### Present Application

Company's financing proposal involves the issue of \$400,000 convertible notes to a substantial shareholder and current CEO - substantial holder and CEO obtaining security for monies owing by the company in the form of fixed and floating charges over the assets of the Company - substantial holder or CEO not entitled under security to acquire the asset without Company first complying with relevant listing rules, including listing rule 10.1-- exclusion of the substantial holder or CEO from acquiring or dealing with the asset removes the potential for the substantial holder to acquire the asset at a discount to its value - purpose of listing rule 10.1 achieved.
