## MANNAR ISLAND MINERAL SANDS PROJECT

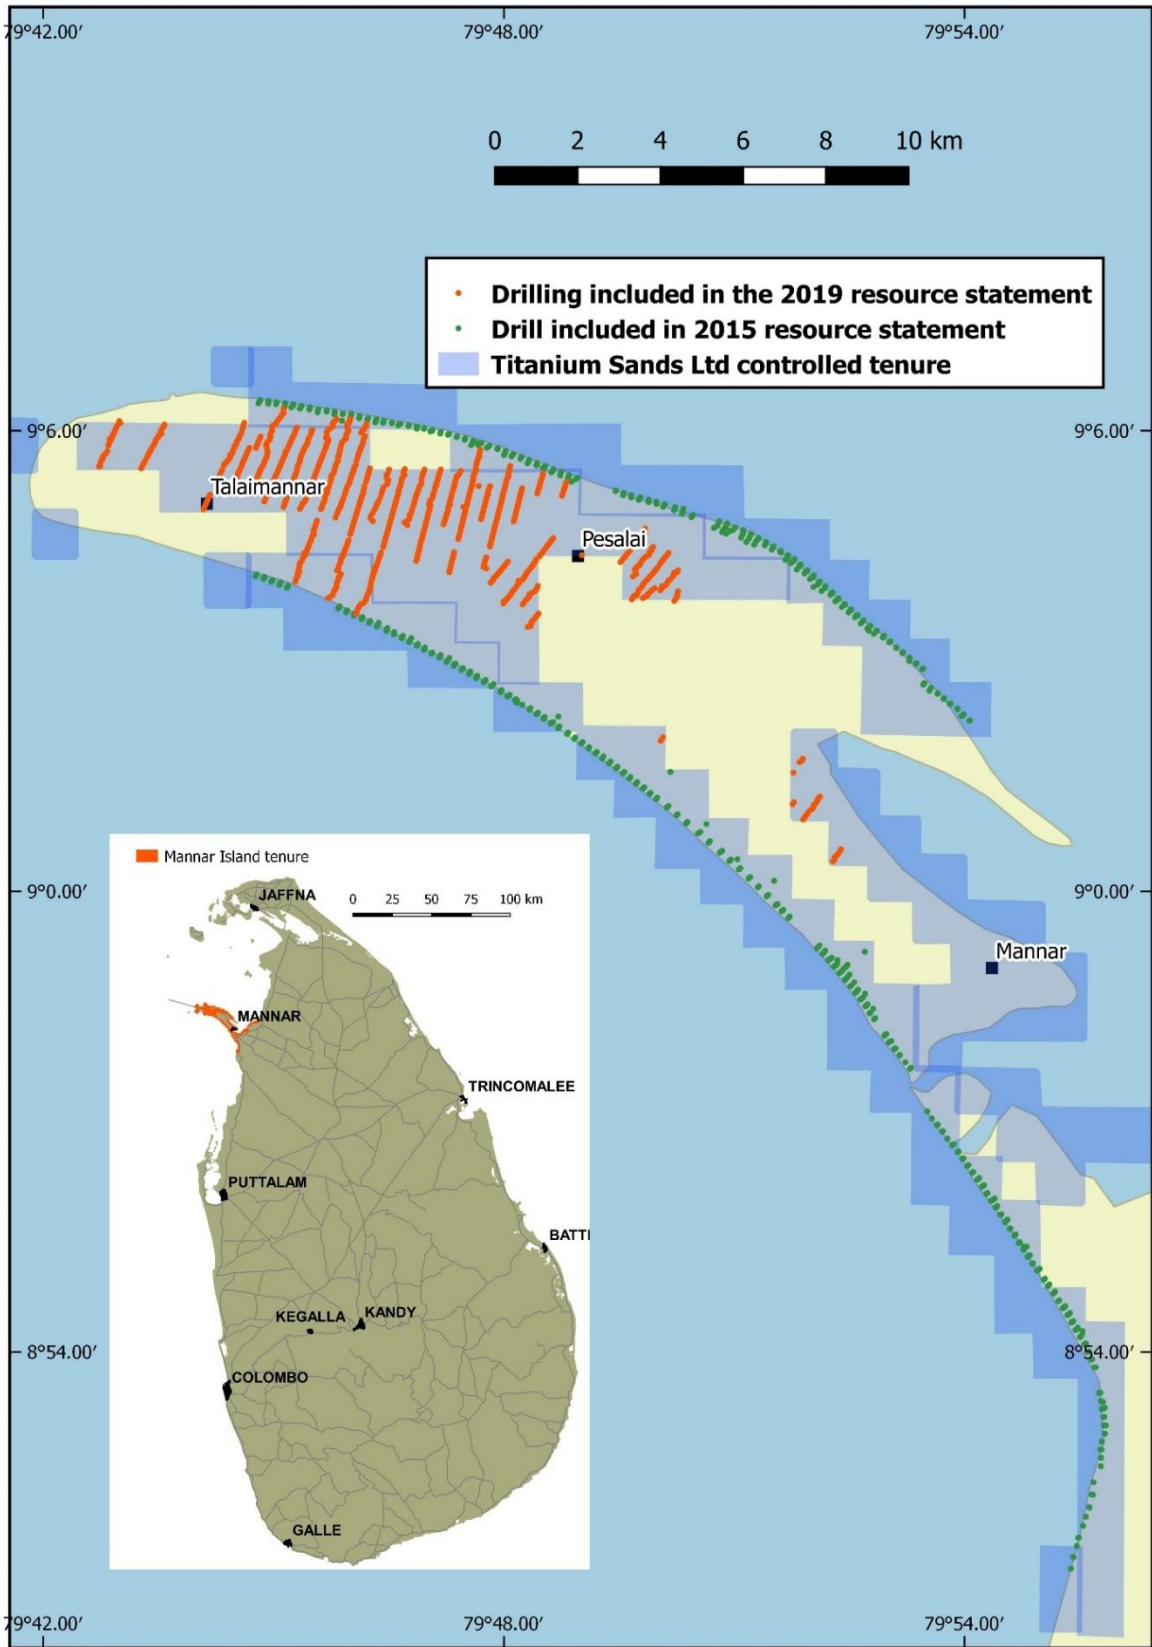

### SRI LANKA SITUATION

Eight co-ordinated bomb attacks on hotels and churches in Colombo and elsewhere in Sri Lanka have occurred on Sunday 21<sup>st</sup> of April 2019 with significant loss of life and many injuries. The Sri Lankan Prime Minister has appealed for calm in the immediate aftermath of the attacks as rescue, medical and security personnel deal with the situation. A clearer picture will emerge over the coming days.

Daily life in Colombo particularly will be disrupted for the immediate future as the authorities and all Sri Lankans deal with these tragic events. However air travel to and from Sri Lanka has resumed after a brief interruption. None of the attacks have occurred near Titanium Sands Mannar Island Project in the north west of Sri Lanka, consequently our site operations will continue as planned.

Titanium Sands Ltd extends the deepest sympathy to those affected in Sri Lanka.
