What's On Offer

Opportunity for a skilled problem solver and team player in one of the world's leading financial markets.

What you'll do:

- Work with Business Development, Risk, Operations, Technology and Compliance teams to drive results, including participation in cross-functional project teams
- Provide high quality legal advice concerning business and regulatory matters, including:
 - Financial products and services
 - Markets and clearing and settlement facilities
 - Technology and data
 - New business initiatives
- Draft, review and negotiate contracts in areas including financial services and technology
- Draft and amend rules governing the operation of the market and clearing and settlement facilities
- Deal with regulators including ASIC, RBA and Treasury
- Participate in and support ASX engagement in regulatory processes and reporting and policy development

What you've done:

- 3-6 years training in a leading law firm and/or succeeded in an in-house legal role
- Built specialist expertise in one or more of these areas:
 - Financial products, services and regulation
 - Technology and data
 - Corporate M&A
 - Banking and finance
- Strong academic and professional qualifications

And if you've got some of this, even better:

- Worked in an international law firm or investment bank, Australian or international regulatory agency
- Experience in a highly regulated industry and dealing with regulators in Australia or overseas
- Experience in practice areas such as competition law, company secretariat, anti-money laundering or privacy

What you need to enjoy and be good at for this role:

- Keen interest in financial markets: how they work and are regulated
- Challenging work and involvement in business initiatives
- Attention to detail and excellent communication and writing skills
- Determination and an ability to drive results
- Sense of humour and humility
- Sound judgement: ability to manage matters independently but escalate when appropriate
- A "team player" attitude: prepared to pitch in to help others and share your knowledge and experience
- Enthusiastic approach to learning about new areas
