<b>Basis For Decision</b>	<p><b>Underlying Policy</b>  If a notice of meeting states that an entity will do something that the listing rules require it to do, the entity must do that thing - supports listing rule requirements.</p> <p><b>Present Application</b>  New Options to be issued to a number of former option holders, including directors, pursuant to a prospectus, with shareholder approval - approval given by shareholders on 30 June under listing rule 10.11 to issue the New Options to directors within 1 month of shareholder meeting - administrative oversight caused application for quotation not to be made within 7 days of date of prospectus - issue cannot be completed until relief from s. 723 of Corporations Act obtained - will delay completion of issue to later than 1 month of shareholder approval - directors' New Options cannot be granted until relief provided by ASIC - - ASIC relief requires compliance with 1 month withdrawal period after issue of supplementary prospectus - supplementary prospectus lodged 6 August - waiver granted to allow additional time to complete issue to directors - delay in issue of New Options caused by administrative/legal issues arising from failure to lodge application for quotation within statutory timeframe - terms of issue do not change - unlikely to be any undue benefit to related parties arising from delay .</p>
