Rule Number	1.1 condition 8
Date	14/11/2019
ASX Code	GDF
Listed Company	GARDA PROPERTY GROUP
Waiver Number	WLC190399-001
Decision	<p>1. Subject to resolution 2, and based solely on the information provided, ASX Limited ("ASX") grants Garda Holdings Limited (the "Company"), in connection with the proposed internalisation of the responsible entity ("GCL") of Garda Diversified Property Fund (the "Fund"), whereby each unit in the Fund will be stapled to a share in the Company (forming "Stapled Securities") in a stapled entity to be known as Garda Property Group ("GDF Group"), following which GDF Group will acquire GCL and Garda Capital Trust (together, "Garda Capital Group") by way of scheme of arrangement under Part 5.1 of the Corporations Act 2001 (Cth) and trust scheme (together, the "Schemes") (the "Internalisation Proposal"), a waiver from Listing Rule 1.1 condition 8 to the extent necessary not to require the Company to comply with the spread requirements in that rule, on condition that each share in the Company is stapled to existing units in the Fund, such that the parcel of Stapled Securities has a value of at least \$2,000.</p> <p>2. Resolution 1 is conditional on the following.</p> <p>2.1 Unitholders of the Fund approving the Internalisation Proposal (which will have the effect of implementing the Internalisation Proposal).</p> <p>2.2 Provision of written advice from the Company that resolution 2.1 has been complied with.</p>
Basis For Decision	<p>Underlying Policy An entity seeking admission to the official list of ASX must demonstrate that it complies with one of the security holder spread tests in Listing Rule 1.1 condition 8 following any fundraising undertaken in connection with the listing. The tests require that there be a certain minimum number of holders of securities in the ordinary class holding parcels of securities with a particular minimum value, or a lower minimum number of holders but a minimum proportion of the freely tradeable ordinary securities (i.e., not classified as restricted securities by ASX) must be held by non-related persons. By meeting one of these requirements, an applicant entity demonstrates that there is sufficient investor interest in its securities for it to be suitable as a listed entity.</p> <p>Present Application The Fund is currently listed on ASX and is contemplating an Internalisation Proposal that is being conducted in order to internalise its management services. As a part of the Internalisation Proposal, shares in the Company will be stapled to units in the Fund on a 1:1 basis, thereby forming a new listed stapled group. As a material asset being the management rights, is being acquired as a part of the Internalisation Proposal, it is appropriate that the Company and the Fund together satisfy the spread test. The waiver is granted on condition that each share in the Company is stapled to existing units in the Fund, such that the parcel of Stapled Securities has a value of at least \$2,000.</p>

Rule Number	1.1 condition 8
Date	8/11/2019
ASX Code	PWG

Decision	<p>1. Basis For Decision	<p>Underlying Policy An entity seeking admission to the official list of ASX must demonstrate that it complies with one of the security holder spread tests in listing rule 1.1 condition 8 following any capital raising undertaken in connection with the listing. The tests require that there be a certain minimum number of holders of securities in the ordinary class holding parcels of securities with a particular minimum value, or a lower minimum number of holders but a minimum proportion of the freely tradeable ordinary securities (i.e., not classified as restricted securities by ASX) must be held by non-related persons. By meeting one of these requirements, an applicant entity demonstrates that there is sufficient investor interest in its securities for it to be suitable as a listed entity</p> <p>Present Application The Group is seeking listing on ASX as a stapled entity comprising the Company and Trust. The Group's securities will trade as Stapled Securities, each consisting of one share in the Company and a unit in the Trust. On that basis, it is appropriate to grant a waiver from the requirement that each of the Company and Trust have the minimum number of holders of securities with a value of at least \$2,000, on condition that there is the minimum number of holders of Stapled Securities in the Group with a value of at least \$2,000.</p>

Date	14/11/2019
ASX Code	GDF
Listed Company	GARDA PROPERTY GROUP
Waiver Number	WLC190399-002
Decision	<p>1. Subject to resolution 2, and based solely on the information provided, ASX Limited ("ASX") grants Garda Holdings Limited (the "Company"), in connection with the proposed internalisation of the responsible entity ("GCL") of Garda Diversified Property Fund (the "Fund"), whereby each unit in the Fund will be stapled to a share in the Company (forming "Stapled Securities") in a stapled entity to be known as Garda Property Group ("GDF Group"), following which GDF Group will acquire GCL and Garda Capital Trust ("GCT") (together, "Garda Capital Group") by way of scheme of arrangement under Part 5.1 of the Corporations Act 2001 (Cth) and trust scheme (the "Internalisation Proposal"), a waiver from Listing Rule 1.1 condition 9 to the extent necessary not to require the Company to comply with Listing Rules 1.2 or 1.3, on condition that the Company and the Fund together satisfy Listing Rules 1.2 or 1.3 and each share in the Company is stapled to the existing units in the Fund.</p> <p>2. Resolution 1 is conditional on the following.</p> <p>2.1 Unitholders of the Fund approving the Internalisation Proposal (which will have the effect of implementing the Internalisation Proposal).</p> <p>2.2 Provision of written advice from the Company that resolution 2.1 has been complied with.</p>
Basis For Decision	<p>Underlying Policy Listing Rule 1.1 requires an entity applying for admission to the official list of ASX to meet various conditions before it is admitted. Listing Rule 1.1 condition 9 requires the applicant entity to satisfy either the profit test under Listing Rule 1.2 or the assets test under Listing Rule 1.3. These rules require the financial performance and/or financial position of an entity applying for admission to the official list, to be at a minimum level suitable for a listed entity. An entity must have a minimum level of profits, net tangible assets, or market capitalisation before it will be eligible for admission to the official list.</p> <p>Present Application The Fund is currently listed on ASX and is contemplating an Internalisation Proposal that is being conducted in order to internalise its management services. As a part of the Internalisation Proposal, shares in the Company will be stapled to units in the Fund on a 1:1 basis, thereby forming a new listed stapled group. As a material asset, being the management rights, is being acquired as part of the Internalisation Proposal, it is appropriate that the Company and the Fund together satisfy either the profits or assets test and on condition that each share in the Company is stapled to the existing units in the Fund.</p>

Rule Number	1.1 condition 9
Date	8/11/2019
ASX Code	PWG
Listed Company	PRIMEWEST
Waiver Number	WLC190406-002
Decision	<p>1. Based solely on the information provided, ASX grants Primewest Limited ("Company") and Primewest Management Ltd as trustee of Primewest Property Fund ("Trust") which are to form a stapled entity known as Primewest Group ("Group") by way of each fully paid ordinary shares in the Company being stapled to a fully paid unit in the Trust on a 1:1 basis forming stapled securities ("Stapled Securities"), a waiver from listing rule 1.1 condition 9 to the extent necessary not to require each of the Company and Trust to comply with listing rule 1.3, on condition that each ordinary fully paid share in the Company is stapled to a fully paid unit in the Trust to form the Stapled Securities, and together the Group meets the tests in that listing rule.</p>
Basis For Decision	<p>Underlying Policy Listing rule 1.1 requires an entity applying for admission to the official list of ASX to meet various conditions before it is admitted. Listing rule 1.1 condition 8 requires the applicant entity to satisfy either a profit test under listing rule 1.2 or the assets test under listing rule 1.3. These rules require the financial performance and/or financial position of an entity applying for admission to the official list, to be at a minimum level suitable for a listed entity. An entity must have a minimum level of profits, net tangible assets or market capitalisation before it will be eligible for admission to the official list.</p> <p>Present Application The Group is seeking listing on ASX as a stapled entity comprising the Company and Trust. The Group's securities will trade as Stapled Securities, each consisting of one share in the Company and a unit in the Trust. The waiver is granted so that either the profit or assets test can be satisfied by the Group, rather than individually by the Company and Trust.</p>

Rule Number	1.1 condition 12
Date	7/11/2019
ASX Code	CAU
Listed Company	CRONOS AUSTRALIA LIMITED
Waiver Number	WLC190398-001
Decision	1. Based solely on the information provided, ASX Limited ('ASX') grants Cronos Australia Limited ('CAU') a waiver from listing rule 1.1 condition 12 to the extent necessary to permit CAU to have on issue 120,000 performance rights issued under the Deferred Short Term Incentive Plan (the "DSTI Plan") for nil consideration.
Basis For Decision	<p>Underlying Policy If an entity seeking admission to the official list has options or performance rights on issue, the exercise price for each underlying security must be at least 20 cents in cash. This rule supports listing rule 2.1 condition 2 which requires the issue price or sale price of all the securities for which an entity is seeking quotation (except options) upon admission to the official list to be at least 20 cents in cash. These requirements together support the integrity of the ASX market, as they demonstrate that the entity's ordinary securities have a minimum value suitable for a listed entity.</p> <p>Present Application CAU has applied for admission to the official list of ASX. CAU will have on issue 120,000 unquoted performance rights with a nil exercisable price issued to certain senior executives under the DSTI Plan at the time of listing. The performance rights will represent approximately 0.03% of CAU's issued capital on an undiluted basis on listing. The full terms of the DSTI Plan have been disclosed in the Prospectus. The waiver is granted on the basis that the performance rights will represent a small proportion of CAU's issued capital on an undiluted basis post admission to ASX. The percentage on a post admission basis is not considered material and the existence of the performance rights will not undermine the integrity of the 20 cent rule.</p>

Rule Number	1.1 condition 12
Date	3/10/2019
ASX Code	TMG
Listed Company	TRIGG MINING LTD.
Waiver Number	WLC190410-001
Decision	<p>1. Based solely on the information provided, ASX Limited ("ASX") grants Trigg Mining Ltd (the "Company") a waiver from listing rule 1.1 condition 12 to the extent necessary to permit the Company to issue up to 5,000,000 unquoted options to directors ("Director Options") with the ability for cashless exercise on condition that the Company's prospectus discloses the full terms and conditions of the Director Options.</p>
Basis For Decision	<p>Underlying Policy If an entity seeking admission to the official list has options or performance rights on issue, the exercise price for each underlying security must be at least 20 cents in cash. This rule supports listing rule 2.1 condition 2 which requires the issue price or sale price of all the securities for which an entity is seeking quotation (except options) upon admission to the official list to be at least 20 cents in cash. These requirements together support the integrity of the ASX market, as they demonstrate that the entity's ordinary securities have a minimum value suitable for a listed entity.</p> <p>Present Application The Company has applied for admission to the official list of ASX. The Company proposes to issue 5,000,000 Director Options approved by shareholders prior to listing on ASX. The terms of the Director Options contain a cashless exercise provision, and would in aggregate represent 7.3% of the diluted total issued capital of the Company at the time of listing. The Director Options will be issued to the director prior to listing and with shareholder approval. The Director Options will not be quoted. The existence of the Director Options will not undermine the 20 cent rule in the circumstances. The waiver is granted on condition the material terms and conditions of the Director Options are clearly disclosed in the initial public offering prospectus.</p>

Rule Number	2.1 condition 2
Date	14/11/2019
ASX Code	GDF
Listed Company	GARDA PROPERTY GROUP
Waiver Number	WLC190399-003
Decision	<p>1. Subject to resolution 2, and based solely on the information provided, ASX Limited ("ASX") grants Garda Holdings Limited (the "Company"), in connection with the proposed internalisation of the responsible entity ("GCL") of Garda Diversified Property Fund (the "Fund"), whereby each unit in the Fund will be stapled to a share in the Company (forming "Stapled Securities") in a stapled entity to be known as Garda Property Group ("GDF Group"), following which GDF Group will acquire GCL and Garda Capital Trust ("GCT") (together, "Garda Capital Group") by way of scheme of arrangement under Part 5.1 of the Corporations Act 2001 (Cth) and trust scheme (the "Internalisation Proposal"), a waiver from Listing Rule 2.1 condition 2 to the extent necessary not to require the issue price of shares in the Company be at least 20 cents, on condition that each share in the Company is stapled to a unit in the Fund, and the Company and the Fund together meet the test in that Listing Rule.</p> <p>2. The waiver in resolution 1 above is conditional on the following.</p> <p>2.1 Unitholders of the Fund approving the Internalisation Proposal (which will have the effect of implementing the Internalisation Proposal).</p> <p>2.2 Provision of written advice from the Company that resolution 2.1 has been complied with.</p>
Basis For Decision	<p>Underlying Policy For quotation of securities of an entity seeking admission to the official list of ASX, under Listing Rule 2.1 condition 2, the issue or sale price of those securities must be at least 20 cents. The requirement demonstrates that the entity can raise funds at a price, or that its securities have a minimum value, suitable for a listed entity.</p> <p>Present Application The Fund is currently listed on ASX and is contemplating an Internalisation Proposal that is being conducted in order to internalise its management services. As part of the Internalisation Proposal, ordinary shares in the Company will be stapled to units in the Fund on a 1:1 basis, thereby forming a new listed stapled group. As a material asset, being the management rights, is being acquired as part of the Internalisation Proposal, it is appropriate that the Company and the Fund together satisfy the rule on condition that each share in the Company is stapled to the existing units in the Fund.</p>

Rule Number	2.1 condition 2

ASX Code	PWG
Listed Company	PRIMEWEST
Waiver Number	WLC190406-003
Decision	<p>1. Based solely on the information provided, ASX grants Primewest Limited ("Company") and Primewest Management Ltd as trustee of Primewest Property Fund ("Trust") which are to form a stapled entity known as Primewest Group ("Group") by way of each fully paid ordinary shares in the Company being stapled to a fully paid unit in the Trust on a 1:1 basis forming stapled securities ("Stapled Securities"), a waiver from listing rule 2.1 condition 2 to the extent necessary not to require the issue or sale price of shares in the Company and units in the Trust separately to be at least 20 cents in cash, on condition that each ordinary fully paid share in the Company is stapled to a fully paid unit in the Trust to form the Stapled Securities, and each Stapled Security has an issue or sale price of at least 20 cents.</p>
Basis For Decision	<p>Underlying Policy Listing rule 2.1 condition 2 requires that the issue or sale price of all securities that an entity, at the time of its application for admission to the official list, seeks to have quoted must be at least 20 cents. This requirement demonstrates that the entity can raise Trusts at a price, or that its securities have a minimum value, suitable for a listed entity.</p> <p>Present Application The Group is seeking listing on ASX as a stapled entity comprising the Company and Trust. The Group's securities will trade as Stapled Securities, each consisting of one share in the Company and a unit in the Trust. The waiver is granted so that this rule can be satisfied by reference to the value of the Stapled Securities in the Group, rather than the individual issue or sale price of a share in the Company or of a unit in the Trust.</p>

Waiver Number	WLC190399-004
Decision	<p>1. Subject to resolution 2, and based solely on the information provided, ASX Limited ("ASX") grants Garda Holdings Limited (the "Company"), in connection with the proposed internalisation of the responsible entity ("GCL") of Garda Diversified Property Fund (the "Fund"), whereby each unit in the Fund will be stapled to a share in the Company (forming "Stapled Securities") in a stapled entity to be known as Garda Property Group ("GDF Group"), following which GDF Group will acquire GCL and Garda Capital Trust ("GCT") (together, "Garda Capital Group") by way of scheme of arrangement under Part 5.1 of the Corporations Act 2001 (Cth) and trust scheme (the "Internalisation Proposal"), a waiver from Listing Rule 6.24 in respect of clause 1 of Appendix 6A to the extent necessary that the rate of a distribution need not be advised to ASX when the distribution is announced, on condition that an estimated distribution rate is advised to ASX at the time of the announcement and the actual rate is advised to ASX as soon as it becomes known.</p> <p>2. Basis For Decision	<p>Underlying Policy Listing Rule 6.24 prescribes that listed entities must follow mandatory timetables in Appendix 6A for various corporate actions, including the declaration of dividends or distributions. Compliance with timetables ensures that investors are able to determine their entitlements, trading may take place on a basis where participants in the market have certainty as to whether they will be entitled to participate in the corporate action, and ASX's trading and settlement systems can accommodate the proposed corporate action. This ensures that an orderly market is maintained. ASX Code	EML
Listed Company	EML PAYMENTS LIMITED
Waiver Number	WLC190401-001
Decision	<p>1. Based solely on the information provided, ASX Limited ('ASX') grants EML Payments Limited (the 'Company') a waiver from Listing Rule 7.1, in connection to the conducting a pro rata accelerated non-renounceable entitlement offer of new fully paid ordinary shares ('Entitlement Offer') and a placement of new fully paid ordinary shares to new and existing institutional shareholders ('Placement'), to the extent necessary to permit the Company to calculate the number of ordinary shares which it may agree to issue under the Placement without shareholder approval on the basis that variable "A" of the formula in Listing Rule 7.1 is deemed to include the number of ordinary shares in the Company that may be issued under the Entitlement Offer, subject to the following conditions.</p> <p>1.1 In the event that the full number of ordinary shares offered under the Entitlement Offer is not issued, and the number of ordinary shares represented by the Placement thereby exceeds 15% of the actual number of the Company's shares following completion of the Entitlement Offer, the Company's 15% capacity under Listing Rule 7.1 following completion of the Entitlement Offer, is to be diminished by that number of ordinary shares issued under the Placement that exceeded the Company's 15% capacity under Listing Rule 7.1 at the time of the Placement.</p> <p>1.2 The Entitlement Offer is fully underwritten; and</p> <p>1.3 The ordinary shares issued under the Placement are issued at the same time or after the issue of ordinary shares under the institutional component of the Entitlement Offer and are included in variable "C" in the formula in Listing Rule 7.1 until their issue has been ratified by shareholders or 12 months has passed since their issue.</p>
Basis For Decision	<p>Underlying Policy</p> <p>Listing Rule 7.1 protects a listed entity's security holders against dilution of their voting and economic interests in the listed entity by imposing a limit on the number of equity securities that may be issued by the entity without prior security holder approval. The actual number of equity securities that a listed entity may issue without prior ordinary security holder approval is calculated by reference to a formula in Listing Rule 7.1, and is approximately 15% of the number of fully paid ordinary securities (the formula is more complex than this description indicates, and is set out in full in Listing Rule 7.1). A number of exceptions from the requirement to limit the number of equity securities that may be issued without prior ordinary security holder approval are permitted under Listing Rule 7.2, including where securities are issued under a pro rata entitlement offer.</p>

Register of ASX Listing Rule Waivers

Present Application

The Company is proposing to undertake a Placement to certain institutional investors based on the calculation of capacity that includes ordinary shares yet to be issued under the Entitlement Offer. The Entitlement Offer will be fully underwritten and the issue of ordinary shares under the Entitlement Offer and Placement will be made at or around the same time. This is effectively a timing waiver that will permit the Company to draw down on its future issuing capacity under Listing Rule 7.1 that will be created by the fully underwritten Entitlement Offer once it has been completed.

Decision	<p>1. Subject to resolution 2, and based solely on the information provided, ASX Limited ("ASX") grants Garda Diversified Property Fund (the "Fund") a waiver from Listing Rule 7.1 in connection with the proposed internalisation of the responsible entity of the Fund, Garda Capital Limited, whereby each unit in the Fund will be stapled to a share in Garda Holdings Limited (the "Company") (forming "Stapled Securities") in a stapled entity to be known as Garda Property Group ("GDF Group"), following which GDF Group will acquire GCL and Garda Capital Trust ("GCT") (together, "Garda Capital Group") by way of scheme of arrangement under Part 5.1 of the Corporations Act 2001 (Cth) and trust scheme (the "Internalisation Proposal), to the extent necessary to permit the issue of new units in the Fund pursuant to the trust scheme, without unitholder approval subject to the following conditions:</p> <p>1.1 the Fund's unitholders provide all necessary approvals required to implement the Internalisation Proposal.</p> <p>1.2 details of the Internalisation Proposal including the proposed issue of securities are fully disclosed in the notices of meeting and accompanying documents sent to the Fund's securityholders.</p> <p>2. Resolution 1 is conditional on the following.</p> <p>2.1 Unitholders of the Fund approving the Internalisation Proposal (which will have the effect of implementing the Internalisation Proposal).</p> <p>2.2 Provision of written advice from the Fund that resolution 2.1 has been complied with.</p>
Basis For Decision	<p>Underlying Policy Listing Rule 7.1 protects a listed entity's security holders against dilution of their voting and economic interests in the listed entity by imposing a limit on the number of equity securities that may be issued by the entity without prior security holder approval. The actual number of equity securities that a listed entity may issue without prior ordinary security holder approval is calculated by reference to a formula in Listing Rule 7.1 and is approximately 15% of the number of fully paid ordinary securities. (The formula is more complex than this description indicates, and is set out in full in Listing Rule 7.1). A number of exceptions from the requirement to limit the number of equity securities that may be issued without prior ordinary security holder approval are permitted under Listing Rule 7.2, including an issue of securities under a merger by way of a scheme of arrangement under Part 5.1 of the Corporations Act.</p>

Listing Rule 7.2 exception 5 permits an issue of securities under a merger by way of a scheme of arrangement under Part 5.1 of the Corporations Act without unitholder approval of the entity issuing the securities. Listing Rule 7.2 exception 5 does not extend to "trust schemes", however a trust scheme which is undertaken having regard to Takeovers Panel Guidance Note 15 includes substantially the same disclosure, voting restrictions, defeating conditions, an independent expert's report and adequate attention paid to differential treatment as a Part 5.1 scheme of arrangement. The target, Garda Capital Group, will seek unitholder approval in relation to the Trust Scheme, which further adds to the similarity between the Trust Scheme and a Part 5.1 Corporations Act scheme of arrangement. In these circumstances it is considered the policy of Listing Rule 7.2 exception 5 is not offended.

Decision	<p>1. Based solely on the information provided, ASX Limited ('ASX') grants Corum Group Limited (the 'Company') a waiver from Listing Rule 7.3.2, in connection with the Subscription Agreement with BMM Group Administration Pty Ltd ('BMM'), and the issue of 31,821,068 fully paid ordinary shares ('Tranche 1 Consideration Shares') and 31,821,070 fully paid ordinary shares ('Tranche 2 Consideration Shares') (together, the 'Consideration Shares'), to the extent necessary to permit the Company to not issue the Consideration Shares within 3 months of the shareholders' meeting, on the following conditions:</p> <p>1.1 The Tranche 1 Consideration Shares are issued no later than 30 June 2020;</p> <p>1.2 The Tranche 2 Consideration Shares are issued no later than 31 January 2021;</p> <p>1.3 For any half year or quarterly report for a period during which any of the Consideration Shares have been issued or remain to be issued, the Company must include a summary statement of the number of Consideration Shares during the reporting period; and the number of Consideration Shares remain to be issued.</p> <p>1.4 The Company immediately makes an announcement satisfactory to ASX providing additional information about the milestones which need to be satisfied for the first Wave and second Wave (as defined in the Development Agreement between the Company and BMM) prior to the issue of the Consideration Shares.</p> <p>1.5 At the shareholders' meeting to consider approving the potential issue of the Consideration Shares, the Chair provides a verbal update of the information provided in 1.4 above as well as of the final issue dates for the issue of the Consideration Shares pursuant to Tranche 1 and Tranche 2, prior to the consideration of Resolution 4.</p> <p>1.6 The milestones which must be satisfied prior to the issue of the Consideration Shares are not varied.</p> <p>1.7 The Company releases the terms of this waiver to the market immediately.</p>
Basis For Decision	<p>Underlying Policy Listing Rule 7.3.2 requires a notice of meeting with a resolution to approve the issue of equity securities to state that the securities will be issued within 3 months of the date of the shareholders' meeting. Listing Rule 7.3.2 ensures that an issue of equity securities is made within a reasonably short time after the ordinary security holders approve the issue, so that there is less possibility that the circumstances of the entity may change by the time that the issue is made in such a way that they are different from those that the ordinary security holders may reasonably have had in contemplation at the time of giving their approval.</p> <p>Present Application Where a listed entity has entered into a transaction which calls for</p>

the issue of securities as deferred consideration in tranches at future times that necessarily will fall longer than 3 months after the date of a shareholders' meeting, ASX's policy is to permit entities to seek shareholder approval for the issue of all the securities that may be issued under that transaction over the various phases, provided that the milestones to be achieved which trigger the obligation to issue the securities are appropriate to the entity and the transaction in all the circumstances, and adequate information can be given to shareholders about the future issues of securities. This allows the entity and the counterparty to the agreement to have commercial certainty about the ability of the entity to issue each tranche of securities as the counterparty performs its obligations, while maintaining the principle that shareholders must give their informed consent to future issues of securities.

The Company has entered into an agreement with BAMB to develop a new software product, where the development of the product is based on two waves of milestones. The Company is proposing to issue up to 63,642,138 shares, subject to the achievement as deferred consideration. The maximum number of Consideration Shares that could be issued by the Company is fixed and, together with the maximum degree of dilution, is known and is stated in the Notice. The Notice has not explicitly detailed the milestones, however, given the conditions are generally well known for software development projects, the Company is required to make an announcement providing additional information about the milestones and at the shareholders' meeting, the Chair provides a verbal update of the information provided. It is appropriate to allow shareholders to give their informed consent to the issue of the Deferred Consideration Shares over the relevant period.

Basis For Decision	<p>Underlying Policy Listing Rule 7.1 protects a listed entity's security holders against dilution of their voting and economic interests in the listed entity by imposing a limit on the number of equity securities that may be issued by the entity without prior security holder approval. This limit is not applicable if security holders' approve the issue of the securities at a general meeting. Listing Rule 7.3 sets out the information required to be included in the notice of meeting seeking approval for the issue of the securities. In particular, Listing Rule 7.3.2 requires the date by which the entity will issue the securities and this date must be no later than 3 months after the date of the meeting, or, for court approved reorganisations of capital, no later than 3 months after the date of the court approval. This rule ensures that an issue of securities that has been approved by security holders is made within a reasonable timeframe following the approval, so that it is less likely that the circumstances in which the issue is made will have changed materially from those prevailing at the time the approval was given.</p> <p>Present Application Where a listed entity has entered into a transaction which calls for the issue of securities as deferred consideration at future times that necessarily will fall longer than 3 months after the date of a shareholders' meeting, ASX's policy is to permit entities to seek shareholder approval for the issue of all the securities that may be issued under that transaction over the various phases, provided that the milestones to be achieved which trigger the obligation to issue the securities are appropriate to the entity and the transaction in all the circumstances, and adequate information can be given to shareholders about the future issues of securities. This allows the entity and the counterparty to the agreement to have commercial certainty about the ability of the entity to issue each tranche of securities as the counterparty performs its obligations, while maintaining the principle that shareholders must give their informed consent to future issues of securities. Under the Agreement, up to 150,000,000 Deferred Consideration Shares may be issued to the Vendor in 4 tranches, subject to certain commercial milestones relating to various regulatory and reimbursement approvals in numerous jurisdictions for the distribution of AngelMed Guardian® System. The maximum number of shares to be issued is fixed; therefore, the degree of dilution is known. There is a sufficient degree of certainty about the basis for the calculation of the Deferred Consideration Shares as a maximum number is set. On that basis, shareholders are able to give their informed consent to the issue of the Deferred Consideration Shares. The extension of time requested by the Company is 18 months beyond the ordinary three month limit for Listing Rule 7.1 approvals and is within ASX precedent for similar waivers. The waiver is granted on condition that the Consideration Shares are issued no later than 18 months after the date of the General Meeting to approve the issue of the Deferred Consideration Shares and the terms of the waiver are released at the same time the notice of meeting is released to the market.</p>

The rule supplements the related party provision of the Corporations Act (or, in the case of foreign entities, the related party provisions of the law of their home jurisdiction).</p> <p>Present Application CAU has entered into a Lease Agreement with a related party entity. The aggregate lease payments over the initial term for the Lease Agreement exceeds 5% of CAU's equity interests. The material terms of the Lease Agreement are disclosed in the prospectus. The Fund is currently listed on ASX and is contemplating an Internalisation Proposal that is being conducted in order to internalise its management services. As part of the Internalisation Proposal, ordinary shares in the Company will be stapled to units in the Fund on a 1:1 basis, thereby forming a new listed stapled group. Substantial assets may be transferred between the entities comprising the GDF Group and their wholly-owned subsidiaries. The waiver is granted on the basis that whilst such transfers may trigger a change in the legal ownership of an asset, there will be no change in the economic interest of holders of GDF Group's stapled securities.

The Fund proposes to seek unitholder approval for the Schemes amongst other approvals, under Listing Rule 10.1. Some of the Garda Capital Group vendors under the Scheme are also unitholders of the Fund. Listing Rule 14.11.1 requires the inclusion of a statement excluding parties to the transaction from voting on the resolution, which would exclude vendors of Garda Capital Group that is to be acquired by the GDF Group who are also unitholders in the Fund. Whilst these vendors are a party to the Schemes, they do not stand to benefit over other unrelated securityholders. It is proposed to grant the waiver on the basis that these vendors under the Schemes will benefit from the transaction in the same manner as other securityholders. It is proposed to disregard the votes of GCL as responsible entity of the Fund and any of its associates unless the vote is cast on behalf of a person who is not GCL, or a related party or an associate of GCL, and who directs the holder of the units to vote for or against the resolution.

ASX Code	VG8

Waiver Number	WLC190411-004
Decision	<p>1. Based solely on the information provided, ASX Limited ("ASX") grants VGI Partners Asian Investments Limited ("VG8") a waiver from listing rule 15.16(c) to the extent necessary to permit VG8 to end the investment management agreement between VG8 and the investment manager of VG8, a wholly-owned subsidiary of VGI Partners Limited (the "Manager") (the "Management Agreement"), on three months' notice after shareholders of VG8 pass an ordinary resolution to end the Management Agreement subsequent to the Initial Term (a period of up to 10 years from the date of issue of the shares pursuant to the initial public offering prospectus).</p>
Basis For Decision	<p>Underlying Policy Listed Rule 15.16 sets out that management agreements for investment entities (except a pooled development fund) must provide: that the manager may only end the management agreement if it has given at least 3 months' notice; if the term of the agreement is fixed, it must not be for more than 5 years; and if the agreement is extended past 5 years, it will end on three months' notice after an ordinary resolution is passed to end it. This rule ensures that managers give adequate notice to the entity before terminating its management agreement and that a manager of an investment entity is not entrenched for a period of longer than 5 years without providing security holders of the entity with the opportunity to require the management agreement to be terminated. This gives security holders the power to end the management agreement after a reasonable fixed term, and prevents the entrenchment of managers.</p> <p>Present Application This is a companion waiver to the waiver from listing rule 15.16(b) which allows VG8 to end the Management Agreement on 3 months' notice after shareholders pass an ordinary resolution to terminate the Management Agreement subsequent to an initial term of 10 years, rather than 5 years.</p>

Decision	<p>1. Based solely on the information provided, ASX Limited ("ASX") grants VGI Partners Asian Investments Limited ("VG8") a waiver from listing rule 15.16(b) to the extent necessary to permit the investment manager of VG8, a wholly-owned subsidiary of VGI Partners Limited (the "Manager"), to continue to act as manager of VG8's portfolio in accordance with the terms of the investment management agreement between VG8 and the Manager ("Management Agreement") for a period of up to 10 years from the date of issue of the shares pursuant to the initial public offering prospectus (the "Initial Term").</p>
Basis For Decision	<p>Underlying Policy Listing Rule 15.16 sets out that management agreements for investment entities (except a pooled development fund) must provide: that the manager may only end the management agreement if it has given at least 3 months' notice; if the term of the agreement is fixed, it must not be for more than 5 years; and if the agreement is extended past 5 years, it will end on three months' notice after an ordinary resolution is passed to end it. This rule ensures that managers give adequate notice to the entity before terminating its management agreement and that a manager of an investment entity is not entrenched for a period of longer than 5 years without providing security holders of the entity with the opportunity to require the management agreement to be terminated. This gives security holders the power to end the management agreement after a reasonable fixed term, and prevents the entrenchment of managers.</p> <p>Present Application VG8 has applied for admission to the official list of ASX as investment entity. VG8 has entered into a Management Agreement with the Manager (details of which are disclosed in the prospectus issued in connection with VG8's initial public offering) which will have an initial term of 10 years and will automatically extend for successive 5 year periods if not terminated earlier. After this initial term, VG8 must end the Management Agreement on 3 months' notice after shareholders pass an ordinary resolution to terminate the Management Agreement. The Manager is not entrenched beyond the initial term of 10 years. An initial term of 10 years provides an appropriate balance between the desire of managers to protect their products for long enough to recoup their initial investment and the right of security holders to end a management agreement after a reasonable fixed term.</p>
