### **Share Purchase Plan**

Volt Resources Limited (the Company) (ASX: VRC) is pleased to advise that the Company's Share Purchase Plan (SPP) announced to ASX on 5 September 2017 closed oversubscribed on 25 October 2017.

The SPP was strongly supported by Shareholders and was heavily oversubscribed with the Company receiving applications totalling \$2,338,975. In light of this strong demand from Shareholders, the Company's Board of Directors has elected to increase the original target which was set at \$1,500,000 and accept all valid applications received to allow all eligible Shareholders who submitted valid applications to fully participate in the Offer.

- Continue development funding negotiations, obtain project development approvals, advance offtake and cooperation agreements into binding agreements, enter into engineering and construction agreements and other material contracts for the Stage 1 development;
- Support in-country costs associated with the Project; and
- Fund general corporate and other expenses.
