic feasibility of development and mining of cobalt by 30 June 2018. That work would earn COB an additional 19% interest.
- Stage 3 stipulates COB can earn a further 15% interest in by 30 June 2019 if it spends a minimum \$5 million on an in-ground exploration program to define a Measured Mineral Resource and Ore Reserve and complete a Bankable Feasibility Study.
- Stage 4 enables COB to earn the final 15% interest in Thackaringa if it makes a decision to mine; procures necessary project approvals including financing; achieves financial close; and pays BPL \$7.5 million in cash no later than 30 June 2020.

BPL has also been granted a 2% net smelter royalty on all cobalt produced from the Thackaringa tenements for the life of the mine. It retains the base and precious metal exploration rights over the tenements, where it has previously actively explored for Broken Hill style mineralisation.

#### **DIRECTORS' REPORT**

#### 5. Heavy Mineral Sands Projects, Murray Basin, NSW

BPL is targeting the establishment of a sustainable pipeline of high grade, low tonnage deposits amendable to processing through mobile plant equipment that could be deployed across the broader Murray Basin project area.

BPL has accumulated a substantial portfolio of Heavy Mineral Sands Projects (6 tenements) in the Murray Basin, NSW (Figure 1). Recent drilling and technical studies at three of these tenements was funded by a joint venture (JV) with Relentless Resources Limited (RRL). RRL has contributed a total of \$2M to earn a 50% interest in three Heavy Mineral Sands tenements (EL 8311, EL 8312 and EL 8385).

During the reporting period activities were focused on advancing the Copi North Pre-feasibility Study (PFS). Bulk metallurgical test work commenced with early encouraging results with clean separation of heavy minerals with slimes and oversize less than 2%. Engineering and plant design studies will commence in Q2 2017.

BPL is continuing to assess the exploration potential on its currently 100% held tenements outside of the Joint Venture, being EL8308 (Nanya North), EL8309 (Springwood) and EL8310 (Milkengay). Each tenement offers excellent opportunity for the delineation of high-grade, near surface heavy mineral sand deposits based on historical exploration data and regional analysis. BPL is seeking regulatory approvals to commence drilling in Q2 2017.

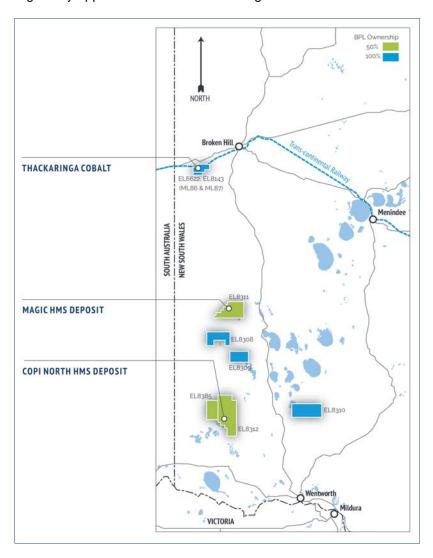

Figure 1. The Company's project portfolio with a significant exploration footprint in the NSW Murray Basin.

#### **DIRECTORS' REPORT**

#### 6. Events after Balance Date

Cobalt Blue Holdings Ltd

In February 2017, the Company has successfully spun-off its Thackaringa Cobalt project through the listing of Cobalt Blue Holdings Ltd (ASX: COB) that will allow COB to focus on further exploration and development of the project. In return shareholders of the Company received a total of 35 million shares as part of the capital restructuring and distribution.

Broken Hill Minerals Joint Venture

BHM's management of the Mineral Sands Joint Venture (JV) with Relentless Resources Limited (RRL) came up for renewal on 22<sup>nd</sup> January 2017.

BHM's continuing management of the JV has been disputed by RRL and BHM is seeking to resolve the dispute through legal avenues.

BHM's 50% ownership of its share of the Joint Venture remains unchanged.

Apart from the above, there are no other material events subsequent to the end of the period that have not been reflected in the financial statements.

Signed for and on behalf of the Board

# Lead Auditors Independence Declaration Under Section 307C of the Corporations Act 2001

To the directors of Broken Hill Prospecting Limited and Subsidiaries:

I declare that, to the best of my knowledge and belief; in relation to the audit review of the half-year ended 31 December 2016 there have been:

- no contraventions of the auditor independence requirements as set out in the *Corporations Act 2001* in relation to the audit review; and
- no contraventions of any applicable code of professional conduct in relations to the audit review.

# BROKEN HILL PROSPECTING LIMITED HALF YEAR REPORT 31 DECEMBER 2016 NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS

## 1. Summary of significant accounting policies

#### General

Broken Hill Prospecting Limited (BPL) is a company incorporated in New Zealand and registered under the Companies Act 1993. BPL is an issuer for the purposes of the Financial Reporting Act 1993 and is listed on the Australian Securities Exchange (ASX).

The principal activity of the company and its subsidiaries (the "group") is minerals exploration.

The group consists of Broken Hill Prospecting Limited and its wholly-owned subsidiaries, Broken Hill Uranium Pty Ltd, Broken Hill Chemical Pty Limited, Broken Hill Minerals Pty Ltd and Cobalt Blue Holdings Ltd which was incorporated in August 2016.

These consolidated financial statements have been reviewed but not audited.

#### Reporting currency

The functional and presentation currency is Australian dollars.

#### Basis of preparation

These interim consolidated financial statements have been prepared in accordance with NZ IAS-34, Interim Financial Reporting and should be read in conjunction with the accounting policies set out in the annual financial statements for the year ended 30 June 2016.

These accounts have been prepared in accordance with generally accepted accounting practice in New Zealand and therefore also comply with International Financial Reporting Standards. For this purpose, BPL has designated itself as profit-oriented.

The accounting principles recognised as appropriate for the measurement and reporting of financial performance and financial position on an historical cost basis have been followed by the group.

#### Seasonality of operations

The results are unaffected to any significant extent by seasonal factors.

**Changes in accounting policies**: There have been no changes in accounting policies during the period. The accounting policies and method of computation applied during the previous year were applied on a consistent basis during the current period.

There were no contingent liabilities at 31 December 2016 (31 December 2015: nil).

#### 9. Seasonality of operations

The results are unaffected to any significant extent by seasonal factors.

#### NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS

#### 10. Segment information

During the current period, the group had only one business segment – mineral exploration within Australia.

#### 11. Joint venture

Broken Hill Minerals Pty Ltd, a 100% subsidiary of BPL, is a participant in a joint venture agreement with Relentless Resources Limited (RRL) in order to fund and manage the company's advanced Heavy Mineral Sands (HMS) projects.

RRL committed to make staged payments totaling A\$2,000,000 to earn a 50% participating interest in the joint venture. During the period to 31 December 2016 RRL paid the final instalment of A\$500,000 earning an additional 10% in the Joint Venture. The interest of RRL therefore increased from 40% as at 30 June 2016 to 50% as at 31 December 2016. As at 31 December 2016 the Group has a 50% participating interest in the joint venture. For the period to 31 December 2016 the joint venture incurred total exploration and evaluation expenditure of A\$120,800.

In accordance with NZ IFRS 11 the group recognised a net gain of A\$125,209 from the disposal of the additional 10% interest in the joint venture.

#### 12. Going concern

The financial report has been prepared on a going concern basis. BPL has raised sufficient funds to ensure that expected financial obligations can continue to be met for longer than 12 months.

BPL expects that the majority of exploration and evaluation expenses in the next financial year will be funded from joint venture partners. The validity of the going concern assumption in the longer term is dependent on the success of these initiatives.

#### 13. Subsequent Events

Cobalt Blue Holdings Ltd

In February 2017, BPL successfully spun-off its Thackaringa Cobalt project through the listing of Cobalt Blue Holdings Ltd (ASX: COB) that will allow COB to focus on further exploration and development of the project. In return shareholders of the Company received a total of 35 million shares as part of the capital restructuring and distribution.

Broken Hill Minerals Joint Venture

BHM's management of the Mineral Sands Joint Venture (JV) with Relentless Resources Limited (RRL) came up for renewal on 22<sup>nd</sup> January 2017.

BHM's continuing management of the JV has been disputed by RRL and BHM is seeking to resolve the dispute through legal avenues.

BHM's 50% ownership of its share of the Joint Venture remains unchanged.

Apart from the above, there are no other material events subsequent to the end of the period that have not been reflected in the financial statements.

# BROKEN HILL PROSPECTING LIMITED HALF YEAR REPORT 31 DECEMBER 2016 DIRECTORS' STATEMENT

The Directors of the company declare that:

- 1. The financial statements and notes, as set out in the half yearly report to 31 December 2016:
  - (a) comply with New Zealand International Accounting Standard 34, Interim Financial Reporting, and
  - (b) give a true and fair view of the economic entity's financial position as at 31 December 2016 and its performance and cash flows for the period ended on that date.
- 2. In the Directors' opinion there are reasonable grounds to believe that the company will be able to pay its debts as and when they become due and payable

#### INDEPENDENT AUDITOR'S REVIEW REPORT

To the Members of Broken Hill Prospecting Limited and Subsidiaries

#### Report on the Half-Year Financial Report

We have reviewed the accompanying half-year financial report of Broken Hill Prospecting Limited and Subsidiaries, which comprises the statement of financial position as at 31 December 2016, the statement of profit or loss and other comprehensive income, the consolidated statement in changed in equity and the statement of cash flows for the half-year ended on that date, notes comprising a statement of accounting policies and other explanatory information, and the directors' declaration of the entity comprising the company at the half-year's end or from time to time during the half-year.

# Directors' responsibility for the financial report

The directors of the company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the Corporations *Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from maternal misstatement, whether due to fraud or error.

#### Auditor's responsibility

Our responsibility is to express a conclusion on the half-year financial report based on our review. We conducted our review in accordance with Auditing Standard on *Review Engagements ASRE 2410 Review of a Financial Performed by Independent Auditor of the Entity,* in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporation Act 2001* Including: giving a true and fair view of the consolidated entity's financial position as at 31 December 2016 and its performance for the half-year ended on that date; and complying with Accounting Standard AASB 134 Interim Financial Reporting and the Corporations Regulations 2001. As the auditor of Broken Hill Prospecting Limited and Subsidiaries, ASRE 2410 required that we comply with the ethical requirements relevant to the audit of the annual financial report.

A review of a half-year financial report consists of making enquiries, primary of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is subsequently less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurances that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

#### Independence

In conducting our review, we have complied with the independence requirements of the *Corporations Act 2001*. We confirm that the independence declaration required by the *Corporations Act 2001*, which has been given to the directors of Broken Hill Prospecting Limited and Subsidiaries, would be in the same terms if given to the directors as at the time of this auditor's report.

#### Conclusion

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of Broken Hill Prospecting Limited and Subsidiaries is not in accordance with the *Corporations Act 2001* including:

- a) giving a true and fair view of the entity's financial position as at 31 December 2016 and of its performance for the financial half-year ended on that date; and
- b) complying with Australian Accounting Standards AASB 134 Interim Financial Reporting and Corporations Regulations 2001
