## NOTICE OF INTENT TO MINE - UPDATE

Following shareholder and investor queries Korab Resources Ltd ("**Korab**", or "**Company**") (ASX: **KOR**) would like to provide the following update regarding the Notice of Intent to mine (NOI) for the Winchester magnesium carbonate project located near Darwin in the Northern Territory.

The Company is pleased to advise that it has received feedback from the review of the NOI by the parties assisting the Company.

The company is currently putting through the suggested changes and adding suggested additional information to the NOI. Following the completion of this process, NOI will be forwarded for further review by the parties assisting the Company prior to its lodgment with the NTEPA.

Getting the NOI to the stage where it is lodged with the NTEPA is a complex process incorporating review of reports and information generated by multiple third parties. It is a time consuming process and it is taking longer than originally anticipated. The Company is progressing this process as rapidly as possible. The Company will advise the market when the NOI has been lodged with the NTEPA.

### ABOUT KORAB RESOURCES

Korab Resources Ltd is an international mining and exploration company with operations in Australia and Europe. Korab's projects include Winchester magnesium carbonate deposit at Batchelor in the Northern Territory of Australia, Geolsec phosphate rock deposit also at Batchelor, and other gold, silver, copper, cobalt, nickel, and polymetallic projects in Australia and overseas. More information about Korab's projects can be sourced from Korab's website at [www.korab.com.au](http://www.korab.com.au). Korab's shares are traded on Australian Securities Exchange (ASX) and on the Berlin Stock Exchange (Berliner Börse) through Equiduct electronic trading platform.

### DISCLAIMER AND CAUTIONARY STATEMENT

Forward-looking statements are statements that are not historical facts. Words such as "expect(s)", "expected", "feel(s)", "believe(s)", "will", "may", "anticipate(s)", "should", "envisage(s)" and similar expressions are intended to identify such forward-looking information. This information includes, but is not limited to statements regarding future exploration results, resources, or reserves, and production. Anyone reading this report is cautioned not to place undue reliance on these forward-looking statements. All of such statements are subject to risks and uncertainties (many of which are difficult to predict and which generally are beyond the control of the Company) that could cause actual results to differ materially from those expressed in, or implied or projected by, the forward-looking information and statements. These risks and uncertainties include, but are not limited to: those relating to the interpretation of exploration results (including drill results), the geology, grade and continuity of mineral deposits and conclusions of economic evaluations; risks relating to possible variations in reserves, grade, mining dilution, ore loss, and recovery rates; risks relating to changes in project financial and technical parameters; risks relating to the potential for delays in exploration programs, project evaluation/review, completion of feasibility studies and project development; risks related to commodity prices and foreign exchange rate fluctuations; risks related to failure to secure adequate financing on a timely basis and on acceptable terms; risks related to delays in obtaining
