

## Mobi2Go and GetSwift sign partnership agreement

**GetSwift Limited (ASX: GSW)** ('GetSwift' or the 'Company'), the SaaS solution company that optimises delivery logistics world-wide, is pleased to announce that it has signed a partnership agreement with Mobi2Go

GetSwift has partnered with Mobi2Go to offer additional global touchpoints for its platform. Mobi2Go is an online and mobile ordering system for restaurants and hospitality businesses worldwide. Designed to increase revenue, reduce in-store wait time, gain brand loyalty, and improve overall customer experience, Mobi2Go and GetSwift seamlessly will improve the customer ordering experience.

This technical integration has now been completed and access to a wide global network of POS systems, website plugins, and delivery services will be present. The company estimates that this will have a demonstrated impact of several percentage points as a ratio of increasing and diversifying its client base. The company continues to strongly pursue all venues and channels that will allow it to have unrestricted access to as many touchpoints as possible that require delivery or order fulfilment functions regardless of industry vertical, size or geographic placement.
