Register of ASX Market Rule Waivers

Rule Number	2.10 ETF
Date	3/10/2007
Participant	Participants (All)
Waiver Number	WPA070082-001
Decision	<p>The requirement in the definition of "ETF" in Market Rule 2.10 for an ETF to be a "registered managed investment scheme", i.e. a managed investment scheme that is registered under s 601 EB of the Corporations Act, is waived where the entity:</p> <ul style="list-style-type: none">a) is listed on ASX;b) has the power and approval to continuously issue and have quoted on ASX Equity Securities in the entity; andc) has the economic characteristics of a "managed investment scheme" namely:<ul style="list-style-type: none">i. investors contribute money or money's worth to acquire rights to benefits produced by the entity;ii. contributions of investors are pooled, or used in a common enterprise, to produce financial benefits or benefits consisting of rights or interests in property for investors holding an Equity Security issued by the entity; andiii. investors in the entity do not have day to day control over the operation of the entity.
Basis For Decision	<p>Underlying Policy</p> <p>Pursuant to ASX Market Rule 1.5.1 ASX intends to grant a waiver (subject to any issues raised by ASIC) to the requirement in the definition of "ETF" in Market Rule 2.10 for an ETF to be a "registered managed investment scheme" where the entity:</p> <ul style="list-style-type: none">- is listed on ASX;- has the power and approval to continuously issue and have quoted on ASX Equity Securities in the entity; and- has the economic characteristics of a "managed investment scheme" namely:<ul style="list-style-type: none">- investors contribute money or money's worth to acquire rights to benefits produced by the entity;- contributions of investors are pooled, or used in a common enterprise, to produce financial benefits or benefits consisting of rights or interests in property for investors holding an Equity Security issued by the entity; and- investors in the entity do not have day to day control over the operation of the entity. <p>The definition of ETF is relevant to obligations imposed on Trading Participants through the operation of Section 19 of the Market Rules. It is consistent with the policy underlying the definition of ETF and Section 19 that the same obligations apply to Trading Participants in relation to ETFs constituted in Australia as registered managed investment schemes, "domestic ETFs", and ETFs which have similar economic characteristics but which are not "registered managed investment schemes" because they were established in a foreign jurisdiction, "foreign ETFs". When these provisions were inserted in the Market Rules only domestic ETFs had sought listing and quotation on ASX. As indicated above, ASX may designate an Equity Security issued by an ETF as an Approved Short Sale ETF</p>

ASX Limited ABN 98 008 624 691 and its related bodies corporate reserve all rights in the material incorporated in this publication. No part of this publication may be photocopied, reproduced, transcribed into or stored in a retrieval system or any other form of electronic medium, nor may it be transmitted in any form or by any means whether electronic, mechanical or otherwise without the prior written approval of the General Manager, Market Information, ASX Limited. Register of ASX Market Rule Waivers

pursuant to Market Rule 19.7.2.

The following provisions in the Market Rules also refer to "ETF":

Market Rule 16.1.2(f);
Market Rule 16.5 and Procedures 16.5.2 and 16.12.3 (under the heading Reporting of ETF Special Trades - Condition Code "ET"); Schedule 6 to the Market Rules.

ASX has considered the impact of the waiver on these provisions and is satisfied that it is also consistent with the policy underlying these provisions to treat foreign ETFs in the same way as domestic ETFs.

ASX is aware that there is growing demand for access to opportunities for Australian exposure to foreign assets. Mechanisms for satisfying this demand are now under consideration by government and its industry advisers. The demand may be satisfied by way of direct investor investment through an overseas exchange or it may be satisfied by the listing and trading on ASX of foreign companies, entities or funds in the style of managed investment schemes or ETFs.

There is also growing demand for the use of ETFs as an investment vehicle which is now being reflected in both market demand and public policy considerations

Present Application

iShares Inc and iShares Trust have applied to ASX to consider waiving the ASX Market Rules to allow foreign ETFs to trade on the ASX. To allow for the iShares Quoted Securities to be designated as Approved Short Sale ETFs and accordingly for certain obligations imposed on Trading Participants in Section 19 of the Market Rules (Short Selling - Cash Market Products) to be obligations in relation to Approved Short Sale ETFs, rather than obligations in relation to Approved Short Sale Products, ASX has granted a waiver under ASX Market Rule 1.5.1. Specifically, the waiver enables entities other than Australian registered managed investment schemes, including iShares, Inc and iShares Trust, to be "ETFs" and the iShares Quoted Securities to be "ETF Securities" under ASX Market Rule 2.10.

Register of ASX Market Rule Waivers

Rule Number	3.7.1
Date	21/09/2007
Participant	CLSA Singapore Pte Limited
Waiver Number	WPA070083-001
Decision	<p>Based solely on the information provided, ASX Limited ("ASX") grants CLSA Singapore Pte Ltd ("the Company"), a waiver from the following Market Rule subject to the following conditions ("Conditions"):-</p> <ol style="list-style-type: none">1. Market Rule 3.7.1 on the condition that:<ol style="list-style-type: none">i. the Company continues to be eligible for relief under the ASIC Instrument at all times and complies with the conditions of the ASIC Instrument;ii. the Company must at all times comply with the Market Rules, including those Market Rules that require compliance with provisions in the Corporations Act 2001 (Cth) that apply to an Australian Financial Services Licensee ("AFSL Holder") (other than Market Rules waived by ASX) notwithstanding that the Company is exempt under section 911A(2)(l) of the Corporations Act 2001 (Cth) from the requirement to hold an Australian Financial Services Licence ("AFSL"), subject to any waiver of a Market Rule granted by ASX;iii. the Company must not provide a financial service or a financial product in Australia to a "Retail Client" (within the meaning of Chapter 7 of the Corporations Act 2001 (Cth)); andiv. the Company must provide ASX with a copy of any notification provided to ASIC under the ASIC Instrument at the same time as any such notification is provided to ASIC.
Basis For Decision	<p>Underlying Policy</p> <p>ASX Market Rule 3.7.1 states that an applicant must hold an AFSL which authorises the applicant to carry on its business as a Market Participant. This requirement does not apply to an applicant seeking admission as a Market Participant who will only be a Principal Trader, unless the applicant proposes to be registered as a Market Maker under Rule 23.1.</p> <p>Applications to become either a market participant or an ASTC participant have raised queries as to whether ASX is prepared to admit as a participant an entity which:</p> <ul style="list-style-type: none">* does not have an AFSL;* is not required by the law to have an AFSL; but* is nevertheless required by ASX rules to have an AFSL. <p>ASX will consider waiving the requirement to hold an AFSL where:</p> <ul style="list-style-type: none">* the applicant provides satisfactory evidence that the law does not require the applicant to hold an AFSL; and* the basis for the law not requiring the participant to hold an AFSL is consistent with ASX not needing to impose as a condition of the admission as a participant, an obligation on the participant to comply with specified provisions of the Corporations Act as if they
