Outlook for FY18

Stargroup's CEO and Executive Chairman Mr Todd Zani commented on the results and said, "We are proud to have achieved another record quarter of revenue, our 14th in a row and our annual total revenue increase of 164% is a significant result. This time last year we originally had a milestone revenue target for FY17 of \$5million and our actual revenue was nearly double that amount this year and we originally achieved our target in February of this year."

"When we look at our target for FY18 which was set some 12 months ago it was to achieve total revenues of \$10million but we recently provided guidance to suggest that we should easily achieve more than double that target amount in FY18 and we anticipate our current revenue growth rates to continue over the coming financial year."
