

Verdant Minerals raises \$2 million in a Share Placement

Highlights

- Placement to an existing institutional and high net worth shareholders and new North American sophisticated investors
- Funds raised to enable the completion of environmental approvals and native title agreements, and to continue the process of promoting and commercialising the project post the completion of the feasibility study

Placement

Verdant Minerals Ltd (Verdant or the Company, ASX:VRM) is pleased to announce that a total of \$2 million was successfully raised through a placement of ordinary shares to Regal Funds Management Pty Ltd, a number of other Australian institutional and high net worth investors and new North American sophisticated investors. Amvest Capital Inc. (acting through Mann Mann Jensen Partners LP) served as the North American Placement Agent.

The Company will issue 100 million fully paid ordinary shares at an issue price of \$0.02 per share, representing approximately 10% of the shares on issue (on a pre-Placement basis), pursuant to its existing capacity under ASX Listing Rules 7.1 and 7.1A. All new shares, once issued, will rank pari passu with existing ordinary shares.

In addition to the placement of ordinary shares, this arrangement also includes the issue of 80 million options at an exercise price of \$0.025 per share with an expiry of 1 July 2019 and 66.666 million options at a price of \$0.03 per share with an expiry of 1 July 2020.

Proceeds from this capital raising will be used to complete the final stages of the environmental approvals processes currently underway for the Ammaroo Phosphate Project and a continuation of activities associated with the commercialisation of the project post the completion of the feasibility study. These activities include the securing of off take agreements and/or Joint Venture partnerships to develop the project and activities associated with moving the Ammaroo Phosphate project towards a point where a final investment decision can be made, including financing arrangements.

Verdant’s Managing Director, Chris Tziolis, said: *“We are very appreciative of the continuing support of existing shareholders and welcome new North American investors to the company who can see the potential value in the Ammaroo Project as a long term supplier of phosphate products to growing markets in the Australia-Asia region. It is important that the company concludes the environmental approvals process with both the Australian Federal and NT Governments and finalises the Native Title Agreement with the Central Land Council to underpin a licence to operate, which based on our discussions to date with global fertiliser industry participants and potential financiers, will be critical in attracting the offtake and investment partnerships necessary to underpin the development of this world class project.”*
