IMPORTANT NOTICE

This disclaimer applies to this presentation and the information contained in it (the "Presentation").

By proceeding to read any part of the following Presentation you agree to be bound by this disclaimer.

Important notice and disclaimer: This presentation contains a general summary of the activities of Harris Technology Group Ltd and its subsidiaries (Harris Technology Group), does not purport to be complete and is to be read in conjunction with all other announcements filed with the Australian Securities Exchange (ASX). Information in this presentation is current as at the date of this presentation and remains subject to change without notice. Financial information in this presentation is unaudited. Harris Technology Group does not warrant the accuracy, adequacy or reliability of the information in this presentation and, to the maximum extent permitted by law, disclaims all liability and responsibility flowing from the use of or reliance on such information by any person.

Not an offer or financial product advice: This presentation is not investment or financial product advice or any recommendation (nor tax, accounting or legal advice) and is not intended to be used as the basis for making an investment decision. In providing this document, Harris Technology Group has not considered the objectives, financial position or needs of any particular recipients. Each recipient should consult with its professional adviser(s), conduct its own investigation and perform its own analysis in order to satisfy themselves of the accuracy and completeness of the information, statements and opinions contained in this document. This presentation does not constitute an offer to issue or sell securities or other financial products in any jurisdiction. The distribution of this presentation outside Australia may be restricted by law.

Forward looking statements: This presentation contains forward looking statements and comments about future events, which reflect Harris Technology Group's intent, belief or expectation as at the date of this presentation. Such forward looking statements may include forecast financial and operating information about Harris Technology Group, its projects and strategies and statements about the industries and locations in which Harris Technology Group operates. Forward looking statements can be identified by forward-looking terminology including, without limitation, "expect", "anticipate", "likely", "intend", "should", "could", "may", "predict", "plan", "propose", "will", "believe", "forecast", "estimate", "target" and other similar expressions within the meaning of securities laws of applicable jurisdictions. Indications of, and guidance or outlook on, future earnings or financial position or performance are also forward looking statements. Forward looking statements involve inherent known and unknown risks, uncertainties and contingencies, both general and specific, many of which are beyond Harris Technology Group's control, and there is a risk that such predictions, forecasts, projections and other forward looking statements will not be achieved. Actual results may be materially different from those expressed or implied. Forward looking statements are provided as a general guide only and should not be relied on as an indication, representation or guarantee of future performance. Undue reliance should not be placed on any forward looking statement. Harris Technology Group does not undertake to update or review any forward looking statements.

Past performance: Past performance should not be relied upon as (and is not) an indication or guarantee of Harris Technology Group's future performance or condition.

Financial data: All financial amounts contained in this Presentation are expressed in Australian currency, unless otherwise stated. Any discrepancies between totals and sums of components in tables and figures contained in this Presentation are due to rounding.

Non-IFRS measures: Throughout this presentation, Harris Technology Group has included certain non-IFRS financial information. Harris Technology Group believes that these non-IFRS financial and operating measures provide useful information to recipients for measuring the underlying operating performance of Harris Technology Group's business. Non-IFRS measures have not been subject to audit.

M2C

During FY16/17, The Group partnered with a Shenzhen/China company to do proof of concept test, so far, we are pleased to share with you that we are very happy with the outcome.

The company has made a small profit during this period and we have not incurred any major expenses.

M2C

The Group is in a final stage in our negotiation with a Hong Kong conglomerate to start a partnership in the M2C business operation in China.

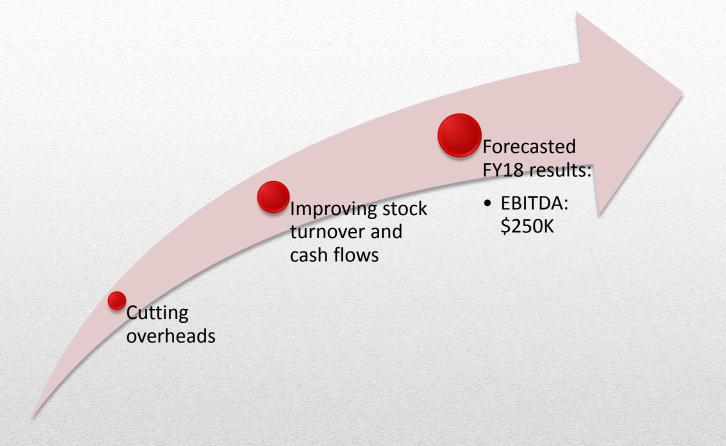

We hope to make an announcement very shortly. We expect the business operations to be launched in early 2018.

The Year Ahead - FY18 Strategy

- Closely working with all key vendors to ensure that we can grow our sales with the imminent launch of Amazon in Australia
- "Amazon is going to help our business because it provides a very strong platform from which we can sell all of our products either via our resellers or via vendor dedicated stores."
