<b>Rule Number</b>	1.1 condition 12
<b>Date</b>	16/10/2019
<b>ASX Code</b>	DTC
<b>Listed Company</b>	DAMSTRA HOLDINGS LIMITED
<b>Waiver Number</b>	WLC190355-001
<b>Decision</b>	1. Based solely on the information provided, ASX Limited ('ASX') grants Damstra Holdings Limited ('DTC') a waiver from listing rule 1.1 condition 12 to the extent necessary to permit DTC to have on issue 1,876,657 Pre-IPO Options ("Pre-IPO Options") with a nil exercise price.
<b>Basis For Decision</b>	<p><b>Underlying Policy</b>            If an entity seeking admission to the official list has options or performance rights on issue, the exercise price for each underlying security must be at least 20 cents in cash. This rule supports listing rule 2.1 condition 2 which requires the issue price or sale price of all the securities for which an entity is seeking quotation (except options) upon admission to the official list to be at least 20 cents in cash. These requirements together support the integrity of the ASX market, as they demonstrate that the entity's ordinary securities have a minimum value suitable for a listed entity.</p> <p><b>Present Application</b>            DTC has applied for admission to the official list of ASX. DTC will have on issue unquoted 1,876,657 Pre-IPO Options with a nil exercisable price issued to certain directors and senior executives under an Equity Incentive Plan at the time of listing. The Pre-IPO Options will represent approximately 0.03% of DTC's issued capital on an undiluted basis on listing. A summary of the terms of the Pre-IPO Options have been disclosed in the Prospectus and the full terms of the Equity Incentive Plan will be released as pre-quotation disclosure. The waiver is granted on the basis that the options will represent a small proportion of DTC's issued capital on an undiluted basis post admission to ASX. The percentage on a post admission basis is not considered material and the existence of the Pre-IPO Options will not undermine the integrity of the 20 cent rule.</p>

<b>Rule Number</b>	1.1 condition 12
<b>Date</b>	22/10/2019
<b>ASX Code</b>	ITG
<b>Listed Company</b>	INTEGA GROUP LIMITED
<b>Waiver Number</b>	WLC190370-001
<b>Decision</b>	1. Based solely on the information provided, ASX Limited ('ASX') grants Intega Group Limited ('ITG') a waiver from listing rule 1.1 condition 12 to the extent necessary to permit ITG to have 216,862 rights on issue with a nil exercise price.
<b>Basis For Decision</b>	<p><b>Underlying Policy</b>            If an entity seeking admission to the official list has options or performance rights on issue, the exercise price for each underlying security must be at least 20 cents in cash. This rule supports listing rule 2.1 condition 2 which requires the issue price or sale price of all the securities for which an entity is seeking quotation (except options) upon admission to the official list to be at least 20 cents in cash. These requirements together support the integrity of the ASX market, as they demonstrate that the entity's ordinary securities have a minimum value suitable for a listed entity.</p> <p><b>Present Application</b>            ITG has applied for admission to the official list of ASX. ITG will have on issue 216,862 rights with a nil exercise price issued to the chief executive officer and an employee under an equity plan at the time of listing. The rights will represent approximately 0.05% of ITG's issued capital on an undiluted basis on listing. A summary of the terms of the rights have been disclosed in ITG's information memorandum and the full terms of the equity incentive plan will be released as pre-quotation disclosure. The waiver is granted on the basis that the rights will represent a small proportion of ITG's issued capital on an undiluted basis post admission to ASX. The percentage on a post admission basis is not considered material and the existence of the performance rights will not undermine the integrity of the 20 cent rule.</p>

<b>Rule Number</b>	1.8 condition 11
<b>Date</b>	22/10/2019
<b>ASX Code</b>	TT1
<b>Listed Company</b>	TRITON TRUST NO. 8 IN RESPECT OF THE BOND SERIES 2019-2
<b>Waiver Number</b>	WLC190356-001
<b>Decision</b>	1. Based solely on the information provided, ASX Limited ('ASX') grants Perpetual Corporate Trust Limited as trustee of the Triton Trust No.8 in respect of the Bond Series 2019-2 (the 'Issuer') a waiver from condition 11 of listing rule 1.8 to the extent necessary that the Issuer's securities need not satisfy CHES requirements on condition that ASX is satisfied with the settlement arrangements that exist in relation to the Notes to be quoted on ASX.
<b>Basis For Decision</b>	<p><b>Underlying Policy</b> An entity the securities of which are to be quoted must ensure that the requirements of a clearing and settlement (CS) facility relating to an entity's securities are satisfied, except if the entity is incorporated in a jurisdiction where the entity's securities cannot be approved under the operating rules of a CS facility. This supports orderly settlement of securities quoted on the ASX market.</p> <p><b>Present Application</b> The securities of the Issuer being quoted are wholesale debt securities. The securities of the Issuer are to be settled outside of CHES via Austraclear. It is considered appropriate to grant a waiver on the condition that ASX is satisfied with the settlement arrangements that exist in relation to the debt securities to be quoted on ASX.</p>

<b>Basis For Decision</b>	<p>Underlying Policy</p> <p>Listing rule 2.1 condition 2 requires that the issue or sale price of all securities that an entity, at the time of its application for admission to the official list, seeks to have quoted must be at least 20 cents. <b>ASX Code</b>	TT1
<b>Listed Company</b>	TRITON TRUST NO. 8 IN RESPECT OF THE BOND SERIES 2019-2
<b>Waiver Number</b>	WLC190356-002
<b>Decision</b>	1. Based solely on the information provided, ASX Limited ('ASX') grants Perpetual Corporate Trust Limited as trustee of the Triton Trust No.8 in respect of the Bond Series 2019-2 (the 'Issuer') a waiver from condition 3 of listing rule 2.1 to the extent necessary that the Issuer's securities need not satisfy CHES requirements on condition that ASX is satisfied with the settlement agreements that exist in relation to the notes quoted on ASX.
<b>Basis For Decision</b>	<p><b>Underlying Policy</b> An entity the securities of which are to be quoted must ensure that the requirements of a clearing and settlement (CS) facility relating to an entity's securities are satisfied, except if the entity is incorporated in a jurisdiction where the entity's securities cannot be approved under the operating rules of a CS facility. This supports orderly settlement of securities quoted on the ASX market.</p> <p><b>Present Application</b> The securities of the Issuer being quoted are wholesale debt securities. The securities of the Issuer are to be settled outside of CHES. It is considered appropriate to grant a waiver on the condition that ASX is satisfied with the settlement arrangements that exist in relation to the debt securities to be quoted on ASX.</p>

<b>Rule Number</b>	3.10.5
<b>Date</b>	22/10/2019
<b>ASX Code</b>	TT1
<b>Listed Company</b>	TRITON TRUST NO. 8 IN RESPECT OF THE BOND SERIES 2019-2
<b>Waiver Number</b>	WLC190356-003
<b>Decision</b>	1. Based solely on the information provided, ASX Limited ('ASX') grants Perpetual Corporate Trust Limited as trustee of the Triton Trust No.8 in respect of the Bond Series 2019-2 (the "Issuer"), a waiver from listing rule 3.10.5 to the extent necessary to permit the Issuer, in respect of an issue of notes that are not to be quoted on ASX, to tell ASX but need not lodge an Appendix 3B.
<b>Basis For Decision</b>	<p><b>Underlying Policy</b> An entity must tell ASX of an issue of securities and must give ASX an Appendix 3B in respect of those securities. An entity must tell ASX if any securities are restricted securities or subject to voluntary escrow. This disclosure maintains an informed market.</p> <p><b>Present Application</b> The securities of the Issuer being quoted are wholesale debt securities. The Issuer issues other debt securities that are not to be quoted on ASX. With respect to an issue of debt securities not quoted on ASX, the entity has to tell ASX but does not have to lodge an Appendix 3B. The information required by an Appendix 3B would not be relevant for an issue of such securities. The entity must still notify ASX of an issue of debt securities to be quoted on ASX and lodge an Appendix 3B in order to maintain an informed market.</p>

<b>Rule Number</b>	6.23.2
<b>Date</b>	29/10/2019
<b>ASX Code</b>	KKT
<b>Listed Company</b>	KONEKT LIMITED
<b>Waiver Number</b>	WLC190373-001
<b>Decision</b>	<p>1. Based solely on the information provided, ASX Limited ('ASX') grants Konekt Limited (the 'Company') a waiver from listing rule 6.23.2 to the extent necessary to permit the Company to cancel for consideration, and without security holder approval, 960,000 unquoted options, in connection with the proposed scheme of arrangement under Part 5.1 of the Corporations Act 2001 (Cth) between the Company and its shareholders as a result of which 100% of the ordinary shares in the Company will be acquired by Advanced Personnel Management Pty Ltd (the 'Scheme'), subject to the following:</p> <p>1.1 The Company's shareholders approve by the requisite majority, and a court of competent jurisdiction approves the Scheme, and the court's orders are lodged with the Australian Securities and Investment Commission such that the Scheme becomes effective.</p> <p>1.2 Full details of the cancellation of the options and the consideration payable for their cancellation are set out to ASX's satisfaction in the Scheme booklet.</p>
<b>Basis For Decision</b>	Underlying Policy Standard Decision, refer to Guidance Note 17.

<b>Rule Number</b>	6.23.3
<b>Date</b>	16/10/2019
<b>ASX Code</b>	MMJ
<b>Listed Company</b>	MMJ GROUP HOLDINGS LIMITED
<b>Waiver Number</b>	WLC190391-001
<b>Decision</b>	<p>1. Based solely on the information provided, ASX Limited ('ASX') grants MMJ Group Holdings Limited (the 'Company') a waiver from listing rule 6.23.3 to the extent necessary to permit the Company to cancel 1,250,000 performance rights currently held by Mr Jim Hallam, due to expire on 8 January 2020 and to issue 1,250,000 replacement performance rights with the expiry date of 3 years from the date of issue ('New Performance Rights') to Mr Hallam, on the condition that shareholder approval is obtained for the cancellation and re-issue of the performance rights.</p>
<b>Basis For Decision</b>	<p><b>Underlying Policy</b>  Listing rule 6.23.3 stipulates that changes to option terms which have the effect of reducing the exercise price, increasing the exercise period or increasing the number of securities received on exercise are prohibited. These terms are considered to be so fundamental and integral to the terms of the options when granted that they cannot be changed even with the approval of shareholders. These option terms determine the intrinsic value (if any) which may be attributed to the options. The valuation of the options and investors' decisions whether to buy, hold, sell, or exercise the options depends upon investors having certainty as to the terms of the options. To ensure the integrity of the market, any changes to the fundamental terms of the options are prohibited. ASX policy is to treat performance rights in a similar manner to options.</p> <p><b>Present Application</b>  The Company has sought a waiver from listing rule 6.23.3 to enable the Company to issue 1,250,000 New Performance Rights to the company secretary and CFO of the Company to replace existing performance rights already held. The New Performance Rights have different performance milestones and a later expiry date than those already on issue. The New Performance Rights the subject of the waiver will comprise 0.55% of the issued capital of the Company. The waiver is granted on the basis that the Company will seek shareholder approval for the issue of the New Performance Rights, the New Performance Rights do not comprise a large percentage of issued capital, are not quoted, and the extension of the exercise period is not extensive.</p>

<b>ASX Code</b>	HAV
<b>Listed Company</b>	HAVILAH RESOURCES LIMITED
<b>Waiver Number</b>	WLC190366-001
<b>Decision</b>	<p>1. Based solely on the information provided, ASX Limited ('ASX') grants Havilah Resources Limited (the 'Company') a waiver from listing rule 6.24 to the extent necessary to permit the Company not to send the notices required by item 6.1 of Appendix 6A in relation to 13,592,581 quoted options exercisable at \$0.40 each and expiring on 30 November 2019 ("Options"), on the following conditions.</p> <p>1.1 The information required by item 6.1 of Appendix 6A is released on the ASX Market Announcements Platform no later than 20 business days before expiry of the Expiring Options, together with a statement that an option expiry notice will not be sent to holders of the Options.</p> <p>1.2 If the market price of the Company's ordinary shares exceeds \$0.30 before 30 November 2019, the Company immediately sends an option expiry notice to holders of the Options.</p>
<b>Basis For Decision</b>	<p><b>Underlying Policy</b> An entity must send a notice to the holder of quoted options at least 20 business days before the conversion or expiry date of the options. This provides the option holder with the basis of an informed decision to exercise the option.</p> <p><b>Present Application</b> Standard Decision, refer to Guidance Note 17.</p>

<b>Decision</b>	<p>1. Based solely on the information provided, ASX Limited ('ASX') grants Red Mountain Mining Limited Limited (the 'Company') a waiver from listing rule 6.24 to the extent necessary to permit the Company not to send the notices required by item 6.1 of Appendix 6A in relation to 67,210,653 quoted options exercisable at \$0.015 each on or before 21 November 2019 ('First Expiring Options') and 37,000,000 quoted options exercisable at \$0.018 each on or before 13 December 2019 ('Second Expiring Options') (together, the "Options"), on the following conditions:</p> <p>1.1 The information required by item 6.1 of Appendix 6A is released on the ASX Market Announcements Platform no later than 20 business days before expiry of the Options, together with a statement that an option expiry notice will not be sent to holders of Options.</p> <p>1.2 If the market price of the Company's ordinary shares exceeds \$0.012 before 21 November 2019, the Company immediately sends an option expiry notice to holders of the First Expiring Options.</p> <p>1.3 If the market price of the Company's ordinary shares exceeds \$0.014 before 13 December 2019, the Company immediately sends an option expiry notice to holders of the Second Expiring Options.</p>

<b>ASX Code</b>	TT1
<b>Listed Company</b>	TRITON TRUST NO. 8 IN RESPECT OF THE BOND SERIES 2019-2
<b>Waiver Number</b>	WLC190356-004
<b>Decision</b>	<p>1. Based solely on the information provided, ASX Limited ('ASX') grants Perpetual Corporate Trust Limited as trustee of the Triton Trust No.8 in respect of the Bond Series 2019-2 (the 'Issuer') a waiver from listing rule 6.24 to the extent necessary to permit the Issuer to follow a timetable for interest payments outlined in the Information Memorandum, on condition that on the next business day after an interest payment date the Issuer tells ASX the following.</p> <p>1.1 The record date for the next interest period. 1.2 The payment date for the next interest period.</p>
<b>Basis For Decision</b>	<p><b>Underlying Policy</b> Listing rule 6.24 (Appendix 6A paragraph 2) requires an entity to comply with Appendix 6A which prescribes the timetable and information notification requirements for various corporate actions. This requirement ensures that security holders and the market are given timely information regarding their securities, and assists ASX to maintain orderly trading and settlement of securities. Paragraph 2 of Appendix 6A applies to interest payments on quoted debt securities.</p> <p><b>Present Application</b> The securities of the Issuer being quoted are wholesale debt securities. These securities are required to pay interest monthly. The Information Memorandum in relation to the securities specifies the record date for the notes is two business days before an interest payment date. The waiver is granted on the condition that the entity tells ASX the relevant dates for the next interest period the business day after a payment has been made. This requirement ensures that an informed market is maintained.</p>

<b>Listed Company</b>	BPH ENERGY LTD
<b>Waiver Number</b>	WLC190360-001
<b>Decision</b>	<p>1. Based solely on the information provided, ASX Limited ("ASX") grants BPH Energy Limited (the "Company") a waiver in connection with a proposed share purchase plan ("SPP") conducted in accordance with ASIC Corporations (Share Interest Purchase Plans) Instrument 2019/547, and pursuant to which each shareholder (including related parties) will be offered \$30,000 worth of shares at an issue price of not less than 80% of the volume weighted average price for shares calculated over the last five days on which sales in the securities were recorded either before the day on which the issue was announced or before the day on which the issue is made from listing rule 7.1 to the extent necessary to permit the Company to issue shares under the SPP without shareholder approval, on condition that the number of shares issued in relation to the SPP under the prospectus will not exceed 30% of the number of fully paid ordinary shares in the Company already on issue.</p>
<b>Basis For Decision</b>	Underlying Policy Standard Decision, refer to Guidance Note 17.

<b>Rule Number</b>	7.1
<b>Date</b>	18/10/2019
<b>ASX Code</b>	CVW
<b>Listed Company</b>	CLEARVIEW WEALTH LIMITED
<b>Waiver Number</b>	WLC190362-001
<b>Decision</b>	<p>1. Based solely on the information provided, ASX Limited ('ASX') grants a waiver in connection with a proposed offer by ClearView Wealth Limited (the 'Company') of subordinated unsecured notes (the "Subordinated Notes) from Listing Rule 7.1 in relation to the issue of fully paid ordinary shares in the Company ("Shares") on conversion of the Subordinated Notes, provided that the only circumstances in which the Subordinated Notes may convert into Shares under their terms is on the occurrence of a non-viability trigger event, which is solely determined by the Australian Prudential Regulation Authority ("APRA"), and on condition that the Company releases to the market the material terms and conditions of the Subordinated Notes when the proposed issue is announced.</p>
<b>Basis For Decision</b>	<p><b>Underlying Policy</b>  Listing Rule 7.1 protects a listed entity's security holders against dilution of their voting and economic interests in the listed entity by imposing a limit on the number of equity securities that may be issued by the entity without prior security holder approval. The actual number of equity securities that a listed entity may issue without prior ordinary security holder approval is calculated by reference to a formula in Listing Rule 7.1, and is approximately 15% of the number of fully paid ordinary securities. (The formula is more complex than this description indicates, and is set out in full in Listing Rule 7.1.) A number of exceptions from the requirement to limit the number of equity securities that may be issued without prior ordinary security holder approval are permitted under Listing Rule 7.2, including an issue on conversion of convertible securities.</p> <p><b>Present Application</b>  The Company is proposing an offer of Subordinated Notes which will be lodged in the Austraclear system. The Subordinated Notes are characterised as debt for accounting and all other relevant purposes. It is an APRA requirement under the Basel III amendments to the prudential standards relating to Tier 2 securities for the Subordinated Notes to include a Non-Viability Trigger Event clause which would require conversion of the Subordinated Notes into Shares, which is solely determined by APRA and only able to be determined in limited circumstances. APRA would need to consider that without the conversion the Company would become non-viable. But for this requirement, the Subordinated Notes have all the features of debt securities and it is proposed to classify them as such for the purposes of the Listing Rules. However, in the event the non-viability trigger event clause is invoked by APRA (considered remote), the Subordinated Notes by their terms will become immediately convertible into Shares. In order to satisfy the Basel III Prudential Standards, the Company must ensure that at the time of issue of the Subordinated Notes and on a continuing basis, there are no legal or other impediments to issuing the relevant number of Shares on conversion of the Subordinated Notes and all necessary authorisations have been obtained to effect</p>

<b>Listed Company</b>	FIRSTWAVE CLOUD TECHNOLOGY LIMITED
<b>Waiver Number</b>	WLC190365-001
<b>Decision</b>	<p>1. Based solely on the information provided, ASX Limited ('ASX') grants FirstWave Cloud Technology Limited (the 'Company') a waiver from listing rule 7.1 to the extent necessary to permit the Company to issue shares, without shareholder approval, under a security purchase plan in accordance with the ASIC Corporations (Share and Interest Purchase Plans) Instrument 2019/547 pursuant to which each shareholder (including related parties) will be offered up to \$30,000 worth of shares (the 'Plan') on the following conditions.</p> <p>1.1 The discount offered under the Plan is no greater than 20% of the Company's average share price over the last 5 days on which sales in the Company's shares were recorded either before the day on which the Plan was first announced or before the day on which the issue is made.</p> <p>1.2 The total number of shares that may be issued in reliance on this waiver under all share purchase plans undertaken by the Company during the 12 months after the record date for the share purchase plan undertaken in March/April 2019 ('First SPP') must not be greater than 30% of the number of fully paid shares on issue as at the record date of the First SPP.</p>
<b>Basis For Decision</b>	<p><b>Underlying Policy</b> The approval of existing securityholders is required where further issues of securities will significantly dilute their shareholdings. This practical operation is to provide greater protection to smaller holders against dilution, and puts a limit on securities that may be issued without securityholder approval, which is fixed at 15% of the securities on issue 12 months earlier.</p> <p><b>Present Application</b> ASIC Corporations (Share and Interest Purchase Plans) Instrument 2019/547 contemplates issue of not more than \$30,000 worth of securities under a security purchase plans in a 12 month period without a prospectus. In the last 12 months, the Company has already issued securities to holders under an SPP capped at \$15,000 under the previous ASIC Class Order 09/425. With individual participation dependent on the extent of participation in the First SPP, all securityholders will be to participate on equal terms with the Plan, which is intended to benefit smaller security holders. The overall cap of 30% of issued capital must still be observed to limit dilution, and therefore the 30% limit is based on the number of securities on issue at the record date of the First SPP.</p>

<b>Waiver Number</b>	WLC190368-001
<b>Decision</b>	<p>1. Based solely on the information provided, ASX Limited ('ASX') grants IMF Bentham Limited (the 'Company') a waiver from listing rule 7.1, in connection with the Company conducting an accelerated non-renounceable pro rata entitlement offer ('Entitlement Offer') and a placement of fully paid ordinary shares ('Shares') to institutional investors ('Placement'), to the extent necessary to permit the Company to calculate the number of Shares which it may agree to issue under the Placement without shareholder approval on the basis that variable "A" of the formula in listing rule 7.1 is deemed to include the number of Shares in the Company that may be issued under the underwritten component of the Entitlement Offer, subject to the following conditions.</p> <p>1.1 In the event that the full number of ordinary shares offered under the underwritten component of the Entitlement Offer is not issued, and the number of shares represented by the Placement thereby exceeds 15% of the actual number of the Company's shares following completion of the Entitlement Offer, the Company's 15% capacity under Listing Rule 7.1 following completion of the Entitlement Offer, is to be diminished by that number of shares issued under the Placement that exceeded the Company's 15% capacity under Listing rule 7.1 at the time of the Placement.</p> <p>1.2 The Entitlement Offer is fully underwritten.</p> <p>1.3 The ordinary shares issued under the Placement are issued at the same time or after the issue of shares under the Entitlement Offer and are included in variable "C" in the formula in Listing Rule 7.1 until their issue has been ratified by shareholders or 12 months has passed since their issue.</p>
<b>Basis For Decision</b>	<p><b>Underlying Policy</b></p> <p>Listing Rule 7.1 protects a listed entity's security holders against dilution of their voting and economic interests in the listed entity by imposing a limit on the number of equity securities that may be issued by the entity without prior security holder approval. The actual number of equity securities that a listed entity may issue without prior ordinary security holder approval is calculated by reference to a formula in Listing Rule 7.1, and is approximately 15% of the number of fully paid ordinary securities (the formula is more complex than this description indicates, and is set out in full in Listing Rule 7.1). A number of exceptions from the requirement to limit the number of equity securities that may be issued without prior ordinary security holder approval are permitted under Listing Rule 7.2, including where securities are issued under a pro rata entitlement offer.</p>

## Register of ASX Listing Rule Waivers

### Present Application

The Company is proposing to undertake the Placement to certain institutional investors and does not currently have Listing Rule 7.1 capacity to do so, therefore the Company is proposing to utilise capacity that relates to securities yet to be issued under the Entitlement Offer. The Entitlement Offer will be fully underwritten and the issue of Shares under the Entitlement Offer and the Placement is proposed to be made at around the same time. This is effectively a timing waiver that will permit the Company to draw down on its future issuing capacity under listing rule 7.1 that will be created by the underwritten component of the Entitlement Offer once it has been completed.

<b>Decision</b>	<p>1. Based solely on the information provided, ASX Limited ('ASX') grants Karoon Energy Ltd (the 'Company') a waiver from listing rule 7.1 in connection with the Company conducting a placement of fully paid ordinary shares to institutional investors ('Placement') and a pro-rata accelerated non-renounceable entitlement offer of new fully paid ordinary shares ('Entitlement Offer'), to the extent necessary to permit the Company to calculate the number of ordinary shares which it may agree to issue under the Placement without shareholder approval on the basis that variable "A" of the formula in listing rule 7.1 is deemed to include the number of ordinary shares in the Company that may be issued under the Entitlement Offer, subject to the following conditions.</p> <p>1.1 In the event that the full number of ordinary shares offered under the Entitlement Offer is not issued, and the number of ordinary shares represented by the Placement thereby exceed 15% of the actual number of the Company's shares following completion of the Entitlement Offer, the Company's 15% capacity under listing rule 7.1 following completion of the Entitlement Offer, is to be diminished by that number of ordinary shares issued under the Placement that exceeded the Company's 15% capacity under listing rule 7.1 at the time of the Placement.</p> <p>1.2 The Entitlement Offer is fully underwritten.</p> <p>1.3 The ordinary shares issued under the Placement are issued at the same time or after the issue of ordinary shares under the institutional component of the Entitlement Offer and are included in variable "C" in the formula in listing rule 7.1 until their issue has been ratified by shareholders or 12 months has passed since their issue.</p>
<b>Basis For Decision</b>	<p><b>Underlying Policy</b>  Rule 7.1 protects a listed entity's security holders against dilution of their voting and economic interests in the listed entity by imposing a limit on the number of equity securities that may be issued by the entity without prior security holder approval. The actual number of equity securities that a listed entity may issue without prior ordinary security holder approval is calculated by reference to a formula in Listing Rule 7.1, and is approximately 15% of the number of fully paid ordinary securities (the formula is more complex than this description indicates, and is set out in full in Listing Rule 7.1). A number of exceptions from the requirement to limit the number of equity securities that may be issued without prior ordinary security holder approval are permitted under Listing Rule 7.2, including where securities are issued under a pro rata entitlement offer.</p>

### Present Application

The Company is proposing to undertake a Placement to certain institutional investors based on the calculation of capacity that includes ordinary shares yet to be issued under the Entitlement Offer. The Entitlement Offer will be fully underwritten and the issue of ordinary shares under the Entitlement Offer and Placement will be made at or around the same time. This is effectively a timing waiver that will permit the Company to draw down on its future issuing capacity under Listing Rule 7.1 that will be created by the fully underwritten Entitlement Offer once it has been completed.

### Present Application

The Company has entered into an agreement to acquire 100% of the issued capital of NECC. The Company seeks approval for the issue of the Debt Shares that will be issued as part of satisfaction of a debt owed by NECC to Cline in the amount of CAD \$55 million. The Debt Shares will be issued at a minimum deemed price of AUD \$0.08 per share. The maximum number of Debt Shares that may be issued to Cline is known. The timing and structure for the issue of the Debt Shares and the material terms of the Acquisition is outlined in the Notice. The period of time over which the Debt Shares may be issued is fixed and the Notice provides a working example of an indicative number of Debt Shares to be issued based on three assumed issue prices and a minimum exchange rate of 0.6708 AUD/USD. Accordingly, there is a sufficient degree of certainty about the basis for calculation of the number of Debt Shares to be issued for shareholders to be able to give their informed consent to the issue of the Debt Shares over the relevant period. The waiver is granted on conditions, including that the Notice discloses the material terms of the Acquisition and the Debt Shares to the Company's shareholders. It is appropriate to allow shareholders to be able to give their informed consent to the issue of the Debt Shares over the relevant period.

issued under that transaction over the various phases, provided that the issue of the securities is appropriate to the entity and the transaction in all the circumstances, and adequate information can be given to shareholders about the future issues of securities. This allows the entity and the counterparty to the agreement to have commercial certainty about the ability of the entity to issue securities as the counterparty performs its obligations, while maintaining the principle that shareholders must give their informed consent to future issues of securities.

Subject to shareholder approval, the Company is proposing to issue a maximum of 7,400,000 ordinary shares, as part payment for drilling services yet to be provided. The maximum number of shares is fixed and shareholders will know the potential dilution at the time of voting on the resolution. There is a sufficient degree of certainty so that shareholders are able to give their informed consent to the issue of shares and the extension of time requested by the Company is within ASX precedent for similar waivers.

approve the issue, so that there is less possibility that the circumstances of the entity may change by the time that the issue is made in such a way that they are different from those that the ordinary security holders may reasonably have had in contemplation at the time of giving their approval.

Where a listed entity has entered into a transaction which calls for the issue of securities as deferred consideration in tranches at future times that necessarily will fall longer than 3 months after the date of a shareholders' meeting, ASX's policy is to permit entities to seek shareholder approval for the issue of all the securities that may be issued under that transaction over the various phases, provided that the milestones to be achieved which trigger the obligation to issue the securities are appropriate to the entity and the transaction in all the circumstances, and adequate information can be given to shareholders about the future issues of securities. This allows the entity and the counterparty to the agreement to have commercial certainty about the ability of the entity to issue each tranche of securities as the counterparty performs its obligations, while maintaining the principle that shareholders must give their informed consent to future issues of securities.

The Company has entered into an agreement to acquire 100% of the issued capital of Clean Power. ### Present Application

The Company has acquired Elton Consulting pursuant to initial consideration paid at settlement and deferred consideration to be paid. The deferred consideration is payable via performance payments of up to \$1.9 million over two years (\$950,000 per performance period) subject to the achievement of minimum EBITDA targets by Elton Consulting in each performance period, as well as deferred payments payable 24 months post acquisition of up to \$1,900,000. Up to 50% of the Performance Payment and the Deferred Payment are payable in fully paid ordinary shares of the Company with the number of shares agreed using the 30 day weighted average trading price of Shares over the 30 trading days prior to the relevant date of issue (VWAP). The maximum number of Future Consideration Shares that may be issued to Unrelated Vendors is 7,500,000. The Company seeks shareholder approval for the issue of Future Consideration Shares that will become due and payable to Unrelated Vendors. The timing and structure for the issue of Future Consideration Shares is outlined in the Notice. The maximum number of Future Consideration Shares to be issued is fixed, so shareholders are able to give their informed consent to the issue of the Future Consideration Shares over the relevant period. The waiver is granted on condition that the Future Consideration Shares are issued within the timeframe stipulated, the terms of the waiver are released to the market immediately and there is disclosure in the Company's annual report.

<b>Listed Company</b>	ALTURA MINING LIMITED
<b>Waiver Number</b>	WLC190359-001
<b>Decision</b>	<p>1. Based solely on the information provided, ASX Limited ("ASX") grants Altura Mining Limited (the "Company") a waiver from Listing Rule 7.5.6 to the extent necessary to permit a resolution in the Company's notice of general meeting to ratify the issue of up to 69,132,852 security purchase plan shares and 34,566,428 security purchase plan options issued on a 1 for 2 basis to holders of shares issued under a security purchase plan ("SPP"), pursuant to which each shareholder was offered up to \$15,000 worth of shares not to include a voting exclusion statement that excludes the votes of any person who participated in the SPP.</p>
<b>Basis For Decision</b>	<p><b>Underlying Policy</b>  Listing Rule 7.1 protects a listed entity's security holders against dilution of their voting and economic interests in the listed entity by imposing a limit, being approximately 15% of the number of ordinary securities on issue, on the number of equity securities that may be issued by the entity without prior security holder approval. There are a number of exceptions from Listing Rule 7.1 set out in Listing Rule 7.2, including issues pursuant to a SPP undertaken in accordance with ASIC relief from the disclosure document provisions of the Corporations Act 2001 (Cth). The limit in the case of issues under a SPP is 30% of the number of fully paid ordinary securities, and there is a discount limitation.  An issue of securities without approval under Listing Rule 7.1 is treated as having been made with approval for the purpose of Listing Rule 7.1 if the issue did not breach Listing Rule 7.1 and the holders of ordinary securities subsequently approve it. Listing Rule 7.5 sets out the information required to be included in the notice of meeting for the holders to approve the issue subsequently. Listing Rule 7.5.6 requires the resolution to have a voting exclusion statement excluding votes of persons who participated in the issue. The policy of excluding the votes of security holders that have participated in the issue is not applicable where the nature of the issue is such that all eligible security holders may participate on an equal basis. In such cases, the exclusion of security holders that have participated would mean that no votes could be counted. Security holders that participated in the issue may receive a benefit over and above other security holders that did not participate equally, while only votes of security holders who did not participate in the issue may be counted under the rule.</p> <p><b>Present Application</b>  The Company conducted a SPP which included the offer of 1 attaching option for every 2 shares successfully subscribed for under the SPP. Australian Securities and Investments Commission Class Order 09/425 ("Class Order") contemplates the issue of not more than \$15,000 worth of securities to each ordinary security holder under a SPP without a prospectus. Exception 15 of Listing Rule 7.2 exempts SPPs from the requirement for prior ordinary security holder approval because it is a type of issue that offers</p>

## Register of ASX Listing Rule Waivers

participation to existing security holders in a way that, while not pro rata, is made on equal terms and is considered to be fair. In relation to the issue of options, the Company is unable to rely on the Class Order and, consequently, exception 15 of Listing Rule 7.2 as the Class Order does not provide relief for an offer of options under a SPP. The Company had sufficient capacity under Listing Rule 7.1 to issue the options without shareholder approval and proposes to seek, at an annual general meeting, shareholder approval for the ratification of the issue pursuant to Listing Rule 7.4. As the issue was one in which all shareholders could participate on an equal basis, and for which there is an exception from the requirement for shareholder approval in Listing Rule 7.2 for the issue of shares, but which is not available to the Company for the issue of attaching options, there is no need to exclude the votes of shareholders who participated in the issue. The SPP was not underwritten, and accordingly, the votes of any underwriters or sub-underwriters also do not need to be excluded.

<b>Basis For Decision</b>	<p><b>Underlying Policy</b> An entity must not interfere with registration of a transfer document relating to quoted securities, subject to a number of exceptions set out in that rule. <b>Basis For Decision</b>	<p><b>Underlying Policy</b> Listed entities are required to obtain the approval of security holders for an acquisition from, or disposal to, a person in a position to exercise influence over the entity of a substantial asset. The votes of security holders, who are parties to the transaction, and their associates, are not counted. Listed entities are required to obtain an independent expert's report on the fairness and reasonableness of the transaction and send it to security holders to accompany the notice of security holder's meeting. This rule protects security holders from a value-shifting transaction with a person in a position of influence being undertaken by a listed entity without the disinterested security holders having approved that transaction with the benefit of full information. The rule supplements the related party provisions of the Corporations Act 2001 (Cth) (or, in the case of foreign entities, the related party provisions in the law of their home jurisdiction).</p>

### Present Application

TDI's investment objective is to provide unitholders with an opportunity to gain exposure to digital infrastructure assets, and it intends to achieve this objective via holding securities in 360CDIP. Over time securities in 360CDIP will be offered to wholesale investors which will result in 360CDIP no longer being a wholly-owned subsidiary of TDI. The investment manager of TDI is also the investment manager of 360CDIP and is therefore considered a party to whom Listing Rule 10.1.5 applies. The value of the securities acquired and redeemed in 360CDIP from time to time may exceed 5% of the equity interests in TDI and accordingly will be considered a substantial asset for the purposes of Listing Rule 10.1. The PDS clearly discloses the related party nature of TDI's structure and its investment objectives and the strategy through which it intends to achieve those objectives through its investment in 360CDIP, and the fees payable to the investment manager and the responsible entity. TDI proposes to acquire and redeem securities in 360CDIP from time to time. A waiver from Listing Rule 10.1 is granted for a period of three years to permit TDI's acquisition and redemption of securities in 360CDIP.

<b>Decision</b>	<p>1. Based solely on the information provided, ASX Limited ("ASX") grants Millennium Minerals Limited (the "Company") a waiver from Listing Rule 10.1 to the extent necessary to enter into the facility and security documentation with its major shareholder, IMC Group ("IMC"), for the provision of additional funding of an amount of up to \$7.5 million ("Additional IMC Facility") to be secured over the Company's assets ("Security") without obtaining shareholder approval, on the following conditions:</p> <p>1.1. The terms of the IMC Facility include a term that if an event of default occurs and IMC exercise their rights under the Security, neither IMC nor any of its associates can acquire any legal or beneficial interest in an asset of the Company or its subsidiaries in full or part satisfaction of the Company's obligations under the Security documents with respect to the Additional IMC Facility, or otherwise deal with the assets of the Company or its subsidiaries, without the Company first having complied with any applicable listing rules, including Listing Rule 10.1, other than as required by law or through a receiver, or receiver or manager (or analogous person) appointed by IMC exercising their power of sale under the Security and selling the assets to an unrelated third party on arm's length commercial terms and conditions and distributing the cash proceeds to IMC in accordance with their legal entitlements.</p> <p>1.2. A summary of the material terms of the Additional IMC Facility and Security documents are made in each annual report of the Company during the term of the Security.</p> <p>1.3. Any variation to the terms of the Additional IMC Facility or the Security documents which are:</p> <p>(a) not minor changes; or</p> <p>(b) inconsistent with the terms of the waiver, must be subject to shareholder approval.</p> <p>1.4. The Company and the Lenders must seek to discharge the Security when the funds advanced under the Additional IMC Facility are either repaid to IMC or converted into shares (assuming security holder approval for the issue of shares is subsequently obtained), or if it is not discharged, seek security holder approval for the continuation of the Security for any further period.</p> <p>1.5. The Company immediately releases to the market an announcement which:</p> <p>(a) sets out the material terms of the transaction and this waiver, and the Company's plans with respect to the repayment of the funds advanced under the Additional IMC Facility, including the timeframe within which it expects the repayment to occur; and</p> <p>(b) includes a statement of the reasons why the Company has chosen to obtain a financial accommodation from a Listing Rule 10.1 party rather than a lender that is not a Listing Rule 10.1 party, and the steps the Company's board has taken to satisfy itself that the transaction is being entered into on arm's length terms and is fair and reasonable from the perspective of the holders of the Company's ordinary securities.</p>

<p><b>Basis For Decision</b></p>	<p><b>Underlying Policy</b>  Listed entities are required to obtain the approval of security holders for an acquisition from, or disposal to, a person in a position to exercise influence over the entity of a substantial asset. The votes of security holders who are parties to the transaction, and their associates, are not counted. Listed entities are required to obtain an independent expert's report on the fairness and reasonableness of the transaction and send it to security holders to accompany the notice of security holders' meeting. This rule protects security holders from a value-shifting transaction with a person in a position of influence being undertaken by a listed entity without the disinterested security holders having approved that transaction with the benefit of full information. The rule supplements the related party provision of the Corporations Act (or, in the case of foreign entities, the related party provisions of the law of their home jurisdiction).</p> <p><b>Present Application</b>  In this case the Company is seeking to establish a new debt facility with IMC to facilitate additional interim funding that is required to support its ongoing mining operations. The Additional IMC Facility is intended to be made available in a single draw-down of \$7.5 million and interest is payable at 13.5% per annum. All or part of the principal outstanding under the Additional IMC Facility may be prepaid at any time. Any such prepayments may not be redrawn and will not attract any penalty, premium or fee. IMC as the lender holds a relevant interest in 47.35% of the total votes attached to the voting securities in the Company and therefore is regarded as a substantial holder of the Company. The granting of the security over the Company's assets in favour of IMC amounts to a disposal of a substantial asset under Listing Rule 10.1. The Company is granted a waiver from the rule on a number of conditions, including that the IMC Facility documents provide that in the event that the security under the IMC Facility is exercised, neither the substantial holders nor any of their associates are entitled to acquire the assets without the Company first complying with any applicable listing rules, including Listing Rule 10.1. These conditions provide sufficient safeguard against value-shifting to the substantial holders or an associate of the substantial holders.</p>

<b>Basis For Decision</b>	<p><b>Underlying Policy</b> Listed entities are required to obtain the approval of security holders for an acquisition from, or disposal to, a person in a position to exercise influence over the entity of a substantial asset. The votes of security holders, who are parties to the transaction, and their associates, are not counted. Listed entities are required to obtain an independent expert's report on the fairness and reasonableness of the transaction and sent it to security holders to accompany the notice of security holder's meeting. This rule protects security holders from a value-shifting transaction with a person in a position of influence being undertaken by a listed entity without the disinterested security holders having approved that transaction with the benefit of full information. The rule supplements the related party provisions of the Corporations Act 2001 (Cth) (or, in the case of foreign entities, the related party provisions in the law of their home jurisdiction).</p> <p><b>Present Application</b> The Fund's investment objective is to provide unitholders with a monthly income stream, and it intends to achieve this objective by partly investing in the Second PPN. The Manager of PGG is a related party of the manager of the SPV and is therefore considered a party to whom Listing Rule 10.1.5 applies. The SPV has been established with the intention that it will be the borrower for the purposes of the credit facility in respect of the first lien loan strategy and the lender on record for the purposes of providing loans which comprise that strategy. The SPV will only hold the first lien loan</p>

investments. The structure of the SPV is identical to that of the Company. The value of the Second PPN in the SPV acquired and redeemed from time to time may exceed 5% of the equity interests in PGG and accordingly will be considered a substantial asset for the purposes of Listing Rule 10.1. The offer document for the IPO clearly discloses the related party nature of PGG's structure and its investment strategy and the manner in which it intends to achieve that strategy through the investment in alternative investment structures, such as the Second PPN, and the fees payable. The Fund proposes to acquire additional Second PPN and redeem the Second PPN from time-to-time. A waiver from Listing Rule 10.1 is granted for a period of approximately three years to permit PGG to make initial and ongoing investments in the Second PPN through the SPV and make redemptions of the Second PPN.

<b>Decision</b>	<p>1. Based solely on the information provided, ASX Limited ('ASX') grants FirstWave Cloud Technology Limited (the 'Company') a waiver from Listing Rule 10.11 to the extent necessary to permit the Company to issue shares, without shareholder approval, under a security purchase plan in accordance with ASIC Corporations (Share and Interest Purchase Plans) Instrument 2019/547 pursuant to which each shareholder (including related parties) will be offered up to \$30,000 worth of shares (the 'Plan') on the following conditions.</p> <p>1.1 The discount offered under the Plan is no greater than 20% of the Company's average share price over the last 5 days on which sales in the Company's shares were recorded either before the day on which the Plan was first announced or before the day on which the issue is made.</p> <p>1.2 The total number of shares that may be issued in reliance on this waiver under all share purchase plans undertaken by the Company during the 12 months after the record date for the share purchase plan undertaken in March/April 2019 ('First SPP') must not be greater than 30% of the number of fully paid shares on issue as at the record date of the First SPP.</p>
<b>Basis For Decision</b>	<p><b>Underlying Policy</b> The requirement to obtain approval of securityholders to an issue of securities to related parties is directed at preventing related parties obtaining securities on advantageous terms and increasing their holding proportionate to other holdings.</p> <p><b>Present Application</b> ASIC Corporations (Share and Interest Purchase Plans) Instrument 2019/547 contemplates issue of not more than \$30,000 worth of securities under a security purchase plans in a 12 month period without a prospectus. In the last 12 months, the Company has already issued securities to holders under an SPP capped at \$15,000 under the previous ASIC Class Order 09/425. With individual participation dependent on the extent of participation in the First SPP, all securityholders will be to participate on equal terms with the Plan, which is intended to benefit smaller security holders. The overall cap of 30% of issued capital must still be observed to limit dilution, and therefore the 30% limit is based on the number of securities on issue at the record date of the First SPP. A waiver from Listing Rule 10.11 is granted to permit directors to participate in the Plan, which is within spirit of Listing Rule 10.12 exception 8.</p>

accrued by Mr Grant Paterson and Mr Dean Joscelyne, who are both directors of the Company. The Company is proposing to seek shareholder approval for the issue of Director Fee Shares accrued for the period 1 November 2019 to 1 October 2020 on a monthly basis. The maximum value of fees that are payable for each director is \$60,000 for Mr Paterson and \$250,000 for Mr Joscelyne. The Shares are to be issued at a deemed issue price equal the monthly VWAP of Shares over the month that the director fees are accrued. There is no maximum amount of shares to be issued, but there is a maximum value and the notice of meeting provides a working example of an indicative number of Director Fee Shares based on three estimated values of VWAP. There is a sufficient degree of certainty about the basis for calculation of the number of securities to be issued for shareholders to be able to give their informed consent to the issue of the Director Shares over the relevant period. <b>Basis For Decision</b>	<p><b>Underlying Policy</b> Listed entities are required to obtain the prior approval of security holders for an issue of equity securities to related parties, even if pursuant to their participation in an employee incentive scheme. This rule is directed at preventing related parties from obtaining securities on advantageous terms and increasing their holding proportionate to the holdings of other security holders' interests by supplementing the related party provisions of the Corporations Act (and any related party provisions applying to foreign entities under relevant legislation).</p> <p><b>Present Application</b> DTC has applied for admission to the official list. DTC's Prospectus contains adequate disclosure about the proposed issue of securities to the non-executive directors. The securities must be issued within 12 months of the DTC's admission to the official list of ASX, which is consistent with the requirements of listing rule 10.15.</p>

<b>Waiver Number</b>	WLC190370-002
<b>Decision</b>	<p>1. Based solely on the information provided, ASX Limited ('ASX') grants Intega Group Limited ('ITG') a waiver from listing rule 10.14 to the extent necessary to permit the ITG to issue \$120,000 worth of options under the Intega Group Limited Performance Equity Plan ('Plan') to Matt Courtney, ITG's chief executive officer and managing director, on the following conditions.</p> <p>1.1 A summary of the terms and conditions of the options to be issued to the director, is disclosed to ASX's satisfaction in ITG's information memorandum.</p> <p>1.2 The date by which ITG will issue the options under the Plan must be no later than 12 months from the date of ITG's admission to the official list of ASX.</p> <p>1.3 The information required by listing rule 10.15 is disclosed in ITG's information memorandum.</p>
<b>Basis For Decision</b>	<p><b>Underlying Policy</b> Under listing Rule 10.14, listed entities are required to obtain the prior approval of security holders for an issue of equity securities to related parties, even if pursuant to their participation in an employee incentive scheme. This rule is directed at preventing related parties from obtaining securities on advantageous terms and increasing their holding proportionate to the holdings of other security holders, without the prior consent of the ordinary security holders. The rule protects ordinary security holders' interests by supplementing the related party provisions of the Corporations Act 2001 (Cth) (and any related party provisions applying to foreign entities under relevant legislation).</p> <p><b>Present Application</b> ITG has applied for admission to the official list of the ASX. It intends to issue securities to a director under the terms of an employee incentive plan. Under Listing Rule 10.14, security holders may approve an issue of securities to a director pursuant to an employee incentive scheme for a period of up to 3 years. The notice of meeting must contain the information required by Listing Rule 10.15 or Listing Rule 10.15A. A waiver from Listing Rule 10.14 is granted on the basis that where a future issue of equity securities to a related party is disclosed in an initial listing document, persons who subscribe under the IPO (or are transferred securities under a scheme), with notice of the future issue of securities to the related party, may be taken effectively to have consented to the issue, and it is unnecessary to submit the issue to a security holders' meeting for their approval. ITG's information memorandum contains adequate disclosure about the proposed issue of securities to the director. The securities must be issued within 12 months of ITG's admission to the official list of ASX, which is consistent with the requirements of listing rule 10.15.</p>

<b>Decision</b>	<p>1. Based solely on the information provided, ASX Limited ('ASX') grants Orocobre Limited (the 'Company') a waiver from listing rule 10.15.2 to the extent necessary to permit the Company's 2019 Notice of Annual General Meeting (the "Notice") in relation to the resolution seeking shareholder approval under Listing Rule 10.14 for the grant of performance rights to Mr Martin Perez de Sola not to state the maximum number of Bonus Performance Rights (as that term is defined in the Notice) to be issued, on condition that the Notice sets out the method by which the number of Bonus Performance Rights to be granted will be calculated.</p>
<b>Basis For Decision</b>	<p><b>Underlying Policy</b> This rule provides certainty to a listed entity's security holders by requiring a notice of meeting containing a resolution in accordance with listing rule 10.14 to state the maximum number of securities that are intended to be issued under an employee incentive scheme to each of the relevant persons for whom approval is being sought.</p> <p><b>Present Application</b> The Company proposes to seek security holder approval for the issue of securities to its CEO under an incentive plan. The maximum number of securities to be issued is presently unascertainable as it is based on a formula including a future security price and a future exchange rate. The degree of dilution is not expected to be excessive in view of a listed entity's security price and the dollar value of the grant, and the notice of meeting will contain sufficient information about the method for calculating the number of securities to be issued.</p>

<b>Listed Company</b>	ADRIATIC METALS PLC
<b>Waiver Number</b>	WLC190357-001
<b>Decision</b>	<p>1. Subject to Resolution 2, and based solely on the information provided, ASX Limited ("ASX") grants Adriatic Metals PLC (the "Company") a waiver from listing rule 15.15 to the extent necessary to permit the Company's articles of association ("Articles") to include the following:</p> <p>1.1 Provisions modelled on the takeover and substantial shareholder provisions of the UK City Code on Takeovers and Mergers ("Takeover Provisions").</p> <p>1.2 Sanctions or penalties ("Sanctions"), which entitle the Company or any other party to enforce the Takeover Provisions.</p> <p>2. Resolution 1 is conditional on the following:</p> <p>2.1 The Company must not exercise the Sanctions other than in accordance with the ruling of a competent Court.</p> <p>2.2 If the Company becomes subject to a law of any jurisdiction, which applies so as to regulate the acquisition of control, and the conduct of any takeover of the Company, the Company shall consult promptly with ASX. If ASX considers that amendment to the Takeover Provisions or the Sanctions is required, and such amendment is not made to the satisfaction of ASX, the waiver shall cease to apply.</p> <p>2.3 The Company must outline in its annual report the takeover framework which it has adopted into its Articles.</p>
<b>Basis For Decision</b>	<p><b>Underlying Policy</b> This rule prohibits a foreign company's constitution from including provisions relating to takeovers or substantial holdings. ASX considers that takeovers of foreign companies should be regulated by the company's domestic law in order to protect security holders against entrenchment of management.</p> <p><b>Present Application</b> The Company is incorporated in England and Wales. The Company seeks to adopt the takeover and substantial shareholder provisions of the UK City Code on Takeovers and Mergers into its articles of association, including sanctions or penalties to enforce those provisions. ASX permits such provisions to be included in a foreign incorporated entity's constituent documents on condition that the sanctions are not exercised other than in accordance with the ruling of a competent court, thereby preventing management from enforcing sanctions unilaterally. In granting a waiver, the policy that security holders are protected against entrenchment of management is not infringed.</p>
