RESULTS FOR ANNOUNCEMENT TO THE MARKET

The reporting period is the **year ended 30 June 2018** with the prior corresponding period being the year ended 30 June 2017.

This report is based on audited financial statements. A copy of the audit report can be found on page 29.

Results for announcement to the market

- Revenue from ordinary activities was \$54.6 million, up 6.9% from the prior year.
- Profit after tax was \$47.8 million, up 8.4% from the prior year.
- Total net profit for the period of \$47.8 million excludes net realised gains and losses which are transferred directly to the Asset Revaluation Reserve under the accounting standards.
- Total net profit includes special dividends and capital gains distributed from managed funds of \$2,470,712 after tax (prior year \$1,656,151). Excluding these items revenue rose 5.5%* and profit after tax rose 6.8%*.
- Earnings per share based on profit after tax were 38.6 cents, an increase of 8.1%. Excluding the special dividends distributed and capital gains received earnings per share rose 6.4% to 36.5 cents*. The weighted average number of ordinary shares for the year was 123,869,817 compared to 123,557,412 in the prior year, an increase of 0.3%.
- The final dividend is 19.0 cents per share (18.5 cents prior year) fully franked at 30%, bringing total dividends for the year to 35.0 cents fully franked at 30% (prior year 34.0 cents). The dividend is payable on 21 September 2018. The record date for determining entitlement to the final dividend is 4 September 2018.
- The final dividend will not include any Listed Investment Company capital gain dividend.
- The Company operates a Dividend Reinvestment Plan ("DRP") under which shareholders may elect to have all or part of their dividend payment reinvested in new ordinary shares. Pricing of the new DRP shares will be at the volume weighted average selling price of shares traded on the Australian Securities Exchange in the five days commencing from the day the shares start trading on an ex dividend basis, without any discount. The last day for the receipt of an election notice for participation in the plan is 5 September 2018.
- The net tangible asset backing per share based on the market valuation of investments was \$9.21 at 30 June 2018, compared to \$8.57 at the end of the prior year. These calculations are after tax on net realised gains, before any future tax benefit of net realised losses, before estimated tax on net unrealised gains/losses, and before provision for the final dividend.

Dear Sir,

Financial Results and Dividend Announcement
for the Financial Year Ended 30 June 2018

The Directors make the following report concerning the company's performance and final dividend:-

Operating Profit and Realised Capital Gains

Profit after income tax for the year ended 30 June 2018 was \$47,767,772 (last year: \$44,086,600). The profit includes special dividends received after tax of \$659,574 (last year: \$435,000).

The profit includes special dividends and capital gains distributed from managed funds in which the Company invests of \$2,470,712 (prior year \$1,656,151). Excluding these items profit after tax rose 6.8%*.

Net realised gains on the Company's direct investment portfolio after tax were \$1,953,927 (last year \$2,633,910), which under accounting standards are transferred directly to the Asset Realisation Reserve and not included in Net Profit.

Earnings Per Share

Earnings per share based on the weighted average number of shares on issue for the year were 38.6 cents, a rise of 8.1%. Excluding special dividends and capital gains received as income, earnings per share rose 6.4% to 36.5 cents*.

The weighted average number of ordinary shares for the year was 123,869,817 compared to 123,557,412 last year, taking into account the shares issued on the dividend re-investment plan, an increase of 0.3%.

Dividends

The Directors also announce a final dividend of 19.0 cents per share fully franked at 30% to shareholders registered on 4 September 2018, to be paid on 21 September 2018. The comparable 2017 final dividend was 18.5 cents per share fully franked at 30%. Together with the interim dividend of 16.0 cents per share, total dividends for the year are 35.0 cents per share fully franked (last year 34.0 cents).

This is the 25th consecutive year in which the Company has increased or maintained its dividend.

* Additional non IFRS information.

- 2 -

LIC Capital Gains

The final dividend will not include any Listed Investment Company capital gain dividend.

Dividend Reinvestment Plan

The Company operates a Dividend Reinvestment Plan ("DRP") under which shareholders may elect to have all or part of their dividend payment reinvested in new ordinary shares. Pricing of the new DRP shares will be at the volume weighted average selling price of shares traded on the Australian Securities Exchange in the five days beginning from the day the shares begin trading on an ex dividend basis, without any discount. The last day for the receipt of an election notice for participation in the plan is 5 September 2018.

Asset Backing

The net tangible asset backing per share based on the market valuation of investments was \$9.21 at 30 June 2018 and \$9.36 at 31 July 2018. These calculations are after tax on net realised gains, before any future tax benefit of net realised losses, before estimated tax on net unrealised gains and losses, and before provision for the final dividend.

The Company is a long term investor and does not intend disposing of its total portfolio. If estimated tax on unrealised net portfolio gains were to be deducted, the above figures would be \$7.91 at 30 June 2018 and \$8.01 at 31 July 2018.

Performance

The Company's net asset backing accumulation performance for the year to 30 June 2018 was a rise of 11.8% while the S&P/ASX 200 Accumulation Index rose 13.0% over the same period. The Company's returns are after tax and expenses and the impact of the Company's gearing for which no allowance is made in the S&P/ASX Index.

Including the benefit of franking credits for shareholders who can fully utilise them, the Company's accumulation return for the year to 30 June 2018 was a rise of 13.5% compared to a rise of 14.6% in the S&P/ASX 200 Franking Credit Adjusted Index.

Performance for the year was solid in light of the environment. The financial year was a period of high absolute returns for the ASX 200 index which was up 13% on an accumulation basis. The Company takes a long term conservative approach to investing and was underweight a number of the very highly valued stocks, and the speculative sectors which significantly outperformed the broader market such as the small and mid-cap resources sectors which rose over 40% for the year.

The Company's relative performance for the year was assisted by overweight allocations to the Energy sector and underweight Telecommunications, but was held back by diversified financials stocks and the underweight allocation to the strong metals and mining sector.

Operating expenses (excluding interest) were 0.09% of the average market value of the portfolio (last year: 0.10%). Including the management fees of the Small Cap Managed Funds in which the Company is invested, the expense ratio was 0.10% (last year: 0.10%).

Annual General Meeting

The Annual General Meeting of the Company will be held on Tuesday, 16 October 2018 at 11.00 am at the offices of Evans & Partners, Mayfair Building, 171 Collins Street, Melbourne.

Directors' Report (Continued)

Company Secretary

Andrew Hancock FCA, B.Ec (Mon), Grad. Dip. CDP (RMIT)
Company Secretary, Appointed October 1995

Mr Hancock is also the Company Secretary of Diversified United Investment Ltd (since 1991), has served as Chairman and is currently Secretary of the Australian Listed Investment Companies Association and is Chairman or a director of a number of private investment companies.

Operating and Financial Review

The principal activity of the Company is that of an investment company which seeks, through a portfolio of securities predominantly comprising shares of companies listed on the ASX, to provide income and capital appreciation over the longer term. There has been no significant change in the nature of the Company's activities during the financial year.

For the year ended 30 June 2018 the profit after income tax was \$47,767,772 compared to \$44,086,600 in the previous year – an increase of 8.3%. Special dividends received and capital gains distributed from managed funds during the 2018 year were \$2,470,712 (2017: \$1,656,151). Excluding these items, operating profit increased 6.8%.

The weighted average number of ordinary shares for the year was 123,869,817 compared to 123,557,412 in the previous year, an increase of 0.3%.

The earnings per share were 36.5 cents per share excluding special dividends and capital gains received (2017: 34.3 cents) or were 38.6 cents per share including special dividends and capital gains (2017: 35.7 cents). The Company incurred expenses (excluding finance costs) of \$1,155,585 (2017: \$1,110,018) which is equivalent to 0.09% (2017: 0.10%) of the average market value of the portfolio. Including the management fees of the Small Cap Managed Funds in which the Company invested, the expense ratio was 0.10% (2017: 0.10%).

Bank borrowings facilities were \$150 million, drawn as to \$130 million at the end of the financial year (previous year \$130 million, drawn as to \$130M) gearing the investment portfolio by 10.2%. Cash on hand, cash deposits and net short term receivables were \$39 million or 3.0% of the investment portfolio at market values (2017: \$53 million, 4.5%). Annual interest expense was covered 10.5 times by investment revenue (2017: 10.1 times).

As at 30 June 2018 the Company's portfolio had a market value (including cash and net receivables) of \$1,273,659,349 (2017: \$1,191,370,451). A list of the Company's top 25 investments is set out in note 23 to the financial statements. The net tangible asset backing of the Company's ordinary shares at 30 June 2018 was \$9.21 (2017: \$8.57). This net tangible asset backing calculation is based on investments at market value and is after tax on net realised gains, before any future tax benefit of net realised losses, before estimated tax on net unrealised gains and losses, and before the Company's final dividend. The Company is a long term investor and does not intend disposing of its portfolio. However, if estimated tax on net unrealised portfolio gains were to be deducted, the net tangible asset backing would be \$7.91 (2017: \$7.46).

During the year the accumulation performance of the Company's net asset backing (before provision for tax on unrealised gains) was an increase of 11.8%, compared to the S&P/ASX 200 Accumulation Index increase of 13.0%.

AUSTRALIAN UNITED INVESTMENT COMPANY LIMITED

Directors' Report (Continued)

Remuneration report (audited) (continued)

Remuneration levels are competitively set to attract and retain appropriately qualified and experienced directors. The Nomination and Remuneration Committee may seek independent advice on the appropriateness of remuneration packages, given trends in comparative companies and in light of Company activity and changing responsibilities. The remuneration structures are designed to attract suitably qualified candidates, and for the broader outcome of increasing the Company's net profit. Directors' fees are fixed and reviewed annually and the maximum total of directors' fees is set by the shareholders in annual general meeting.

Directors' fees are fixed and not conditional on the Company's performance. However, consideration of the Company's performance and benefits for shareholder wealth in respect of the current financial year and the previous four financial years include:

	2018	2017	2016	2015	2014

Each director has entered into a Deed of Access, Indemnity and Insurance with the Company and is covered by the Company's Directors and Officers Liability Insurance. Refer to Note 15 of the financial statements for information relating to the insurance. No director has entered into a material contract with the Company since the end of the previous financial year and there were no other material contracts involving directors' interests existing at year end.

The Company Secretary, Mr Andrew J Hancock, received \$123,000 (2017: \$120,000) for services provided to the Company.

Non-audit services

During the year KPMG, the Company's auditor, has provided taxation services in addition to their statutory duties. They received fees of \$10,148 for these services including GST.

The board has considered the non-audit services provided during the year by the auditor and in accordance with written advice provided by resolution of the audit committee, is satisfied that the provision of those non-audit services is compatible with, and did not compromise, the auditor independence requirements of the Corporations Act 2001 for the following reasons:

- all non-audit services were subject to the corporate governance procedures adopted by the Company and have been reviewed by the Audit and Risk Management Committee to ensure they do not affect the integrity and objectivity of the auditor; and

AUSTRALIAN UNITED INVESTMENT COMPANY LIMITED

Directors' Report (Continued)

Non-audit services (continued)

- the non-audit services provided do not undermine the general principles relating to auditor independence as set out in Professional Statement F1 Professional Independence, as they did not involve reviewing or auditing the auditor's own work, acting in a management or decision making capacity for the Company, acting as an advocate for the Company or jointly sharing risks and rewards.

State of Affairs

In the opinion of the directors, there were no significant changes in the state of affairs of the Company that occurred during the financial year under review.

Environmental Regulation

The Company's operations are not subject to any significant environmental regulations under either Commonwealth or State legislation.

Events Subsequent to Balance Date

There has not arisen in the interval between the end of the financial year and the date of this report any item, transaction or event of a material and unusual nature, likely, in the opinion of the directors of the Company, to affect significantly the operations of the Company, the results of those operations, or the state of affairs of the Company, in future financial years.

Likely Developments

The directors do not anticipate any particular developments in the operations of the Company which will affect the results of future financial years other than the value of the investment portfolio is expected to fluctuate broadly in line with market movements.

Indemnification

Details of directors' indemnification are set out in Note 15 to the financial statements.

Lead Auditor's Independence Declaration under Section 307C of the Corporations Act 2001

The lead auditor's independence declaration is set out on page 8 and forms part of the Directors' Report for the year ended 30 June 2018.

Signed in accordance with a resolution of the Directors, for and on behalf of the board.

AUSTRALIAN UNITED INVESTMENT COMPANY LIMITED

Notes to the Financial Statements for the year ended 30 June 2018

1. Statement of Significant Accounting Policies

Australian United Investment Company Limited (the 'Company') is a for-profit Company domiciled in Australia.

The financial report was authorised for issue by the directors on 14 August 2018.

(a) Statement of compliance

This financial report is a general purpose financial report which has been prepared in accordance with Australian Accounting Standards (AASBs) (including Australian Interpretations) adopted by the Australian Accounting Standards Board (AASB) and the Corporations Act 2001. The financial report of the Company complies with International Financial Reporting Standards (IFRSs) and interpretations adopted by the International Accounting Standards Board (IASB).

(b) Basis of preparation

The financial report is presented in Australian dollars. The accounting policies set out below have been applied consistently to all periods presented in these financial statements.

The Company has early adopted AASB 9 Financial Instruments with initial application from 7 December 2009 (being the earliest available date of application). The Company has not applied any other Australian Accounting Standards that have been issued as at balance date but are not yet operative for the year ended 30 June 2018 ("the inoperative standards"). The effect of inoperative standards has been assessed and the effect has been identified as not being material.

AASB 15 Revenue from Contracts with Customers is applicable for the year ending 30 June 2019. The Company has assessed the impact of the new standard and has determined that it will have no impact on the accounting for the Company's revenue.

AASB 16 Leases is applicable for the year ending 30 June 2020. The Company has assessed the impact of the new standard and has determined that it will not have a material impact to the Company's financial statements.

The financial report is prepared on a historical cost basis except that the investment portfolio is stated at its fair value.

The preparation of financial statements requires management to make judgements, estimates and assumptions that effect the application of accounting policies and reported amounts of assets, liabilities, income and expenses.

(c) Investments

The Company is a long term investor. Under Australian Accounting Standards, the Company has elected to classify equity investments at fair value through other comprehensive income, as they are not held for trading. After initial recognition at fair value (being cost), investments are measured at fair value.

Unrealised gains or losses on equity investments are recognised as a separate component of equity in the Asset Realisation Reserve until the investment is sold, collected or otherwise disposed of, at which time the cumulative gain or loss is transferred to the Asset Realisation Reserve.

AUSTRALIAN UNITED INVESTMENT COMPANY LIMITED

Notes to the Financial Statements for the year ended 30 June 2018

1. Statement of Significant Accounting Policies (continued)

(c) Investments (continued)

The Company derecognises an investment when it is sold or it transfers the investment and the transfer qualifies for derecognition in accordance with AASB 9. Upon derecognition, unrealised gains/losses net of tax relating to the investment are transferred from the Revaluation Reserve to the Realisation Reserve.

Interest bearing investments are recognised at fair value and then measured at amortised cost. Amortised cost is calculated with any difference between cost and redemption value being recognised in the income statement over the period of the investment on an effective interest basis.

(d) Revenue from investment portfolio

The activity of the Company is that of an investment company, returns being in the form of dividends, interest, trust income and option premiums. Dividend income is recognised in the income statement at ex-dividend date and all other income is recognised on an accruals basis. Special dividends are those dividends received which have been designated as special and non-recurring by the declaring company.

The managed funds in which the Company invests distribute realised capital gains from time to time and these are included in operating revenue, as required under accounting standards.

The Company may write covered call options where it is prepared to sell or reduce an investment at prices higher than current market. Open options contracts are marked to market through the profit and loss account.

(e) Taxation

The income tax expense or revenue for the period is the tax payable or receivable on the current period's taxable income based on the company tax rate adjusted by changes in deferred tax assets and liabilities which arise from items being brought to account in different periods for income tax and accounting purposes.

The expected tax on disposal of equity securities in the investment portfolio is recognised directly in the Asset Realisation Reserve and as a deferred tax liability. Where the Company disposes of such securities, tax is calculated on gains made according to the particular parcels allocated to the sale for tax purposes and offset against any capital losses carried forward. At this time, the tax recognised directly in the Revaluation Reserve is transferred to the Realisation Reserve. The associated deferred tax liability is similarly adjusted and transferred to current tax payable.

A deferred tax asset is recognised only to the extent that it is probable that future taxable profits will be available against which the asset can be utilised. Deferred tax assets are reduced to the extent that it is no longer probable that the related tax benefit will be realised.

(f) Interest bearing borrowings

Interest bearing borrowings are recognised initially at fair value less attributable transaction costs. Subsequent to initial recognition, interest bearing borrowings are stated at amortised cost with any difference between cost and redemption value being recognised in the income statement over the period of the borrowing on an effective interest basis.

6. Dividends

	2018	2017
	\$	\$
Dividends recognised in the current year by the Company are:		
(i) 2017 final dividend of 18.5 cents per share (2017: 18.5 cents) fully franked paid 22 September 2017	22,884,704	22,823,692
(ii) 2018 interim dividend of 16.0 cents per share (2017: 15.5 cents) fully franked paid 17 March 2018	19,818,119	19,150,971
	<u>42,702,823</u>	<u>41,974,663</u>

Since 30 June 2018, the directors have declared the following dividend payable on 21 September 2018:

Final dividend of 19.0 cents per share fully franked (2017: 18.5 cents)	23,561,229	22,884,991
---	------------	------------

The final dividend will not contain a Listed Investment Company (LIC) capital gain dividend (2017: nil).

The financial effect of this dividend has not been brought to account in the financial statements for the year ended 30 June 2018.

Dividend Franking Account:

The balance of the Franking Account at 30 June 2018 is \$42,479,883 (2017: \$42,080,133) after adjusting for:

- (a) franking credits that will arise from any current income tax liability;
- (b) franking credits that will arise from the receipt of dividends recognised as receivables at year-end.

After allowing for the final 2018 dividend, which is not provided for in the 30 June financial statements, the balance of the franking account would be \$32,382,214 (2017: \$32,272,280). The ability to utilise the franking credits is dependent upon the ability of the Company to declare dividends.

Listed Investment Company (LIC) Capital Gain Account:

The balance of the LIC Capital Gain Account at 30 June 2018 was \$372,101 (2017: \$372,101). When distributed, LIC capital gains may entitle certain shareholders to a special deduction in their taxation return, as set out in the relevant dividend statement.

(b) Nature and Purpose of Reserves

Revaluation Reserve

Increments or decrements on the revaluation of long term equity investments after provision for deferred tax are recorded in this reserve. When an investment has been sold or de-recognised, realised gains or losses (after tax) are transferred from the Revaluation Reserve to the Realisation Reserve.

Realisation Reserve

The realisation reserve records realised gains and losses (after tax) from the sale of investments in equities which are transferred from the Revaluation Reserve.

17. Capital Management

The Company's objective in managing capital is to continue to provide shareholders with dividends and capital appreciation over the longer term.

The Company's assets will fluctuate in accordance with prevailing market movements, and it may adjust the amount of dividends paid, issue new shares or sell assets to reduce debt.

The Company is not subject to any externally imposed capital requirements.

AUSTRALIAN UNITED INVESTMENT COMPANY LIMITED

Notes to the Financial Statements for the year ended 30 June 2018

18. Financial Risk Management

AASB 7 – Financial Instruments: Disclosures identifies three types of risk associated with financial instruments (i.e. investments, receivables, payables and borrowings).

The Company has exposure to the following risks from its use of financial instruments:

- credit risk;
- liquidity risk; and
- market risk.

The Board of Directors has overall responsibility for the establishment and oversight of the risk management framework, and receives advice from the Audit and Risk Management Committee.

Credit Risk

Credit risk is the risk that one party to a financial instrument will cause a financial loss for the other party by failing to discharge an obligation. The credit risk exposure of the Company lies principally in its cash and receivables to the extent of their carrying values and any accrued unpaid interest. Refer Notes 7 and 16.

Cash

The Company invests in cash management units with the MF Cash Management Fund and cash deposits with Australian banks, with a direct or underlying AA- credit rating assigned by Standard & Poor's, being a Recognised Rating Agency.

Receivables

Receivables are non-interest bearing and represent dividends, proceeds of sales and distributions yet to be received. The credit risk exposure of the Company in relation to receivables is the carrying amount.

Given the nature of the counterparties with which the Company deals, management does not expect any counterparty to fail to meet its obligations. Additionally, none of these assets are overdue or considered to be impaired.

Liquidity Risk

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they fall due.

The Company's approach to managing liquidity is to ensure that it will always have sufficient liquidity to meet its liabilities as they fall due. The Company monitors its cash flow requirements and ensures that it has cash or access to sufficient borrowing facilities or liquid securities to meet all its financial obligations as they fall due.

Bank borrowings were \$130 million at the end of the financial year (previous year \$130 million) gearing the investment portfolio by 10.2% (previous year 10.9%). The Company has interest bearing loan facilities in place with the National Australia Bank which include both fixed and floating rate components. These facilities expire on various intervals through to 31 July 2023, unless renewed. Annual interest expense during the year was covered 10.5 times by investment revenue (previous year 10.1 times).

The major cash inflows for the Company include dividends, distributions and sales proceeds received. The major cash outflows are the purchase of securities, interest expense and dividends paid to shareholders, which are able to be managed by the Company. The Company's investments are quoted on a prescribed stock exchange and are able to be realised if required.

18. Financial Risk Management (continued)

Market Risk

Market risk is the risk that changes in market prices such as foreign exchange rates, interest rates and equity prices will affect the Company's income and the value of its holdings of financial instruments.

Inherently, the Company is not free of market risk as it invests in securities whose market prices can fluctuate.

Based on a tax rate of 30% (2017: 30%), a general movement in market prices of 5% and 10% would lead to a change in the Company's equity of \$43,199,940 or 4.4% (2017: \$39,834,235, or 4.3%) and \$86,399,879 or 8.8% (2017: \$79,668,469, or 8.6%) respectively, after tax.

Market risk is managed by ensuring that the Company's investment portfolio is not overly exposed to one Company or one particular sector. The relative weightings of the individual securities and the relevant market sectors are reviewed by the Board at each Director's meeting.

The Company also has exposure to interest rate risk on its borrowings as detailed in Note 19, which is minimised through conservative levels of gearing and ensuring that there is appropriate interest cover at all times.

All of the Company's investments are quoted in Australian dollars therefore avoiding any direct exposure to currency risk. Nevertheless, a number of the underlying investee companies' businesses may have currency risk exposures.

Net Fair Values of Financial Assets and Liabilities

Valuation Approach

Net fair values of financial assets and liabilities are determined by the Company on the following basis:

Recognised Financial Instruments

Listed securities included in "Investments" are readily traded on organised markets in a standardised form. The net fair value of listed securities is determined by valuing them at the last quoted market price as at balance date. In accordance with Australian Accounting Standards, this is considered "level 1" under the fair value measurement hierarchy, which is defined as quoted prices (unadjusted) in active markets for identical assets or liabilities. The net fair value of unlisted managed funds is determined by valuing them at the net asset value provided by the fund manager as at balance date. Unlisted managed funds included in "Investments" are considered "level 2" under the fair value measurement hierarchy, which is defined as inputs other than quoted prices, which can be observed either directly (as prices) or indirectly (derived from prices). Level 2 investments comprised \$19,508,185 (2017: \$18,096,581). The net fair value of investments is set out in notes 8 and 23.

For all other financial assets and liabilities, the carrying amount closely approximates its fair value.

20. Contingent Liabilities and Capital Commitments

There were no contingent liabilities or capital commitments as at 30 June 2018.

21. Segment Reporting

The Company operates as an investment company in Australia.

22. Events Subsequent to Balance Date

There has not arisen in the interval between the end of the year and the date of this report any item, transaction or event of a material and unusual nature, likely, in the opinion of the directors of the Company, to affect significantly the operations of the Company, the results of those operations, or the state of affairs of the Company, in future financial periods.

Independent Auditor's Report

To the members of Australian United Investment Company Limited

Report on the audit of the Financial Report

Opinion

We have audited the **Financial Report** of Australian United Investment Company Limited (the Company).

In our opinion, the accompanying Financial Report of the Company is in accordance with the *Corporations Act 2001*, including:

- giving a true and fair view of the **Company's** financial position as at 30 June 2018 and of its financial performance for the year ended on that date; and
- complying with *Australian Accounting Standards* and the *Corporations Regulations 2001*.

The Financial Report comprises:

- Balance Sheet as at 30 June 2018
- Statement of profit or loss and other comprehensive income, Statement of changes in equity, and Statement of cash flows for the year then ended
- Notes including a summary of significant accounting policies
- Directors' Declaration.

Basis for opinion

We conducted our audit in accordance with *Australian Auditing Standards*. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Our responsibilities under those standards are further described in the *Auditor's responsibilities for the audit of the Financial Report* section of our report.

We are independent of the Company in accordance with *the Corporations Act 2001* and the ethical requirements of the *Accounting Professional and Ethical Standards Board's APES 110 Code of Ethics for Professional Accountants* (the Code) that are relevant to our audit of the Financial Report in Australia. We have fulfilled our other ethical responsibilities in accordance with the Code.

Key Audit Matters

The **Key Audit Matters** we identified are:

- Valuation and existence of the investment portfolio
- Completeness of the deferred tax liability

Key Audit Matters are those matters that, in our professional judgement, were of most significance in our audit of the Financial Report of the current period.

These matters were addressed in the context of our audit of the Financial Report as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Valuation and existence of investment portfolio (\$1,234,283,989)

Refer to Note 8 - Investments

The key audit matter

The Company's investment portfolio is \$1,234,283,989 which constitutes 97% of the Company's total assets as at 30 June 2018.

We do not consider the fair value of the investment portfolio to be judgemental in nature as it is mostly comprised of equity securities listed on the Australian Securities Exchange. However, due to the size of the investment portfolio, valuation and existence is considered a key audit matter. It is an area which had the greatest effect on our overall audit strategy and allocation of time and resources in planning and completing our audit.

How the matter was addressed in our audit

Our procedures included:

- Documenting and assessing the processes and key controls in place to buy and sell investments in the portfolio, including the process to value investments within the portfolio;
- Assessing the valuation of a sample of investments by comparing the valuation to publicly quoted prices;
- For a sample of investments, comparing the number of shares or units held to third party share or unit registry records; and
- Performing a recalculation of the total value of investments based on the last quoted market price.

Completeness of Deferred tax liability (\$161,387,381)

Refer to Note 4 - Taxation

The key audit matter

The Company's deferred tax liability is \$161,387,381 which constitutes 55% of the Company's total liabilities as at 30 June 2018.

The deferred tax liability relates to the expected tax on disposal of investments in the investment portfolio and is recognised in equity and as a

How the matter was addressed in our audit

Our procedures included:

- Involving our tax specialists, evaluating the reconciliation of the opening to closing deferred tax balances;
- Recalculating the deferred tax liability, including checking the valuation and accuracy of the market value of the investment portfolio and checking the tax base to the Company's investment register;

deferred tax liability. The deferred tax liability is determined as the tax effect, applying a 30% corporate tax rate, of the difference between the carrying amount of the investment portfolio as per the financial statements and the tax base recorded.

The Company's deferred tax assets are set off against the deferred tax liability arising on the unrealised gains on the investment portfolio in the Balance Sheet.

The completeness of the deferred tax liability is a key audit matter given it represents a significant portion of the total liabilities of the Company and involved the use of senior audit team members, including tax specialists.

- Recalculating the closing tax cost base by adding the total purchases and sales for the year, stated at their tax cost base, to the opening balance of the investment portfolio and reconciling this to the Company's portfolio valuation report; and
- Assessing whether the tax effects of significant events such as corporate actions, such as fair value or tax base adjustments, have been appropriately identified, calculated and recorded.

Other Information

Other Information is financial and non-financial information in Australian United Investment Company Limited's annual reporting which is provided in addition to the Financial Report and the Auditor's Report. The Directors are responsible for the Other Information.

Our opinion on the Financial Report does not cover the Other Information and, accordingly, we will not express an audit opinion or any form of assurance conclusion thereon, with the exception of the Remuneration Report and our related assurance opinion.

In connection with our audit of the Financial Report, our responsibility is to read the Other Information. In doing so, we consider whether the Other Information is materially inconsistent with the Financial Report or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

We are required to report if we conclude that there is a material misstatement of this Other Information, and based on the work we have performed on the Other Information that we obtained prior to the date of this Auditor's Report we have nothing to report.

Responsibilities of the Directors for the Financial Report

The Directors are responsible for:

- preparing the Financial Report that gives a true and fair view in accordance with *Australian Accounting Standards* and the *Corporations Act 2001*
- implementing necessary internal controls to enable the preparation of a Financial Report that gives a true and fair view and is free from material misstatement, whether due to fraud or error
- assessing the Company's ability to continue as a going concern. This includes disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless they either intend to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the Financial Report

Our objective is:

- to obtain reasonable assurance about whether the Financial Report as a whole is free from material misstatement, whether due to fraud or error; and
- to issue an Auditor's Report that includes our opinion.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with *Australian Auditing Standards* will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error. They are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the Financial Report.

A further description of our responsibilities for the audit of the Financial Report is located at the *Auditing and Assurance Standards Board* website at: http://www.auasb.gov.au/auditors_responsibilities/ar2.pdf.

This description forms part of our Auditor's Report.

Report on the Remuneration Report

Opinion

In our opinion, the Remuneration Report of Australian United Investment Company Limited for the year ended 30 June 2018, complies with *Section 300A of the Corporations Act 2001*.

Directors' responsibilities

The Directors of the Company are responsible for the preparation and presentation of the Remuneration Report in accordance with *Section 300A of the Corporations Act 2001*.

Our responsibilities

We have audited the Remuneration Report included in pages 5 to 6 of the Directors' report for the year ended 30 June 2018.

Our responsibility is to express an opinion on the Remuneration Report, based on our audit conducted in accordance with *Australian Auditing Standards*.
